(g) Filed with the mining recorder an affidavit of the holder of the claim, or his duly authorized agent, in the form 'H' in the schedule of these regulations;

(h) At the expiration of the term of the said publication, provided no action shall have been commenced and notice thereof filed with the mining recorder, he shall forward to the owner or agent the certificate of improvements issued, and to the department a copy thereof, together with the several documents referred to above, and a certificate in the form 'I' of the schedule to these regulations showing that the notice provided by subsection (d) of this section, or by section 80 of these regulations, has been posted in his office, and the plan deposited for reference therein from the date of the first appearance of the said notice in the nearest local newspaper and continuously therefrom for a period of at least sixty days, and containing the full Christian and surname of the recorded owner, or of each of the recorded owners, as well as the occupation and respective interest.

(i) A certificate of improvements shall not be issued until a report has been furnished by an officer of the department, or some person satisfactory to the mining recorder, to the effect that upon inspection he was satisfied that the required expenditure in developing a mine had been actually incurred, and that a vein or lode had been found within the limits of the claim. Delay in having an inspection made after the recorded owner of a mineral claim has fully complied with the above requirements shall not render it necessary for such owner to perform further representation work, or make payment in lieu, because of such delay.

66. In case a claim is situated in a remote part of the country, very difficult of access, where other claims have not been recorded, and where other persons are not engaged in prospecting, and where no newspaper is published within a distance of one hundred miles, the Minister may, in his discretion, waive posting of notice on the claim and publication of the same in a newspaper as provided in subsections (d) and (e) of section 65 of these regulations.

67. A certificate of improvements when issued as aforesaid shall not be impeached in any court on any ground except that of fraud.

68. After the issue and recording of such certificate of improvements, and while such certificate shall be in force but a lease not yet issued, it shall not be necessary to do any work on such claim.

69. The holder of a mineral claim for which a certificate of improvements has been granted and recorded shall be entitled to a lease of such claim upon payment being made within three months of the rental and fee prescribed by section 99 of these regulations.

ADVERSE RIGHT.

70. In case any person shall claim an adverse right of any kind, either to possession of the mineral claim referred to in the application for certificate of improvements, or any part thereof, or to the minerals contained therein, he shall, within sixty days after the first publication in the nearest local newspaper of the notice referred to in subsection (e) of section 65 or in section 80 of these regulations (but not later, unless such time shall be extended by special order of the court upon cause being shown) commence legal action to determine the question of the right of possession or otherwise enforce his said claim, and shall file a copy of the writ, information, bill of complaint, or other initiatory proceeding in said action with the mining recorder of the district or mining division in which the said claim is situated within twenty days from the commencement of said action, and shall prosecute the said action with reasonable diligence to final judgment, and a failure to so commence or so to prosecute shall be deemed to be a waiver of the plaintiff's claim. After final judgment shall have been rendered in the said action the person, or any one of the persons entitled to possession of the claim or any part thereof, may file a certified copy of the same in the office of the mining recorder. After the filing of the said judgment, and upon compliance with all the requirements of section 65 of these regulations, such person or persons shall be entitled to the issue to him or to them of a certificate of improvements in respect of the claim or the portion thereof which he or they shall appear from the decision of the court rightly to possess: Provided that this section shall not apply to any adverse claim or action to enforce the same commenced prior to the date of these regulations coming into force, but the same shall be continued in the same manner as if these regulations had not been passed.

71. If an adverse claim shall affect only a portion of the ground for which application is made for a certificate of improvements, the applicant may relinquish the portion covered by the adverse claim, and still be entitled to a certificate of improvements for the undisputed remainder of his claim, upon complying with the requirements of these regulations. When judgment in such case is rendered by the court a memorandum of such judgment shall be entered in the 'record book' by the mining recorder; and if by any judgment the original boundaries of any claim shall be changed, a plan made by a Dominion land surveyor, and signed by the judge by whom the judgment has been given, shall be filed with the mining recorder, who shall forward it to the Department of the Interior.

ADDRESS FOR SERVICE.

72. Every application for a mineral claim, and every other application, and every transfer or assignment of a mineral claim, or of an interest therein, acquired under the provisions of these regulations, shall contain, or shall have endorsed thereon, the place of residence and the post office address of the applicant, transferee or assignee, and his occupation; and no application, transfer or assignment shall be accepted or recorded unless it conforms with this provision.

WHAT ENTRY OR LEASE CONVEYS.

73. The holder of a mineral claim, by entry or by lease, located on vacant Dominion lands shall be entitled to all minerals within the meaning of these regulations found in veins, lodes or rock in place, and whether such minerals are found separately or in combination with each other in, upon or under the lands included in such entry or lease; together with the right to enter upon and use and occupy the surface of the claim, or some portion thereof and to such extent as the Minister may consider necessary, for the efficient and miner-like operation of the mines and minerals contained in the claim, but for no other purpose; including the right to cut free of dues such of the timber on the claim or such portion thereof as may be necessary for the working of the same, but not for sale or traffic, except where such timber has been granted or disposed of prior to the date of entry. The timber agent, however, may permit any person to cut and remove from the claim timber for his own use for mining purposes, when such timber cannot otherwise be had within a reasonable distance, but no such permit shall convey the right to cut or remove timber required by the holder of the claim for his mining operations actually in progress.

74. In the Yukon Territory the timber on a mineral claim shall, subject to the rights existing at the time of the application therefor, be reserved until the mining recorder certifies that the same is required for use in connection with mining operations actually in progress on such mineral claim, when the right to use such timber, or any portion thereof, free of dues, may be given the holder of such mineral claim by the Crown timber and land agent with the approval of the commissioner of the territory. The commissioner, however, may authorize the timber agent to issue a permit to any person to cut and remove from such mineral claim timber required by him for his own use in mining operations when such timber cannot otherwise be obtained within a reasonable distance of the place of his mining operations.

75. A lease of a mineral claim located on lands the surface rights of which have been disposed of but the right whereon to enter, prospect and mine for minerals has been reserved to the Crown, shall convey to the lessee the minerals within the meaning of these regulations found in veins or lodes, or rock in place, and whether such minerals are found separately or in combination with each other, which may be in, upon, or under the land described in the lease, but shall convey no right of entry upon such surface.

76. Where the mineral claim is located on land lawfully occupied under a timber license the lease shall convey the minerals within the meaning of these regulations found in veins or lodes, or rock in place, subject to the provisions of section 14 of these regulations, but shall reserve the timber.

77. A lease of a mineral claim located on lands the surface rights of which have been disposed of, but the right whereon to enter and mine gold and silver has been reserved to the Crown, shall convey to the lessee the right to the gold and silver found in veins or lodes, or rock in place, which may be in, upon, or under the land described in the lease, but shall convey no right of entry upon the surface.

78. A lease of a mineral claim issued under the provisions of these regulations shall reserve to the Crown such right or rights of way and of entry as may be required under any regulations in that behalf now or hereafter in force in connection with the construction, maintenance and use of works for the conveyance of water for mining operations.

SURVEYS.

79. The recorded owner of a mineral claim shall have a survey thereof made at his own expense by a duly qualified Dominion land surveyor under instructions from the Surveyor General within one year from the date upon which notification by the proper officer of the Department of the Interior to do so may be sent to him. Such notification, however, shall not be given until the expiration of at least one year from the date upon which the claim was recorded. If the survey is not made, and if the returns of such survey are not received and approved by the Surveyor General within one year from the date of notification, the entry granted for the mineral claim shall be subject to immediate cancellation in the discretion of the Minister. The owner of a claim may, however, have such survey made at any time after obtaining record without any notification having been sent to him to do so.

80. The cost of the survey of a mineral claim, made in accordance with the provisions of sub-clause (c) of section 65 of these regulations, may be accepted in lieu of representation work on the claim for the year in which the survey is made; and the survey so made shall be accepted as definitely establishing the boundaries of the claim, provided that notice in the form 'J' in the schedule of these regulations of such survey is immediately inserted, for a period of not less than sixty days, in a newspaper published in or circulating in the district in which the claim is situated, such paper to be approved by the mining recorder, and provided further that the owner of the claim prior to the first appearance of this advertisement shall cause to be posted in a conspicuous spot on the claim, and in the office of the mining recorder for the district, a notice in the same form of his intention to advertise the survey of the claim, and also a copy of the plan of the survey prepared and certified correct, under oath, by a Dominion land surveyor. The survey shall be accepted as defining absolutely the boundaries of the claim surveyed, provided it remains unprotested during the period of publication, and provided it has been duly approved by the Surveyor General. If, however, within the time specified the survey is protested the protest shall be heard and decided upon by procedure similar to that provided for in section 70 of these regulations.

81. The surveyor shall accurately define and mark the boundaries of such claim on the ground in full compliance with the instructions issued to him, and shall, on completion of survey forward to the Surveyor General at Ottawa the original field notes and plan signed and certified as accurate under oath. After a certificate of improvements has issued in respect of any claim so surveyed, *prima facie* evidence of its location upon the ground may be given by any person who has seen and who can describe the position of such posts purporting to be marked as aforesaid.

82. In case either post No. 1 or post No. 2 of a mineral claim be on the boundary line of a previously located claim, which boundary line is not at right angles to said location line, the Dominion land surveyor when making the survey may include the fraction so created within the claim which is being surveyed: Provided always that such fraction is available and open to disposal and that the claim including the fraction does not exceed in area 61.65 acres.

83. A Dominion land surveyor when surveying a fractional mineral claim may survey such claim so that it shall contain as nearly as possible all the unoccupied ground lying between the previously located mineral claim as described in the affidavit and sketch furnished by the locator when the claim was recorded, provided that no side of a fractional claim so surveyed shall exceed 1,500 feet in length, and provided also that the area of the claim as surveyed shall be less than 61.65 acres.

84. The surveyor shall, in the discretion of the Surveyor General, connect the survey of the claim with some known point in a previous survey, or with some other known point or boundary, so that the position of the claim may be definitely fixed on the plans of the Department.

85. It shall be the duty of the surveyor, before proceeding with the survey, to examine the application made for the claim and the plan which accompanied such application, and before completing the survey to ascertain by careful examination of the ground, or by all other reasonable means in his power, whether or not any other subsisting claim conflicts with the claim he is surveying, and he shall furnish with his returns of survey a certificate, duly signed by him, in the following form:—

I hereby certify that I have carefully examined the ground included in
 mineral claim surveyed by me, and have otherwise made all reasonable investigations in my power to ascertain if there was an other subsisting claim conflicting therewith, and I certify that I have found no trace or indication and have no knowledge or information of any such claim except as follows: (if none so state, if any give particulars.)

86. Should the survey of a claim be made and advertised in the manner specified herein before the recorded owner of the claim has sufficiently complied with the regulations to admit of his applying for a certificate of improvements, then the posting and publication of notice of the survey of the claim in the manner indicated shall be accepted as satisfaction of the posting and advertising requirements of section 65 of these regulations, but before a certificate of improvements shall be issued in connection with such a claim all the other requirements of section 65 shall be fully complied with.

TRANSFER OF A MINERAL CLAIM.

87. No transfer of an entry for any mineral claim, or of any interest therein, shall be effectual unless the same is in writing and accompanied by the record of entry (form 'B'), signed by the transferrer, or by his agent authorized in writing, and recorded by the mining recorder; and, if signed by an agent, the authority of such agent shall be recorded before the record of such transfer. The assignment shall be in duplicate, signed and sealed by the assignor in the presence of a witness, who shall furnish proof of execution by affidavit, and when recorded the mining recorder shall return to the assignee one copy thereof with a certificate endorsed thereon that it has been recorded in his office, and retain the other copy.

88. If the record of entry (form 'B') has been lost or destroyed, the mining recorder may, upon receipt of evidence to his satisfaction, supported by the affidavit of the recorded owner or owners, or one of them, if possible, that such is the case, and upon receipt of a fee of \$5 issue a "substitutional" record of entry which shall be so marked, and which shall be as far as practicable a copy of the record of entry (form 'B') originally issued for such claim, which substitutional record shall be endorsed in the manner above prescribed.

89. Every conveyance, bill of sale, mortgage or other document of title relating to any mineral claim for which entry has been granted under the provisions of these regulations shall be recorded with the mining recorder: Provided always, that the failure to so record any such document shall not invalidate the same as between the parties thereto, but such documents as to third parties shall take effect from the date of record, and not from the date of such document.

90. After a lease of a mineral claim has been issued, an assignment of the whole or an undivided interest in such claim shall be filed with the Minister, accompanied by a fee of \$2 and by the lessee's copy of the lease, but no such assignment shall be accepted or registered unless it is unconditional and its execution proved to the satisfaction of the Minister, and unless the regulations in respect of such claim have been fully complied with.

91. If the holder of a mineral claim, after applying for a certificate of improvements shall sell and transfer such claim, upon satisfactory proof of such sale and transfer being made to the mining recorder, the new holder of the claim shall be entitled to a certificate of improvements in his own name.

92. If a transfer shall be made to any person or company after a certificate of improvements shall have been issued, but before a lease has been prepared, upon proper proof of such transfer being made to the satisfaction of the Minister, and upon receipt of a new certificate in the form 'I' of these regulations, the lease may issue to the new holder of the claim.

93. The issue of a lease shall not invalidate any lien which may have been attached to any mineral claim previous to the issuance of such a lease.

ROYALTY.

94. The lease of a mineral claim shall reserve to the Crown such royalty on the sales of the products of the location described in such lease as may from time to time be fixed by Order of the Governor in Council, the royalty to be collected in such manner as may be prescribed by the Minister. The same royalty may be collected on the sales which may be made prior to the issue of a lease.

95. No royalty or export tax shall be charged on gold extracted from a mineral claim in the Yukon Territory, as defined by these regulations, for a period of ten years from the 16th day of May, 1911.

96. No royalty shall be charged on the products of locations granted under the provisions of these or any previous regulations for the mining of iron for a period of twenty years from the 1st day of January, 1908, that is, up to the 1st day of January, 1928, and no reservation shall be made in the leases issued for such locations of a royalty on the sales of the products thereof during that period, that is, up to the 1st day of January, 1928. Provision, however, shall be made in the lease that at the termination of the above period of twenty years, the location described therein shall be subject to whatever regulations in respect of royalty may be made.

97. No royalty shall be charged on the products of copper mining locations up to the 1st day of January, 1921, and no reservation shall be made in the leases issued for such locations of a royalty on the sales of the products thereof during that period. Provision, however, shall be made in such leases that on and after the 1st day of January, 1921, the locations described therein shall be subject to whatever regulations may be made in respect of royalty.

TERM OF LEASE AND RENTAL.

98. The lease shall be for a term of twenty-one years, renewable for a further term of twenty-one years, provided the lessee furnishes evidence to the satisfaction of the Minister that during the term of the lease he has complied in every respect with the conditions of such lease and with the provisions of the regulations, and subject to renewal for additional periods of twenty-one years on such terms and conditions as may be prescribed by the Governor in Council.

99. The rental of a whole or fractional mineral claim granted under a lease shall be \$50, payable in advance within three months after the date upon which a certificate of improvements in connection with the claim may be issued, and no further rental shall become due or payable in connection with such claim until the termination of the above period of twenty-one years. For a renewal of the lease the lessee shall pay in advance the sum of \$200 to cover the rental for a further period of twenty-one years. For the rental of a claim of excessive size, as specified in section 18 of these regulations, the rental shall be \$150 for the first period of twenty-one years, and a rental of \$500 for a renewal period of like duration. The fee for the issue of a lease of a mineral claim shall be \$5.

100. In case payment of the rental and fee for the first term of twenty-one years is not made within the prescribed period of three months from the date of the certificate of improvements, or in case payment is not made of the rental for the renewal term within three months from the date upon which it becomes due, then all right to the claim or to a lease thereof, or to a renewal of such lease, shall absolutely lapse without any declaration of cancellation or forfeiture on the part of the Crown, and such rights shall immediately be and become re-invested in the Crown.

101. The lessee shall not assign, transfer or sublet the rights described in his lease, or any interest therein, without the consent in writing of the Minister being first had and obtained.

102. The lease shall be in such form as may be determined by the Minister, in accordance with the provisions of these regulations.

TREATMENT OF ORES IN CANADA.

103. All grants and leases issued under the provisions of these regulations shall be subject to the provision that all ores or minerals mined from locations described in such grants or leases shall be treated and refined within the Dominion of Canada so as to yield refined metal or other product, suitable for direct use in the arts without further treatment; in default whereof the grant or lease issued for such lands shall

be and become null and void, and the said lands shall forthwith revert to and become re-vested in the Crown freed and discharged of any interest or claim of any other person or persons whomsoever, and shall be open to disposal in such manner as the Minister may decide.

ARBITRATION.

104. In case the surface rights of a mineral claim are covered by a timber license, or by a petroleum, grazing or coal mining lease, or any other form of a terminable grant the lease shall not authorize entry thereon, without the permission of the Minister being first had and obtained, and such permission shall be given subject to such conditions for the protection of the rights of such lessee or licensee as it may be considered necessary to impose.

105. In case the surface rights of a mineral claim have been patented, or have been disposed of by the Crown under any Act or regulation which contemplates the earning of patent for such surface rights, and the lessee of the mineral claim cannot make an arrangement with the owner of such surface rights, or with his agent, or the occupant thereof, for entry upon the location, or for the acquisition of such interest in the surface rights as may be necessary for the efficient and economical operation of the rights acquired under his lease, he may (provided the mineral rights in the land affected with access thereto and the right to use and occupy such portion of the land as may be necessary for the effectual working of the minerals therein have been reserved to the Crown in the original grant of the surface rights) apply to the Minister for permission to submit the matter in dispute to arbitration. Upon receiving such permission in writing, it shall be lawful for the lessee to give notice to the owner, or his agent, or the occupant, to appoint an arbitrator, within a period of sixty days from the date of such notice, to act with another arbitrator named by the lessee, in order to determine what portion of the surface rights the lessee may reasonably acquire.

(a) For the efficient and economical operation of the rights and privileges granted him under his lease;

(b) The exact position thereof; and

(c) The amount of compensation to which the owner or occupant shall be entitled.

106. The notice mentioned in this section shall be according to a form to be obtained upon application to the mining recorder for the district in which the land in question is situated, and shall, when practicable, be personally served on the owner of such land, or his agent, if known, or the occupant thereof, and after reasonable efforts have been made to effect personal service without success, then such notice shall be served by leaving it at or sending it by registered mail to the last known place of abode or address of the owner, agent or occupant, and by posting a copy of the same in the office of the mining recorder for the district in which the land in question is situate. Such notice shall be ten days if the owner or his agent resides in the district in which the land is situate, if out of the district and if in the province or territory, twenty days, and if out of the province or territory, thirty days, before the expiration of the time limited in such notice. If the owner, or his agent, or the occupant of the land refuses or declines to appoint an arbitrator, or when, for any reason, no arbitrator is so appointed in the time limited therefor in the notice provided for by this section, the mining recorder for the district in which the land in question is situate shall forthwith, on being satisfied by affidavit that such notice has come to the knowledge of such owner, agent or occupant, or that such owner, agent or occupant, wilfully evades the service of such notice, or cannot be found, and that reasonable efforts have been made to effect such service, and that the notice was left at the last place of abode or known address of such owner, agent or occupant as above provided, appoint an arbitrator on his behalf.

107. In case two arbitrators cannot agree upon the award to be made, they may, within a period of ten days from the date of the appointment of the second arbitrator select a third arbitrator, and when two such arbitrators cannot agree upon a third arbitrator, the mining recorder for the district in which the land in question is situate shall forthwith select such third arbitrator.

108. All the arbitrators appointed under the authority of these regulations shall be sworn before a justice of the peace to the impartial discharge of the duties assigned to them, and after due consideration of the rights of the owner and the needs of the lessee, they shall decide as to the particular portion of the surface rights which the latter may reasonably acquire for the efficient and economical operation of the rights and privileges granted him under his lease, the area thereof, and the amount of compensation therefor to which the owner or occupant shall be entitled.

109. In making such valuation the arbitrators shall determine the value of the land irrespective of any enhancement thereof from the existence of minerals thereunder.

110. The award of any two such arbitrators made in writing shall be final, and shall be filed with the mining recorder for the district in which the land is situate

within twenty days from the date of the appointment of the last arbitrator. Upon the order of the Minister the award of the arbitrators shall immediately be carried into effect.

111. The arbitrators shall be entitled to be paid a per diem allowance of \$5 together with their necessary travelling and living expenses, while engaged in the arbitration, and the costs of such arbitration shall be in the discretion of the arbitrators.

ADMINISTRATION OF THE ESTATES OF DECEASED OR INSANE MINERS.

112. If the owner of a claim for which a lease has not yet been issued, or if the owner of an interest in such a claim dies, or is adjudged to be insane, the provisions of these regulations as to forfeiture for non-performance of work or payment of fees shall not apply except as hereinafter provided, in the first case, either during his last illness or after his decease, and in the second case, either after he has been so adjudged insane, or, if it appears that the neglect or omission on account or by reason of which such claim would otherwise have been deemed to be forfeited was attributable to his insanity, then during such period prior to his having been adjudged insane as he may have been shown to have been insane.

113. The Minister, or in the case of the Yukon Territory, the commissioner, may limit the period during which all or any interest in any mineral claim, the property of such deceased or insane person, shall be exempt from the provisions of the regulations, which require annual performance of work and payment of fees, and may fix the date upon which the same shall again become subject to all the provisions of these regulations.

114. At the termination of the period fixed the claim shall become subject to all the provisions of these regulations, and if such regulations are not complied with the title thereto shall be absolutely forfeited in the event of the estate of such deceased person being the sole owner of the claim, and the same shall forthwith be open for re-location without any declaration or cancellation of forfeiture on the part of the Crown. In the event, however, of such an estate being a co-owner the interest of the estate shall thereupon *ipso facto* become vested in the other co-owners who have complied with the regulations, in proportion to their respective interests.

115. The Minister, or in the case of the Yukon Territory, the commissioner, may, by order from time to time extend the period of such exemption as the necessity of the case may in his opinion demand, provided that in the case of deceased persons the period during which such exemption shall apply shall not extend beyond three years from the date of the death of the deceased.

116. If there is no other legal representative of the estate of any such deceased or insane person the Minister, or in the case of the Yukon territory, the commissioner, may cause the public administrator, or such responsible officer as he may name, to take possession of such property and administer the same subject to the provisions of any ordinance in force respecting the administration of the estates of deceased or insane persons in the province or territory in which the property lies.

117. No exemption of the interest of a deceased or insane owner in any claim shall apply to or exempt any co-owner's interest from the provisions of these regulations, as to the annual performance of work and payment of fees, and the rights of such co-owners shall be entitled to protection provided they do or cause to be done the prescribed representation work and pay the prescribed fees necessary in connection with those interests not exempted from performance of work and payment of fees.

118. Where the estate of a deceased or insane person owns an interest in a claim, and the co-owners who are required to perform work and pay fees have, during the period of such exemption, failed to perform the work required to be done thereon, the interest of such co-owners may, upon such failure being proved to the satisfaction of the mining recorder, after notice of hearing has been served upon all persons interested in the manner prescribed by him, be vested by order of the mining recorder in such estate.

119. Any person receiving from the public administrator or other legal representative of the estate of a deceased or insane person an assignment of a claim that has been exempted from the provisions of the regulations as to performance of work and payment of fees, because of the death or insanity of the owner thereof, shall record such assignment within two months from the date thereof, and after the assignment has been recorded the claim shall again become subject to all the provisions of these regulations. If the assignment is not so recorded the provisions exempting such claim shall cease to apply and the claim shall, at the expiration of the said two months, become absolutely forfeited and shall be open to re-location and entry.

120. Any person receiving from the public administrator, or other legal representative of the estate of a deceased or insane person, an assignment of an interest

in a claim which has been exempted from the provisions of these regulations as to performance of work and payment of fees, because of the death or insanity of the owner thereof, and on which the other co-owner or co-owners are required to perform work and pay fees, shall, within two months from the date of such assignment, record the same and comply with the provisions of the regulations in respect of representation from the day of the recording of such transfer. If the assignment is not so recorded, and if the regulations are not otherwise complied with, the interest in question shall thereupon *ipso facto* become vested in the other co-owner or co-owners in proportion to their respective interests. If the co-owners who are required to perform work and pay fees have failed to do so, the interest of such co-owner or co-owners may, upon such failure being proved to the satisfaction of the mining recorder after notice of hearing has been served upon all persons interested, become vested in the co-owner who has acquired the interest of the estate in such claim, and who may have complied with the provisions of these regulations.

MILL-SITES.

121. The Minister may, in his discretion, grant to the lessee of a mineral claim a lease of a tract of available, unoccupied and unreserved Crown land, not known to contain mineral of commercial value and not exceeding five acres in area, as a mill-site. Lands valuable for water-power purposes shall not be open to lease for this purpose except by authority of the Governor in Council.

122. The mill-site shall be marked on the ground and surveyed in the same manner as a mineral claim, and shall be as nearly as possible in the form of a square, the boundaries being due north and south and due east and west lines. The term of the lease shall be concurrent with the lease of the mineral claim in connection with which the mill-site is applied for, or for such period as the Minister may decide, and the rental shall be at the rate of \$1 an acre per annum, payable yearly in advance from the date of application.

123. In case the mill-site is not utilized as such to the satisfaction of the Minister, within three years from the date of the lease, such lease shall be subject to cancellation in the discretion of the Minister.

TUNNELS AND DRAINS.

124. Any holder of a mineral claim by entry or by lease may, in the discretion of the mining recorder, obtain permission to run a drain or tunnel for drainage or any other purpose connected with the development or working of such claim or mine through any occupied or unoccupied lands, whether mineral or otherwise, upon security being first deposited or given to such mining recorder to his satisfaction for any damage that may be done thereby, and upon such other terms as he shall think expedient.

WATER RIGHTS.

125. The holder of a mineral claim or of any mill-site may obtain a grant to a water right of any appropriated water for any mining or milling purposes, under and in accordance with the provisions of the Irrigation Act, if the right sought to be acquired is within the provinces or territories to which such Act applies. In the Yukon Territory water rights shall be acquired under the provisions of the Yukon Placer Mining Act, or under the provisions of the regulations for the disposal of water for power purposes, according to the purpose for which the water is to be used.

MISCELLANEOUS.

126. No person mining upon any claim shall cause damage or injury to the holder of any claim other than his own by throwing earth, clay, stones or other material upon such other claim, or by causing or allowing water which may be pumped or bailed, or which may flow from his own claim to flow into or upon such other claim under the penalty of not more than \$50 and costs, and in default of the payment of the fine and costs he may be imprisoned for any period of not more than one month.

127. Nothing herein contained shall, save where such intention is expressly stated, be so construed as to affect prejudicially any mining rights and interests acquired prior to the passing of these regulations, and all mining rights and privileges heretofore and hereunder acquired shall, without the same being expressly stated, be deemed to be taken and held subject to the rights of His Majesty, his heirs and successors, and to the public rights of way and water.

128. Affidavits and declarations made under the provisions of these regulations can be made before any persons duly authorized to administer an oath or declaration.

129. The Minister, or any one deputed by him, and the mining recorder shall have the right to enter into or upon and examine any mineral claim or mine within the meaning of these regulations.

130. Nothing herein contained shall be construed to limit the right of the proper authorities in any province, district or territory containing Dominion lands, to lay out, from time to time, public roads across, through, along, or under any ditch, mill-site, water right or mineral claim.

131. Nothing herein contained shall affect any litigation pending at the time of the passage of these regulations.

132. These regulations shall apply also to lands included in Forest Reserves set apart under the provisions of the Dominion Forest Reserves and Parks Act, subject, however, to the following restrictions, but they shall not apply to lands set apart as Dominion Parks:—

If, in order to dispose of such debris, it is found necessary to burn it, the lessee of the claim shall give due notice of his intention to do so to the officer in charge of the reserve, and before he proceeds to burn such debris, shall obtain the consent of such officer, and shall comply with all the conditions imposed by such officer in regard to such burning;

(4) That the lessee shall clear and at all times keep clear of inflammable material, a space of at least one hundred (100) feet in width surrounding his works or operations;

(5) That any engine operated by the power of steam used by him in connection with his works or operations, shall be fitted with efficient spark arresters which shall at all times be kept in a good state of repair.

LONDON,
7th May, 1917.

SIR,—The Swedish Consul General at Montreal has reported to my Government that the Authorities in British Columbia and Canada have lately refused to hand over to Swedish Consuls the property left by deceased Swedish subjects within the Dominion, as it was not known to them that Swedish Consuls are entitled to receive such property.

As Your Excellency will find from the enclosed copy of Art. 61 of the Swedish Consular Ordinance, a Swedish Consul is authorized to receive any property left by Swedish subjects deceased within his district, in case there is no heir or representative of heirs or no administrator appointed by the deceased at hand.

In accordance with instructions received from my Government, I therefore have the honour to apply for your kind assistance in order that this fact may be brought to the knowledge of the proper authorities for publication in the *Canada Gazette*.

I have, etc.,

Etc., etc., etc.

ART. 61.

1. If a Swedish subject dies at a place where a Consul is stationed, or elsewhere within his district, and in case of there being no heir, or representative of heirs, or no administrator appointed by the deceased at hand, the Consul General, Consul or Vice-Consul, within whose immediate sphere of action the decease has taken place, shall, as soon as he has learnt of the same, take temporary charge of the property, if any, unless prevented by treaties, local laws, or special circumstances.

A report of the decease and of the property left shall without delay be forwarded to the Minister of Foreign Affairs.

2. Having taken charge of the estate, the Consul shall, without awaiting instructions, cause an inventory to be made and take such measures as are absolutely necessary for the proper care of the estate. No legal heir having presented himself or sent any representative or given any directions as to the management of the estate within six months from the day when the report mentioned in sec. 1 ought to have been received by the Minister of Foreign Affairs, the Consul shall try to realize the property as advantageously and quickly as possible remitting the proceeds to the Minister of Foreign Affairs.

Property left by deceased sailors may, however, be sold or sent home, according to circumstances, without awaiting communication from the heirs.

3. If prevented from taking charge of the property, the Consul shall nevertheless, as far as possible, see that the rights of absent heirs be unviolated. In this case he shall also report to the Minister of Foreign Affairs.

4. If a foreigner, of whom the Consul knows or has reason to believe that he has an heir or heirs in Sweden, dies at the place where the Consul is stationed or elsewhere within his district, the Consul shall try to obtain information about the estate and report the matter to the Minister of Foreign Affairs.

5. Measures mentioned in sec. 2 shall not be undertaken by an unpaid Vice-Consul without special instructions from his immediate superior.

ORDERS IN COUNCIL.

[1536]
AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, 5th day of June, 1917.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

THE Committee of the Privy Council have had before them a report, dated 1st June, 1917, from the Minister of the Interior stating that under the authority of an Order in Council of the 26th August, 1908, application for homestead entry by proxy is permitted in the case of a person making such entry on behalf of a father, mother, son, daughter, brother or sister, when duly authorized to do so in the form prescribed.

It has been represented that one James Grosart enlisted in the 196th Battalion and went overseas during the fall of 1916, and is now serving with the 46th Battalion in France. Mr. Grosart is an only child and the sole support of his mother, who is a widow. It has been further represented that the mother is partially paralyzed and unable to walk. She is living at the present time in Saskatoon, Saskatchewan.

The mother wishes to make proxy entry on behalf of her son, for land situated in the Humboldt district, but owing to her physical disability she is unable to visit the Land Office at the point mentioned. On this account she prays that the Rev. W. B. Cumming of Saskatoon, Sask., be authorized to make proxy entry on behalf of her son.

The Minister recommends, in view of all the circumstances, that, notwithstanding the fact that the Rev. Mr. Cumming is not one of the relatives mentioned in the Order in Council above referred to, authority be granted him to make entry by proxy on behalf of James Grosart for any vacant Dominion lands available for the purpose, without requiring the production of the form of requisition called for by the Order in Council dated the 26th August, 1908.

The Committee concur in the foregoing recommendation and submit the same for approval.

RODOLPHE BOUDREAU

51-4 Clerk of the Privy Council.

[1471]
AT THE GOVERNMENT HOUSE AT OTTAWA.

Friday, the 1st day of June, 1917.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

WHEREAS an application has been made by the Department of Indian Affairs for the setting apart for the Indians, under the terms of Treaty No. 4, of a tract of land known as Pine River Indian Reserve No. 66A, in Township 35, Ranges 19 and 20, and Township 36, Range 20, west of the Principal Meridian in the Province of Manitoba, comprising an area of fourteen and twenty-nine hundredths square miles ;

And whereas the lands applied for, which are hereinafter particularly described, are available according to the records of the Department of the Interior for the purpose aforesaid,—

Therefore His Excellency the Governor General in Council, on the recommendation of the Minister of the Interior and under and in virtue of the provisions of section 76 of The Dominion Lands Act, is pleased to order and it is hereby ordered that the said lands be withdrawn from the operation of the said Act, and set apart for the Indians ;

The said lands may be more particularly described as follows:—

[1348]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday, the 21st day of May, 1917.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

THE Committee of the Privy Council have had before them a report, dated 8th May, 1917, from the Minister of the Interior, referring to an Order in Council, dated the 7th December, 1914 (P.C. No. 1239), which among other things purported to authorize the sale of certain water-power lands on the Pinawa channel of the Winnipeg River to the Winnipeg Electric Railway Company, upon which lands they had erected a large hydro-electric power plant from which power is being delivered in the City of Winnipeg.

The Minister observes that subsequent to the passage of this Order in Council, the Department of Justice ruled that, in view of section 6, chapter 27, 4 and 5 George V, amending section 35 of The Dominion Lands Act which provides that lands valuable for water-powers may not be sold, homesteaded or conveyed in fee, but may only be leased, the sale of these lands to the Winnipeg Electric Railway Company could not legally be carried out, the Order in Council authorizing such a disposition of the land being *ultra vires*.

The Minister states that on account of this decision by the Department of Justice, it has been necessary to again enter into negotiations with the company with the object of arriving at a mutually satisfactory arrangement respecting the disposition of these lands upon which the company's works were situated, and to hold a number of conferences between the representatives of the Winnipeg Electric Railway Company and the officials of the Department of the Interior in an effort to reach a satisfactory agreement; and

That, as a result of these conferences, an agreement has been reached whereby the company have consented to accept a lease for the said lands in lieu of title in fee simple.

The Minister therefore recommends that he be authorized to grant a lease in favour of the Winnipeg Electric Railway Company for the lands set out in schedule A, hereto attached, upon which the company have erected their works, such lease to be for a period of twenty-one years, renewable for a further period of twenty-one years, and so on in perpetuity; such lease to run concurrently with a water license which was

issued the said company, bearing date the second of August, 1914, and to provide that in the event of the cancellation of such water license the lease shall *ipso facto* cease and determine without re-entry or any other act or legal proceeding whatever and without further compensation to the lessee than that which is paid in respect of the cancellation, termination or voidance of the said water license; that the company shall be charged an annual rental of fifty cents per acre during the first period of the lease, such rental to be subject to revision by the Governor in Council at the expiration of each twenty-one year renewal period; and to further provide that, in case of the non-payment of the rentals set forth therein, or the non-fulfilment of any of the conditions therein provided, the same shall be subject to cancellation by the Exchequer Court on application of the Crown, which court shall determine the compensation, if any be paid, according to the provisions of the regulations of the Dominion Government then in force for the administering of water-powers within its control.

The Committee concur in the above recommendation and submit the same for approval.

RODOLPHE BOUDREAU,
Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday, the 21st day of May, 1917.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

THE Committee of the Privy Council have had before them a report dated 14th May, 1917, from the Minister of the Interior, stating that it has been represented that Mr. Harold Wills, who entered for the north half of Section 22, Township 25, Range 10, west of the 4th Meridian, under a South African Volunteer Certificate, on the 21st June, 1910, became permanently disabled through illness, after obtaining his entry, and is unable to complete his residence duties in pursuance of the provisions of The Dominion Lands Act of 1908 ;

The Minister observes that Mr. Wills states that he has completed two terms of residence of six months each, but has not been able to finish the required third term ;

That Mr. Wills has forwarded a medical certificate, setting out that he is suffering from dilatation of the heart, and that under the circumstances it would not be possible for him to complete his settlement duties, and

That a further certificate has been submitted to the effect that his illness is of a permanent nature,—

The Minister, therefore, recommends that Mr. Wills be relieved from the performance of any further residence duties under the provisions of clause 2, section 20, of the Act, and that patent be issued to Mr. Wills for the half section above mentioned upon evidence being submitted that the other conditions of the law have been complied with.

The Committee concur in the foregoing recommendation and submit the same for approval.

Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 29th day of May, 1917.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

THE Committee of the Privy Council have had before them a report, dated 22nd May, 1917, from the Minister of the Interior, submitting that an application has been received on behalf of the Town of The Pas, Man., from the Board of that place for the Fractional S. E. $\frac{1}{4}$ of Section 9, and the Fractional N. E. $\frac{1}{4}$ of Section 4, in Township 56, Range 26, west of the Principal Meridian, in the Province of Manitoba, lying on the south side of the Pasquia River adjoining the Town of The Pas and containing 140 acres; for industrial purposes.

The Minister states that it has been represented that The Pas is the only shipping point in this territory and the only point at which any works can be conveniently established. That at present there are no docks nor any place where a boat can land passengers or cargo; and that the parcels applied for which are unfit for agricultural purposes can be utilized for docks, repairing boats, loading and unloading rough freight, and for other industrial purposes;

That the tract applied for has been inspected and valued by an Officer of the Department of the Interior, who reported as follows:—"At certain season of the year this is flooded lands, and it is of no material value as agricultural land. It will, therefore, be necessary for the Board of Trade to expend a large amount of money for roads and docks. I consider \$1 per acre a fair valuation to put on the land."

That in view of the representations made in support of the application and of the report and valuation of the inspecting officer, the Minister is of the opinion that the application should receive favorable consideration and he therefore recommends that he be authorized to sell, at the rate of \$1 an acre, to the Town of The Pas, in the Province of Manitoba, the parcels of land applied for, containing 140 acres, which are available for the purpose, and which may be more particularly described as follows, that is to say:—

		Legal Subdivision	10 of Section 4	40	10	acres
Fractional	"	"	15 of "	4	40	10 "
	"	"	1 of "	9	23	20 "
	"	"	2 of "	9	35	90 "
	"	"	7 of "	9		
			South of Lot 8	0	60	"
	"	"	8 of Section 9			
			South of Lot 8	0	10	acres

all in Township 56, Range 26, west of the Principal Meridian, in the Province of Manitoba.

The Committee concur in the foregoing and submit the same for approval.

RODOLPHE BOUDREAU,

Clerk of the Privy Council.

SUBSTANCE OF RULES OF THE SENATE RELATING TO NOTICES AND APPLICATIONS FOR BILLS OF DIVORCE.

As Revised and brought in force 22nd March, 1916.

Every applicant for a Bill of Divorce shall give notice of his or her intended application, and shall specify therein from whom and for what cause such divorce is sought, and shall cause such notice to be

published during at least three months before the consideration by the Committee on Divorce of his or her petition for the said Bill, in the *Canada Gazette* and in two newspapers published in the district in Quebec, Manitoba, Saskatchewan, Alberta, British Columbia or the Northwest Territories, or in the county or union of counties in other provinces, wherein such applicant usually resided at the time of the separation of the parties; but if the requisite number of papers cannot be found therein, then in an adjoining district or county or union of counties.

Notices given in the Provinces of Quebec and Manitoba are to be published in one English and one French newspaper, if there be such newspapers published in the district, but otherwise shall be published in one newspaper in both languages. If a notice given for any session of Parliament is not completed in time to allow the petition to be dealt with during that session the petition may be presented and dealt with during the next ensuing session, without any further publication of such notice.

A copy of the said notice and a copy of the petition to be presented shall, at the instance of the applicant, and not less than two months before the consideration by the Committee of the petition, be served personally, when that can be done, on the person from whom the divorce is sought, who is hereinafter called "the respondent."

If the residence of the respondent is not known or personal service cannot be effected, then, if it be shown to the satisfaction of the Committee that all reasonable efforts have been made to effect personal service, and, if unsuccessful, to bring such notice and petition to the knowledge of the respondent, what has been done may be deemed and taken by the Committee sufficient service.

No petition for a bill of divorce shall be presented to the Senate after the first sixty days of the Session.

The petition of an applicant for bill for divorce must be fairly written and must be signed by the petitioner, and should briefly set forth the marriage, the names in full of the parties thereto, their ages and occupations, when, where and by whom the ceremony was performed, the domicile and residence of each of the parties at the time of the marriage, their matrimonial domicile, residence, and any change thereof, the material facts upon which the petitioner relies as the grounds on which relief is asked, and the nature of the relief prayed for.

The petition should also negative connivance at, or condonation of the wrong complained of and collusion in the application for divorce.

The allegations of the petition must be verified by declaration of the petitioner, under *The Canada Evidence Act, 1893*.

The copy of the petition served upon the respondent shall have endorsed thereon, or appended thereto, the following information:—

- (1) The petitioner's residence at the time of service.
- (2) A Post Office address in Canada at which letters and notices for the petitioner may be delivered.
- (3) The name and address of the solicitor, if any, acting for the petitioner.
- (4) If such solicitor's address is not at Ottawa, the name and address of some agent for him at Ottawa, upon whom all notices and papers may be served.
- (5) That if the respondent desires to oppose the granting of the divorce and to be heard by the Senate Committee on Divorce, the respondent must send a notice to that effect to the Clerk of the Senate at the Parliament Buildings, Ottawa, within two months from the date of service upon the respondent, and must in the notice to the Clerk of the Senate give:—
 - (a) The respondent's residence at the time of sending such notice.
 - (b) A Post Office address in Canada at which letters and notices for the respondent may be delivered.
 - (c) The name and address of the solicitor, if any, acting for the respondent.
 - (d) If such solicitor's address is not at Ottawa, the name and address of some agent for him at Ottawa upon whom all notices and papers may be served.
- (6) That, if the respondent does not so notify the Clerk of the Senate, the petition may be con-

sidered, and a bill of divorce founded thereon may be passed, without any further notice to the respondent.

(7) When the petition is one by a husband for a divorce from his wife, that, if the wife shows to the satisfaction of the Senate Committee on Divorce that she has, and is prepared to establish upon oath, a good defence to the charges made by the petition, and that she has not sufficient money to defend herself, the Committee may make an order that her husband shall provide her with the necessary means to sustain her defence, including the cost of retaining Counsel and the travelling and living expenses of herself and of witnesses summoned to Ottawa on her behalf.

No petition for a bill of Divorce shall be considered by the Committee unless the applicant has paid into the hands of the Clerk of the Senate the sum of two hundred and ten dollars, (\$210).

The petition when presented to the Senate shall be accompanied by the evidence of the publication of the notice, and by declaration in evidence of the service of a copy of the notice and of a copy of the petition.

A copy of every petition for a Bill of Divorce, or relating to any matter arising out of an application for divorce, and of every document and paper accompanying such petition or produced in evidence before the Committee, shall be furnished to the Committee by the person on whose behalf the petition, document or paper is presented or produced.

Mardi, le 5e jour de juin 1917.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR
GÉNÉRAL EN CONSEIL.

AU comité du Conseil privé a été soumis un rapport du Ministre de l'Intérieur, daté le 1er juin 1917, représentant qu'un arrêté en conseil du 26 août 1908 autorise l'inscription de homestead par fondé de pouvoirs par toute personne qui fait cette demande sur les formules prescrites pour son père, sa mère, son fils, sa fille, son frère ou sa sœur, lorsqu'il est dûment autorisé de ce faire ;

Il a été représenté qu'un certain James Grosart s'enrôla dans le 196e bataillon, se rendit en Europe dans le cours de l'automne de 1916 et fait actuellement du service dans le 46e bataillon de France. M. Grosart est le fils unique et le seul soutien de sa mère qui est veuve. Il a aussi été établi que la mère souffre de paralysie locale et est incapable de marcher. Elle demeure actuellement à Saskatoon dans la Saskatchewan.

La mère désire prendre une inscription de homestead par fondé de pouvoirs pour son fils pour certains terrains situés dans le district de Humboldt, mais il lui est impossible de se rendre au bureau des terres à cet endroit à cause de son incapacité physique.

Dans ces circonstances elle demande que le Rév. W. B. Cumming, de Saskatoon, Saskatchewan, soit autorisé à prendre au nom de son fils une inscription de homestead par fondé de pouvoirs.

Le ministre recommande, par conséquent, que notwithstanding le fait que le Rév. M. Cumming n'est pas apparenté à la famille Grosart ainsi que le prescrit le dit arrêté en conseil, il soit tout de même autorisé à prendre inscription par fondé de pouvoirs, pour M. James Grosart, de toute partie de terre fédérale disponible sans qu'il soit nécessaire de fournir la formule exigée par l'arrêté en conseil du 26 août 1908.

Le comité agréé cette recommandation et la soumet pour approbation.

Greffier du Conseil privé.

SON EXCELLENCE LE GOUVERNEUR GÉNÉ-
RAL EN CONSEIL.

ATTENDU que le Département des affaires des sauvages a demandé la mise en réserve pour les sauvages, sous l'empire du traité numéro 4, d'une étendue de terrain connue sous le nom de "Pine River Indian Reserve n° 66 A" dans le township 35, rangs 19 et 20, et le township 36, rang 20, à l'ouest du méridien principal, dans la province de Manitoba, comprenant une superficie de 14.29 milles carrés.

Attendu que le terrain demandé et ci-après plus minutieusement décrit, est disponible pour les dites fins d'après les archives du Département de l'Intérieur.

Par conséquent, il plaît à Son Excellence le Gouverneur général en conseil, à la recommandation du Ministre de l'Intérieur sous l'empire des dispositions de l'article 76 de la Loi des terres fédérales, de décréter par ces présentes que les terres susdites soient soustraites de l'application de ladite loi et mises en réserve pour les sauvages.

Ces terres peuvent être décrites plus minutieusement comme suit :

Commençant à l'intersection de la limite nord de l'établissement de Pine Creek avec la rive ouest du lac Winnipegosis, dans le township 35, rang 19, à l'ouest du méridien principal ; de là vers l'ouest le long de la dite limite nord et de son prolongement, sur une distance de 344 chaînes et 99 chaînons ; de là franc nord sur une distance de 299 chaînes et 42 chaînons ; de là franc est sur une distance de 269 chaînes et 45 chaînons, plus ou moins, jusqu'à l'intersection avec la dite rive ouest du dit lac ; de là vers le sud en suivant les

sinuosités de la dite rive ouest du dit lac jusqu'au point de départ, le tout contenant 14.29 milles carrés plus ou moins, ainsi qu'indiqué sur un plan d'arpentage de la dite réserve, signé par A. W. Ponton, arpenteur des terres fédérales, en août 1887, et déposé au Département de l'Intérieur sous le numéro 5647, et indiqué par des hachures noires sur la copie du dit plan ci-annexé.

ATTENDU qu'en l'année 1907, le gouvernement de la province d'Alberta a demandé la concession de la section scolaire 29, township 42, rang 25, à l'ouest du 4e méridien, pour l'emplacement d'un asile d'aliénés ;

Attendu que le terrain susdit a été examiné par l'agent des terres fédérales de Red-Deer, qui l'a évalué à \$12 l'acre ;

Attendu que le 11 février 1908, la vente à l'enchère de cette section a été autorisée par arrêté en conseil ;

Attendu que le terrain en question a, en conséquence, été mis en vente à Ponoka, Alberta, le 7 avril 1908, et a été acheté par M. L. C. Charlesworth, Ministre suppléant des Travaux publics de la province, et que le terrain a été mis au nom de l'acheteur dans les archives du Département de l'Intérieur ;

Attendu qu'en avril 1917, le versement final et l'intérêt à compte du prix d'achat de cette section a été fait et M. Charlesworth fut notifié d'avertir le Département de l'Intérieur s'il désirait que la patente du dit terrain lui fût accordée à titre de Ministre suppléant des Travaux Publics de la province d'Alberta, ou s'il préférerait que le transfert fut fait directement à la province d'Alberta par arrêté en conseil ;

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR
GÉNÉRAL EN CONSEIL.

ATTENDU que l'article 25 et autres articles de la *Loi des terres fédérales*, chapitre 20, 7-8 Edouard VII, stipulant qu'aucune lettre patente de terres fédérales ne sera accordée à une personne qui n'est pas sujet britannique né ou naturalisé ; et,

Attendu que, le 31 juillet, 1912, un certain Henri Phalampin, né en France, a obtenu l'inscription de homestead du quart sud-ouest de la section 5, township 37, rang 1, à l'ouest du 3e méridien, qu'il était réserviste français et qu'il rejoignit son régiment au commencement de la guerre actuelle ;

Attendu que le 2 novembre 1916, M. Phalampin a demandé, de la manière ordinaire, les lettres patentes de son homestead et que, d'après les preuves dont il accompagne sa demande, il paraîtrait qu'il a rempli les conditions de son inscription conformément aux dispositions de la *Loi des terres fédérales*, sauf en ce qui concerne sa naturalisation comme sujet britannique, ce qui a été cause du délai apporté dans la préparation de ses lettres patentes ; et

Attendu que le fait d'exiger de M. Phalampin de se conformer aux dispositions de la *Loi de naturalisation* causerait un retard inutile dans les circonstances ; et

Attendu qu'il serait probablement impossible à tout inscrit de nationalité étrangère ou autre en service actif dans les cadres de la marine ou de l'armée de la Grande-Bretagne ou des armées de ses alliés de se conformer ainsi aux conditions de son inscription avant d'obtenir son congé ;

Attendu qu'il serait pénible pour le homesteader ou l'inscrit, en vertu des dispositions de la *Loi des terres fédérales*, qui se trouverait dans une position analogue à celle de M. Phalampin, de se voir forcé à se conformer aux dispositions de la dite loi, vu que le fait pour un inscrit de prendre du service actif dans la marine militaire ou l'armée de la Grande-Bretagne ou de ses alliés est en lui-même une raison suffisante aux yeux de la loi pour le relever de ses obligations d'inscrit,—

Par conséquent, il plaît à Son Excellence le Gouverneur général en conseil, à la recommandation du Ministre de l'Intérieur et sous l'empire des dispositions de la *Loi des mesures de guerre de 1914*, de faire les règlements suivants, qui sont par ces présentes faits et décrétés en conséquence :

Dans le cas de tout inscrit ou autre preneur de terrain en vertu des dispositions de la *Loi des terres fédérales* qui prend du service actif dans la marine ou l'armée de la Grande-Bretagne ou de ses alliés dans la guerre actuelle, les dispositions de la *Loi des terres fédérales* limitant les privilèges des lettres patentes aux sujets britanniques nés ou naturalisés, ne s'appliqueront pas aux inscrits et autre preneurs décrits plus haut et les dites lettres patentes pourront leur être accordées nonobstant le fait qu'ils ne sont pas sujets britanniques.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR
GÉNÉRAL EN CONSEIL.

Un comité du Conseil privé a été soumis un rapport du Ministre de l'Intérieur, daté le 14 mai 1917, disant qu'il lui a été représenté que M. Harold Wills, qui s'inscrivit pour la moitié nord de la section 22, township 25, rang 10, à l'ouest du 4^e méridien, en vertu d'un certificat de volontaire Sud-Africain, le 21 juin 1910, est devenu permanemment invalide par la maladie après avoir obtenu son inscription et est incapable de remplir ses obligations de résidence conformément aux dispositions de la *Loi des terres fédérales de 1908*.

Le ministre signale la déclaration de M. Wills qu'il a accompli deux termes de résidence de six mois chacun et qu'il lui a été impossible de compléter le troisième terme requis, et il ajoute que M. Wills lui a fait tenir un certificat médical où il est établi qu'il souffre de dilatation du cœur et qu'il lui est impossible, dans les circonstances de compléter ses obligations d'établissement.

Le ministre ajoute que M. Wills, par un certificat médical subséquent, a établi que sa maladie est de nature permanente.

Le ministre recommande par conséquent que M. Wills soit relevé de toute obligation future de résidence, en vertu des dispositions du paragraphe 2, de l'article 20 de la Loi, et que patente de la demi section plus haut décrite lui soit délivrée sur preuve établie de la manière ordinaire que les autres conditions de la loi ont été remplies.

Le comité agréé cette recommandation et la soumet pour approbation.

Greffier du Conseil privé.

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL
EN CONSEIL.

Il plaît à Son Excellence le Gouverneur général en conseil, en vertu des dispositions de l'article 6 de la *Loi des mesures de guerre* et de tout autre pouvoir qui lui est conféré, d'établir par ces présentes les règlements suivants concernant le départ du Canada de personnes du sexe masculin qui sont tenues ou aptes au service national d'un caractère militaire ou autre :

1. (1) Toute personne du sexe masculin résidant ordinairement au Canada qui

(a) est âgée de 18 ans ou plus, mais non de plus de 45 ans, et qui

(b) clandestinement ou autrement et dans un but ou une intention quelconque quitte ou tente de quitter le Canada sans un permis écrit d'un inspecteur d'immigration canadien ou d'une autre personne dûment désignée par le ministre de l'Intérieur pour accorder telle permission, est coupable d'infraction du présent règlement et passible d'une amende n'excédant pas deux mille cinq cents dollars ou d'emprisonnement pour une période n'excédant pas cinq ans, ou des deux peines d'amende et d'emprisonnement.

(2) Lorsqu'il est convaincu que le départ projeté du Canada d'une personne du sexe masculin âgée de 18 à 45 ans, inclusivement, n'est pas dans le but ou l'intention d'éviter l'obligation de rendre ou l'appel de ren-

dre, au Canada ou outre-mer, un service quelconque, de nature militaire ou autre, qui pourrait contribuer au succès de Sa Majesté et de ses alliés dans la guerre actuelle, un inspecteur d'immigration canadien ou autre fonctionnaire dûment autorisé par le ministre de l'Intérieur pour accorder telle permission, peut accorder à telle personne une permission écrite qui sera en substance en la forme de la cédule "A" ou de la cédule "B" du présent décret, et dans le cas où un inspecteur d'immigration canadien ou autre fonctionnaire dûment désigné par le ministre de l'Intérieur refuse d'accorder la permission de quitter le Canada, la personne ainsi refusée a le droit d'appel au ministre de l'Intérieur.

(3) Toute personne à qui a été accordé un tel permis de quitter le Canada le conservera toujours soigneusement sur sa personne, et au cas où le permis ne serait pas présenté à la demande d'un inspecteur d'immigration ou en cour de justice dans des procédures concernant la concession d'un tel permis, il sera considéré *prima facie* pour toutes fins, du fait que le permis n'a pas été présenté, que nulle telle permission écrite n'a été accordée.

2. Quiconque aide, favorise ou conseille la commission d'une infraction du règlement n° 1 du présent décret est coupable de contravention à ce décret et est passible de la même manière et au même point que le prescrit le règlement n° 1 du présent décret.

3. L'application générale des présents règlements et leur mise en vigueur sont confiées au ministre de l'Intérieur, et, subordonnement à ses instructions à cet effet, tous les inspecteurs d'immigration canadiens ont et exercent au Canada, sans responsabilité au civil ou au criminel pour ce qu'ils peuvent avoir fait de bonne foi en agissant sous l'empire des présents règlements, les droits et pouvoirs suivants :

(b) Retenir tout navire, bateau, convoi, wagon, voiture ou véhicule pour le transport des voyageurs dans le Canada mais à destination étrangère jusqu'à ce que soit terminé tout examen nécessaire par tel inspecteur des voyageurs qui s'y trouvent.

(c) Faire, ordonner ou autoriser la mise à terre de tout voyageur dans tout navire, bateau, convoi, wagon, voiture ou véhicule pour le transport des voyageurs dans le Canada mais à destination étrangère, ou l'arrêt des piétons sur tout pont, quai, chemin ou autre avenue de sortie du Canada.

(d) Suspendre ou arrêter, ou faire suspendre ou arrêter, pendant tout le temps requis pour compléter un examen nécessaire des passagers et piétons, tout trafic sur un pont ou ses approches, un quai, une gare, un chemin ou autre moyen ou avenue de sortie du Canada.

(e) Requérir de toutes personnes présentes, quand tel inspecteur a besoin de leur aide, tout secours nécessaire pour l'examen des voyageurs sur un navire, bateau, convoi, wagon, voiture ou autre véhicule pour le transport des voyageurs dans le Canada mais à destination étrangère, ou l'examen de piétons sur un pont ou ses approches, un quai, un chemin ou une autre avenue de sortie du Canada.

(f) Arrêter sans mandat d'arrestation et détenir sous une garde quelconque, dans un endroit ou des endroits appropriés du Canada, toute personne qui enfreint le présent décret en attendant que le ministre de l'Intérieur (auquel un rapport de chaque arrestation et de la détention sera immédiatement adressé) décide de quelle manière il en sera disposé.

4. Toute personne qui refuse à un inspecteur d'immigration l'accès à un navire, bateau, convoi, wagon, voiture ou autre véhicule servant de moyen de transport aux voyageurs en Canada mais à destination de l'étranger pour y examiner un voyageur quelconque, ou

(b) de répondre sincèrement à toute question qui lui est adressée par l'inspecteur d'immigration quant à son identité, sa demeure, son âge, son emploi, son intention de quitter le Canada, ou le but qu'il se propose en quittant le Canada, ou

Il plaît à Son Excellence le Gouverneur général en conseil, à la recommandation du Ministre du Service Naval et en vertu des dispositions de la *Loi des mesures de guerre de 1914*, d'établir les règlements suivants qui s'appliqueront aux employés des docks.

1. 2. Nul qui est employé dans tel magasin, sur tel quai ou dans tel autre endroit ou ailleurs, ou sur tel navire ou véhicule, ou qui se trouve dans le voisinage d'un tel récipient ou endroit, ne fumera ni n'aura en sa possession d'allumettes, d'appareil d'allumage quelconque, de tabac, de cigares, de cigarettes, de pipes, ou quoi que ce soit qui peut servir à fumer, sauf par permission expresse d'un fonctionnaire du département du Service Naval, du directeur des transports d'outre-mer ou d'une autre personne qu'ils auront autorisée.

3. Quiconque est autorisé par un fonctionnaire du Service Naval ou le directeur des transports d'outre-mer peut en tout temps fouiller toute personne qui est dans tel magasin, ou qui se trouve sur tel quai ou dans tel autre lieu, ou sur un navire ou dans un véhicule quelconque, ou dans le voisinage d'un tel récipient ou endroit, et peut interroger cette personne et examiner ses vêtements et tout article qu'ils contiennent, et il peut confisquer et retenir pour les fins de poursuites qui pourraient être intentées tout article qu'il juge raisonnablement être pièce à preuve de l'infraction des présents règlements ou du décret de 1917 concernant la défense du Canada. Mardi, le 29e jour de mai 1917.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

AU comité du Conseil privé a été soumis un rapport du Ministre de l'Intérieur, daté le 22 mai 1917, représentant que la chambre de commerce de la ville de Le-Pas, Manitoba, a demandé pour cette ville, pour fins industrielles, la concession du quart fractionnaire sud-est de la section 9, et du quart fractionnaire nord-est de la section 4, township 56, rang 26, à l'ouest du méridien principal, dans la province de Manitoba, le tout situé sur le côté sud de la rivière Pasquia, contiguë à la ville de Le Pas, et contenant 140 acres.

Le ministre déclare qu'il a été représenté que la ville de Le-Pas est l'unique point d'expédition de cette région et le seul endroit où des usines peuvent être commodément érigées, qu'il n'y a pas actuellement de bassin ou autre endroit convenable où un bateau puisse débarquer ses passagers ou décharger sa cargaison, et que le terrain demandé, impropre qu'il est à l'agriculture, peut être utilisé pour la construction de bassins, le radoub des bateaux, le chargement et le déchargement du gros fret et pour autres fins industrielle.

Le ministre ajoute que le terrain demandé a été examiné, sa valeur estimée par un fonctionnaire de son département, qui a fait le rapport suivant :—"Ce terrain est submergé à certaine saison et n'a aucune valeur agricole pratique. La chambre de commerce devra donc affecter de fortes sommes à la construction de routes et de bassins. J'estime qu'un dollar l'acre est un prix raisonnable pour ce terrain."

Vu les représentations faites à l'appui de la demande, et le rapport et l'évaluation de l'inspecteur, le ministre est d'avis que la demande soit accordée et il recommande, par conséquent, qu'on l'autorise à vendre à la ville de Le-Pas, dans la province de Manitoba, au prix de \$1.00 l'acre, le terrain demandé, soit 140 acres, lequel terrain est disponible et peut être plus minutieusement décrit comme suit :

Subdiv. légale 10 de la section 4.....	40.10	acres.
" " 15 " ".....	40.10	"
Subdiv. fractionn. 1 " ".....	23.20	"
" " 2 " ".....	35.90	"
" " 7 " ".....	9.	"
partie sud du lot 8.....	0.60	"
" sud de la sect. 9.		
partie sud du lot.. 8.....	0.10	"

le tout dans le township 56, rang 26, à l'ouest du méridien principal, dans la province de Manitoba.

Le comité agréé cette recommandation et la soumet pour approbation.

• DEMANDES AU PARLEMENT.

CHAMBRE DES COMMUNES.

RÈGLES RELATIVES AUX PÉTITIONS ET AUX BILLS PRIVÉS.

88. (1) Les pétitions pour bills privés ne sont reçues par la Chambre que si elles sont présentées pendant les six premières semaines de la session. Mettout bill privé sera présenté à la Chambre dans les deux semaines à compter de l'époque où l'examineur ou le comité des ordres permanents auront fait un rapport favorable sur la pétition, et nulle motion à l'effet de suspendre cette règle ne sera acceptée, à moins qu'au préalable le comité des ordres permanents n'ait présenté un rapport recommandant cette suspension et exposant les raisons la motivant.

Instructions aux comités.

97. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être discutées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés.

Dépôt de bills et honoraires.

89. (1) Toute personne qui voudra obtenir un bill privé sera tenu de déposer entre les mains du greffier de la Chambre, au moins huit jours avant la réunion de la Chambre, un exemplaire de ce bill en anglais ou en français, avec une somme suffisante pour en payer la traduction et l'impression, la traduction en devant être faite par les fonctionnaires de la Chambre, et l'impression par le département des impressions publiques, et si pareil bill n'est pas déposé dans le délai ci-dessus prescrit, le solliciteur devra, en sus des frais d'impression et de traduction, payer la somme de cinq dollars pour chaque jour qui s'écoulera entre le dit huitième jour avant la réunion de la Chambre et la date de la présentation du bill; mais ces taxes additionnelles ne devront pas dépasser en totalité la somme de deux cents dollars.

2. Après la deuxième lecture d'un bill et avant son examen par le comité auquel il a été renvoyé, celui qui en fait la demande doit dans tous les cas verser le prix de l'impression de la loi dans les statuts ainsi qu'un droit de deux cents dollars.

Taxes supplémentaires.

3. Les taxes suivantes seront également imposées et payées, en sus de celles qui précèdent, savoir:—

- | | |
|--|----------|
| (a) Lorsqu'une règle de la Chambre est suspendue relativement à un bill, ou à la pétition de ce bill pour chaque suspension..... | \$100 00 |
| (b) Lorsqu'un bill est présenté dans la Chambre après la huitième Semaine de la session et avant la fin de la douzième..... | 100 00 |
| (c) Lorsqu'un bill est présenté dans la Chambre après la douzième semaine de la session..... | 200 00 |
| (d) Lorsque le capital social projeté d'une compagnie dépasse \$250,000, et n'excède pas \$500,000..... | 100 00 |
| (e) Lorsque le capital social projeté d'une compagnie dépasse \$500,000, et n'excède pas \$750,000..... | 150 00 |
| (f) Lorsque le capital social projeté d'une compagnie dépasse \$750,000, et n'excède pas \$1,000,000..... | 200 00 |
| (g) Lorsque le capital social projeté d'une compagnie dépasse \$1,000,000, et n'excède pas \$1,500,000..... | 300 00 |
| (h) Lorsque le capital social projeté d'une compagnie dépasse \$1,500,000, et n'excède pas \$2,000,000..... | 400 00 |
| (i) Pour chaque million ou fraction de million de dollars additionnel.... | 100 00 |

4. Quand l'objet d'un bill est d'augmenter le capital social d'une compagnie existante, le droit additionnel est déterminé selon le tarif ci-dessus, mais n'est calculé que sur le montant de la majoration.

5. Quand un bill est à l'effet d'augmenter ou tend à augmenter pour une compagnie sa faculté d'emprunter sans qu'il y ait augmentation du capital social, le droit additionnel est de \$300.

6. Si, à quelque phase d'un bill, il est apporté quelque augmentation au chiffre du capital social projeté d'une compagnie, ou à celui de sa faculté d'emprunter, le bill ne passe pas à la phase subséquente tant que les droits découlant de ce changement n'ont pas été versés.

7. Dans la présente règle, l'expression "capital social projeté" comprend toute augmentation de ce capital prévue dans le bill, et dans les cas où un bill accorde le pouvoir d'augmenter, à quelque date que ce soit, le montant du capital social projeté, le droit additionnel sera prélevé sur le chiffre maximum de telle augmentation projetée, tel qu'il en est fait mention dans le bill.

8. Les taxes supplémentaires prescrites en la présente règle s'appliqueront aussi aux bills privés prenant naissance au Sénat, sauf, toutefois, que si une pétition demandant pareil bill privé a été présentée en cette Chambre dans les six premières semaines de la session, la taxe supplémentaire imposée sous l'empire des alinéas b ou c de l'article 3, ne sera pas exigée.

THOMAS B. FLINT,
Greffier des Communes.

RÈGLES RELATIVES AUX AVIS DE BILLS PRIVÉS.

91. Toutes demandes, quelles qu'elles soient, adressées au Parlement pour bills privés, devront être précédées d'un avis dans la *Gazette du Canada*; le dit avis devra énoncer clairement et distinctement la nature et l'objet de la demande, et devra être signé par les postulants ou en leur nom avec les adresses des signataires; et lorsque la demande aura pour objet un acte constitutif, le nom de la compagnie projetée devra être donné dans l'avis. Et si les travaux de quelque compagnie (constituée ou à être constituée en corporation) doivent être déclarés à l'avantage général du Canada, cette intention sera spécifiquement mentionnée dans l'avis; et les postulants feront adresser une copie du dit avis, par lettre enregistrée, au greffier de chaque comté ou municipalité qui pourra être spécialement concernée dans la construction ou l'exploitation des dits travaux, et aussi au secrétaire de la province dans laquelle les dits travaux sont ou pourront être situés; et une déclaration conforme à la loi devra attester que cette formalité a été remplie par les postulants.

Outre l'avis susdit à publier dans la *Gazette du Canada*, un avis semblable devra aussi être publié dans quelque journal important comme suit:—

A) Lorsque la demande sera faite pour un acte constituant en corporation,—

1. *Une compagnie de chemin de fer ou de canal*:—Dans la principale cité et ville ou dans le principal village dans chaque comté où devront être construits le chemin de fer ou le canal projetés.

2. *Une compagnie de télégraphe ou de téléphone*:—Dans la principale cité ou ville dans chaque province ou territoire où la compagnie se propose de faire des opérations.

3. *Une compagnie pour la construction de travaux quelconques de nature à produire un changement dans une localité particulière par suite de leur construction ou exploitation; ou pour obtenir quelques droits ou privilèges exclusifs; ou pour faire quelques opérations pouvant porter atteinte aux droits ou à la propriété de particuliers*:—Dans la localité ou les localités qui pourraient être atteintes par la législation projetée.

4. *Une compagnie de banque; une compagnie d'assurance; une compagnie de fidéicommiss; une compagnie de prêt; ou une compagnie industrielle, sans pouvoirs exclusifs quelconques*:—Dans la *Gazette du Canada* seulement.

B) Lorsque la demande sera aux fins d'amender un acte existant,—

1. Pour le prolongement de quelque ligne de chemin de fer ou de quelque canal, ou pour la construction d'embranchements des dits chemin de fer ou canal:—Dans la principale cité, la principale ville ou le principal village dans chaque district ou comté devant être traversé par le prolongement ou cet embranchement.

2. Pour la prolongation d'une charte ou du délai fixé pour la construction ou l'achèvement d'une ligne de chemin de fer, d'un canal, ou d'une ligne de télégraphe ou de téléphone quelconques, ou de tous autres travaux déjà autorisés; ou pour l'extension des pouvoirs d'une compagnie (lorsque cela n'implique pas la concession de droits exclusifs); ou pour l'augmentation ou la réduction du capital social de quelque compagnie; ou pour augmenter ou modifier ses pouvoirs d'émettre des obligations ou de contracter des emprunts, ou pour tout amendement pouvant porter atteinte aux droits ou intérêts des actionnaires ou des porteurs d'obligations ou des créanciers de la compagnie:—Dans la localité où le bureau principal de la compagnie est ou doit être autorisé à s'établir.

C) Lorsque la demande a pour objet d'obtenir pour une personne ou une corporation déjà constituée

des droits ou privilèges exclusifs ou le pouvoir de faire quelque chose dont l'accomplissement pourrait porter atteinte aux droits ou aux biens d'autres personnes dans la localité ou les localités particulières que l'acte projeté pourrait atteindre.

Tous ces avis, qu'ils soient insérés dans la *Gazette du Canada* ou dans un journal, devront être publiés au moins une fois par semaine pendant une durée de cinq semaines consécutives; et en ce qui concerne les provinces de Québec et de Manitoba, ils devront y être publiés en anglais et en français; et dans le cas où il n'y aurait pas de journal dans une localité où l'avis doit être donné, cet avis sera donné dans la localité la plus rapprochée dans laquelle il se publie un journal; et la preuve de la publication régulière de l'avis sera établie dans chaque cas par une déclaration conforme à la loi; et toutes ces déclarations devront être transmises au greffier de la Chambre et être endossées "Avis de bill privé".

D) Tout pareil avis sera transmis par la poste par lettre enregistrée de manière à parvenir au secrétaire de la province, et au greffier du conseil de comté et de la corporation municipale, au moins deux semaines avant que l'Examineur ou le comité des ordres permanents ne prennent la pétition en délibération, et une déclaration conforme à la loi et établissant ce dépôt à la poste, sera adressée au greffier de la Chambre.

E) Tous bills privés pour actes constitutifs devront être dressés de manière à incorporer, par mode de renvoi, les clauses des actes généraux se rapportant aux détails auxquels ces bills doivent pourvoir; l'on devra énoncer les raisons spéciales de toute déviation de ce principe, ou de l'introduction d'autres dispositions relatives à ces détails, et une note devra être annexée au bill pour indiquer les dispositions du bill au sujet desquelles l'on propose de s'écarter de l'acte général; les bills qui ne seront pas rédigés conformément à cette règle, devront être remodelés par les promoteurs et réimprimés à leurs frais avant qu'aucun comité passe à l'examen de leurs clauses.

THOMAS B. FLINT,
Greffier de la Chambre des Communes.

Quiconque désire obtenir du Parlement une charte de chemin de fer, devra observer les règles ci-dessous, établies par la Chambre des Communes, au sujet de la production de cartes:—

CARTE OU PLAN ACCOMPAGNANT LA PÉTITION.

93. "L'Examineur ou le comité des Ordres permanents ne prendra connaissance d'aucune pétition demandant la constitution en corporation d'une compagnie de chemin de fer, ou d'une compagnie ayant pour objet la construction d'un canal, ou demandant un prolongement de la ligne d'un chemin de fer ou d'un canal existant ou autorisé, avant que soit produit devant ce comité une carte ou un plan, indiquant l'emplacement projeté des ouvrages, et chaque comté, township, municipalité ou district à travers lesquels le chemin de fer, le canal, l'embranchement ou le prolongement projeté, doit être construit."

CARTES, PLANS ET PIÈCES ACCOMPAGNANT LES BILLS.

94. "Nul bill tendant à la constitution en corporation d'une compagnie de chemin de fer ou de canal ou à l'effet de changer le tracé du chemin de fer ou du canal d'une compagnie déjà constituée, ne sera mis à l'étude par le comité des Chemins de fer, à moins qu'il n'ait été produit devant le comité, au moins une semaine avant l'examen du bill—

(a) "Une carte ou un plan à une échelle d'au moins un demi-pouce au mille, et indiquant le territoire sur lequel il est question de construire les ouvrages projetés, et indiquant aussi les ouvrages analogues existants ou autorisés, dans la région ou partie de la région que la ligne projetée doit desservir, ou qui ont quelque effet sur la dite région; et cette carte ou ce plan doit porter la signature de l'ingénieur ou autre personne qui l'a fait;

(b) "Une pièce faisant connaître le montant total du capital que l'on se propose de consacrer aux fins de l'entreprise, et la manière dont on se propose de se le procurer, soit au moyen d'actions ordinaires, d'obligations, de débetures ou d'autres valeurs, et le montant respectif à réaliser de chacun de ces chefs."

SENAT.

SUBSTANCES DES RÈGLES ET FORMES DE PROCÉDER DU
SÉNAT CONCERNANT LES BILLES DE DIVORCE.

Telles que revisées et mises en vigueur le 22 mars 1916.

Tout pétitionnaire en divorce doit annoncer son intention de demander un bill de divorce, par un avis spécifiant contre qui et pour quelle cause le divorce sera demandé; il fait insérer cet avis, pendant trois mois au moins avant la prise en considération par le comité des divorces de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux—du district où il avait sa résidence habituelle à l'époque de sa séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Saskatchewan, l'Alberta, la Colombie-Britannique ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis; s'il résidait dans une autre province; et à défaut de ce nombre de journaux, l'avis doit se publier dans le district, dans le comté ou les comtés-unis voisins.

Dans les provinces de Québec et du Manitoba, les insertions doivent se faire dans un journal anglais et un journal français, s'il en existe des deux langues dans le district; autrement, elles se font en anglais et en français au même journal. Si l'avis donné pour une session expire trop tard pour qu'il puisse être statué sur la pétition pendant cette session, la pétition pourra être présentée et accueillie à la session suivante sans nouvelle publication d'avis.

Une copie de cet avis et une copie de la pétition qui sera présentée doit, à la diligence du pétitionnaire et au moins deux mois avant la prise en considération de la pétition par le comité, être signifiée en main propre si cela est possible, à la personne contre laquelle le divorce sera demandé, ci-après appelée "partie défenderesse".

Si la résidence de la partie défenderesse n'est pas connue, ou que la remise de l'avis ne peut être faite en ses mains, s'il est prouvé, d'une manière jugée satisfaisante par le comité, que tous les efforts raisonnables ont été faits pour opérer la signification en main propre, et, en cas d'inutilité de ces efforts, pour porter l'avis et la pétition à la connaissance de la partie défenderesse, ces diligences peuvent être tenues pour une suffisante notification.

Aucune pétition en divorce n'est recevable après l'expiration des soixante premiers jours de la session.

Toute pétition en divorce doit être écrite lisiblement et porter la signature du pétitionnaire. Elle énonce sommairement le fait du mariage, en indiquant les noms au long, l'âge et l'état des parties, en quel temps, en quel lieu et par qui a été faite la célébration; le domicile et la résidence de chacune des parties à l'époque du mariage, leur domicile conjugal, leur résidence et tout changement qui en aurait eu lieu; les traits essentiels sur lesquels est fondée la demande de redressement et la nature du redressement demandé.

La pétition doit aussi contenir l'assurance qu'il n'y a pas eu ni connivence, ni pardon pour les torts qui donnent lieu à la plainte, ni collusion dans la demande en divorce.

Les allégations de la pétition doivent être appuyées d'une déclaration du pétitionnaire, faite conformément à l'Acte de la preuve en Canada, 1893.

La copie de la pétition signifiée à la partie défenderesse portera en endos ou en annexe les renseignements suivants:

(1) La résidence du pétitionnaire à l'époque de la signification.

(2) Une adresse postale en Canada à laquelle les lettres et avis pour le pétitionnaire puissent être délivrés.

(3) Le nom et l'adresse de l'avocat, s'il y en a un, agissant pour le pétitionnaire.

(4) Si cet avocat n'a pas d'adresse à Ottawa, le nom et l'adresse de quelque agent le représentant à Ottawa à qui tous avis et pièces puissent être signifiés.

(5) Si la partie défenderesse veut s'opposer à la demande en divorce et être entendue par le comité des divorces du Sénat, elle doit adresser un avis à cet effet au greffier du Sénat aux édifices du Parlement, Ottawa, dans les deux mois de la signification faite à la partie défenderesse et donner dans cet avis au greffier du Sénat:

(a) La résidence de la partie défenderesse à l'époque de l'envoi de l'avis.

(b) Une adresse postale en Canada à laquelle les lettres et avis pour la partie défenderesse puissent être délivrés.

(c) Le nom et l'adresse de l'avocat, s'il y en a un agissant pour la partie défenderesse.

(d) Si cet avocat n'a pas d'adresse à Ottawa, le nom et l'adresse de quelque agent le représentant à Ottawa, à qui tous avis et pièces puissent être signifiés.

(6) Si la partie défenderesse ne notifie pas ainsi le greffier du Sénat, la pétition peut être prise en considération, et un bill de divorce basé sur cette pétition peut suivre son cours sans autre avis à la partie défenderesse.

(7) Lorsque la pétition est présentée par un mari pour obtenir le divorce contre sa femme, si celle-ci fait voir au comité d'une manière satisfaisante qu'elle peut opposer et qu'elle est prête à produire sous serment de bons moyens de défense contre les accusations portées dans la pétition, et qu'elle n'a pas l'argent nécessaire pour faire valoir ces moyens, le comité peut rendre un ordre que son mari ait à lui fournir la somme nécessaire pour qu'elle puisse présenter sa défense en retenant les services d'un conseil, payer ses frais de voyage et de séjour et ceux des témoins assignés de sa part à Ottawa.

La pétition en obtention d'un bill de divorce n'est prise en considération par le comité que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de \$210.

La pétition, au moment de sa présentation au Sénat doit être accompagnée de la preuve de la publication d'avis et d'une déclaration établissant qu'une copie de l'avis de la pétition a été signifiée.

Une copie de toute pétition en obtention d'un bill de divorce, ou relative à quelque demande de divorce,—et une copie de tous documents et papiers accompagnant cette pétition, ou à produire devant le comité, devra être fournie par la personne au nom de laquelle la pétition, les documents ou les papiers seront présentés ou produits.

A. E. BLOUNT,
Greffier du Sénat.

SENAT.

Avis de bills privés.

EXTRAIT DES RÈGLES DU SÉNAT.

107. Toute demande au Parlement, pour obtenir un bill privé, de quelque nature qu'il soit, doit être annoncée par avis inséré à la *Gazette du Canada*; cet avis doit indiquer d'une manière claire et précise la nature et l'objet de la demande, être signé par les pétitionnaires ou en leur nom et contenir l'adresse des signataires; et si elle a pour objet l'obtention d'un acte constitutif, il faut donner aussi dans l'avis le nom de la compagnie projetée.

Outre l'avis à insérer dans la *Gazette du Canada*, il doit en être publié un semblable, comme il suit:—

A) Lorsque la demande a pour objet l'obtention d'un acte constituant en corporation,—

1. Une compagnie de chemin de fer ou de canal,—dans un des principaux journaux de la principale cité ou ville ou le principal village de chaque comté ou district par où passerait le chemin de fer ou le canal dont la construction est projetée;

2. Une compagnie de télégraphe ou de téléphone,—dans un des principaux journaux de la principale cité ou ville de chaque province ou territoire où elle se propose d'opérer;

3. Une compagnie pour la confection de travaux quelconques, dont la confection ou l'exploitation intéresserait spécialement telle localité particulière; ou une compagnie tendant à obtenir des droits ou privilèges exclusifs, ou l'autorisation de faire une chose dont l'opération pourrait porter atteinte aux droits ou à la propriété d'autrui,—dans un des principaux journaux de l'endroit ou des endroits que l'acte demandé intéresse;

4. Une compagnie de banque; une compagnie d'assurance; une compagnie de crédit; une compagnie de prêt; ou une compagnie industrielle, sans pouvoirs exclusifs,—dans la *Gazette du Canada* seulement.

5. Et si les travaux d'une compagnie (constituée ou à constituer) doivent être déclarés d'utilité générale pour le Canada, cette intention sera spécifiquement

mentionnée dans l'avis; et les requérants feront envoyer par lettre enregistrée une copie de cet avis au secrétaire de chaque conseil de comté et de chaque corporation municipale spécialement intéressée dans la construction ou l'exploitation de ces travaux, ainsi qu'au secrétaire de la province dans laquelle ces travaux sont ou seront situés; et la preuve de l'accomplissement de cette prescription par les requérants devra s'établir par une déclaration statutaire.

B) Lorsque la demande a pour objet de modifier un acte existant,—

1. Afin de prolonger une ligne de chemin de fer ou un canal, ou de construire des embranchements qui s'y relient, l'avis sera le même, *mutatis mutandis*, que celui pour l'obtention d'un acte constituant en corporation une compagnie de chemin de fer ou de canal;

2. Afin de proroger le délai fixé pour la confection ou l'achèvement d'une ligne de chemin de fer, d'un canal, d'une ligne télégraphique ou téléphonique, ou d'autres travaux quelconques déjà autorisés,—dans un des principaux journaux de l'endroit où la compagnie a son siège ou est autorisée à avoir son siège;

3. Afin d'étendre les pouvoirs d'une compagnie (sans attribution de pouvoirs exclusifs); d'accroître ou de réduire le capital-actions d'une compagnie, ou d'augmenter ou modifier sa faculté d'émettre des obligations ou de faire des emprunts, ou d'effectuer des changements pouvant porter atteinte aux droits ou intérêts des actionnaires, obligataires ou créanciers de la compagnie,—dans un des principaux journaux du lieu de la situation de son siège.

C) Dans tous ces cas, les avis insérés soit à la *Gazette du Canada* ou dans les journaux, doivent se publier au moins une fois par semaine pendant cinq semaines consécutives; et, lorsqu'ils se publient dans les provinces de Québec et du Manitoba, ils doivent être en langue anglaise et en langue française. Il faut envoyer au greffier du Sénat des exemplaires marqués de chaque numéro de tous les journaux contenant l'avis, avec, sur le pli de la feuille, les mots: "*Avis de bill privé*"; ou l'on peut transmettre, au lieu des journaux, une déclaration statutaire que l'avis a été dûment publié.

Tout avis par lettre enregistrée sera déposé à la poste à temps pour parvenir au secrétaire de la province et au greffier de chaque conseil de comté et de chaque corporation municipale cinq semaines au moins avant la considération de la pétition par le comité des Ordres permanents; et une déclaration statutaire établissant le fait du dépôt à la poste sera transmise au greffier du Sénat.

108. Nulle pétition pour la constitution en corporation d'une compagnie de chemin de fer ou d'un canal existant ou autorisé, n'est prise en considération par le comité des Ordres permanents, à moins qu'il n'ait été déposé devant le comité une carte ou un plan indiquant le tracé proposé des travaux ainsi que les comtés ou les districts par où doit passer le chemin de fer, le canal, l'embranchement ou le prolongement qu'on veut construire.

109. Avant d'adresser au Sénat la pétition pour en obtenir la permission de présenter un bill privé ayant pour objet la construction d'un pont de péage, la ou les personnes qui ont l'intention de faire cette pétition doivent, en donnant l'avis prescrit par les règles précédentes mentionner en même temps et de la même manière, les péages qu'elles se proposent de percevoir, l'étendue du privilège, la hauteur des arches, l'espace libre entre les culées ou les piles pour le passage des trains de bois et des bateaux; en outre, mentionner si le pont sera mobile ou non, et indiquer les dimensions de la partie mobile.

110. Aucune pétition en obtention d'un bill privé n'est reçue par le Sénat après les trois premières semaines de la session; aucun bill privé ne peut lui être présenté après les quatre premières semaines de la session; aucun rapport d'un comité permanent ou spécial sur un bill n'est reçu après les six premières semaines de la session.

114. Toute personne qui voudra obtenir un bill privé, si elle se propose de la présenter au Sénat, devra déposer entre les mains du greffier de cette Chambre, huit jours avant la réunion du Parlement, une copie du bill en langue anglaise ou en langue française, avec une somme d'argent suffisante pour en payer la traduction, laquelle sera faite par les

traducteurs du Sénat, et payer l'impression de 600 exemplaires anglais et de 200 exemplaires français; elle aura pareillement à verser entre les mains du greffier du Sénat, aussitôt après la deuxième lecture du bill, et avant la prise en considération par le comité auquel il aura été renvoyé, une somme de \$200, avec les frais d'insertion de l'acte au corps des Statuts; et elle remettra au commis-greffier du comité un reçu constatant le versement de ces sommes.

A. E. BLOUNT,
Greffier du Sénat.

The Canada Gazette

PUBLISHED BY AUTHORITY.

OTTAWA, SATURDAY, JUNE 16, 1917.

P. C. 1429.

AT THE GOVERNMENT HOUSE AT OTTAWA.

FRIDAY, the 25th day of May, 1917.

PRESENT

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

His Excellency the Governor General in Council, on the recommendation of the Minister of the Interior, is pleased to order that the regulations for the disposal of quartz mining claims on Dominion lands in Manitoba, Saskatchewan, Alberta, the Northwest Territories and the Yukon Territory, approved by Order in Council dated the 13th day of August, 1908, and amended by subsequent Orders in Council, shall be and the same are hereby rescinded, and the following regulations substituted in lieu thereof.

RODOLPHE BOUDREAU,
Clerk of the Privy Council.

QUARTZ MINING REGULATIONS.

1. These regulations shall be applicable to all minerals defined as such on Dominion lands, situated elsewhere than in the province of British Columbia, also to such minerals as are the property of the Crown in the right of the Dominion of Canada within the tract containing $3\frac{1}{2}$ million acres of land acquired by the Dominion Government from the Province of British Columbia and referred to in subsection (b) of section 3 of the Dominion Lands Act.

INTERPRETATION.

2. In the construction of these regulations the following expressions shall have the following meanings, respectively, unless inconsistent with the context:—

‘Mineral’ shall mean all valuable deposits of gold, silver, platinum, iridium, or any of the platinum group of metals, mercury, lead, copper, iron, tin, zinc, nickel, aluminium, antimony, arsenic, barium, bismuth, boron, bromine, cadmium, chromium, cobalt, iodine, magnesium, molybdenum, manganese, phosphorus, plumbago, potassium, sodium, strontium, sulphur (or any combination of the aforementioned

elements with themselves or with any other elements), asbestos, emery, mica, mineral pigments, corundum and diamonds, but excluding radium or any other minerals which may contain radium in sufficient quantity for commercial extraction.

Limestone, marble, clay, gypsum, or any building stone when mined for building purposes, shall not be considered as mineral within the meaning of these regulations.

'Mineral claim' or 'location' shall mean a plot of ground containing mineral, staked out and acquired under the provisions of these regulations.

'Mine' shall mean any land in which any vein or lode, or rock in place, shall be mined for gold or other minerals, precious or base, as defined in these regulations.

'Mining property' shall include every mineral claim, ditch, mill-site, or water right used for mining purposes, and all other things belonging to a mine or used in the working thereof.

'Vein' or 'lode.'—Whenever either of these terms is used in these regulations 'rock in place' shall be deemed to be included.

'Rock in place' shall mean all rock in place bearing valuable deposits of mineral within the meaning of these regulations.

'Full claim' shall mean any mineral claim of the full size.

'Legal post' shall mean a stake or post of any kind of sound timber of sufficient length so that when firmly planted in the ground in an upright position, not less than four feet of such post shall be above ground. The post must be of such diameter that when squared or faced for eighteen inches from the upper end, each face of the squared or faced portion shall be not less than four inches in width across the face for the full eighteen inches, or if a tree of suitable size is found in position, it may be made into a post by cutting the tree off not less than four feet from the ground, and squaring and facing the upper eighteen inches, each face of the portion so squared or faced to be not less than four inches in width. Whether a post is planted or a stump of a tree made into a post, a mound of stones or earth shall be erected around the base of the post, such mound of earth or stones to be not less than three feet in diameter on the ground, and not less than eighteen inches high, cone-shaped and well constructed.

'Location line' of a mineral claim shall mean a straight line opened or indicated throughout between No. 1 and No. 2 location posts of the mineral claim, and joining them.

'Adjoining claims' shall mean those which come into contact one with the other at some point on the boundary lines, or which share a common boundary.

'Representation' or 'assessment' shall mean the work to be done, or the payment to be made each year to entitle the owner of a claim to a certificate of work.

'Mill-site' shall mean a plot of ground located, as described by these regulations, for the purpose of erecting thereon any machinery or other works for transporting, crushing, reducing or sampling ores, or for the transmission of power for working mines.

'Ditch' shall include a flume, pipe or race, or other artificial means for conducting water by its own weight, to be used for mining purposes.

'Minister' shall mean the Minister of the Interior of Canada.

'Mining recorder' shall mean the agent of Dominion lands for a district or other officer appointed by the Government or gold commissioner, for the particular purpose referred to.

'Record,' 'register' and 'registration' shall have the same meaning, and shall mean an entry in some official book kept for that purpose.

'Cause' shall include any suit or action.

'Judgment' shall include 'order' or 'decree.'

'Documents' for the purposes of these regulations shall mean any assignment, transfer, bill of sale or other writing, which may in any way affect the title to a mineral claim.

'Entry' shall mean not only the record of a claim in the books of the mining recorder, but also the grant which may be issued for such claim.

DUTIES OF MINING RECORDER.

3. Every mining recorder shall keep the following books, to be used for quartz entries:—

- (a) Record of applications;
- (b) Record of leases issued;
- (c) Record book; and
- (d) Record of documents received.

4. Every entry made in any of the mining recorder's books shall show the date upon which such entry is made.

5. All books of record and documents filed shall, during office hours, be open to public inspection free of charge.

6. A statement of the grants issued and fees collected shall be rendered by the mining recorder at least every month, and such statement shall be accompanied by

the amount collected, or, if the money has been deposited to the credit of the Receiver General, by the deposit receipts.

7. If a mineral claim has been abandoned or forfeited by any person, the mining recorder may, in his discretion, permit such person to relocate such mineral claim or any part thereof: Provided that such relocation shall not prejudice or interfere with the rights or interests of others.

8. No claim shall be so relocated by or on behalf of the former holder thereof within thirty days of its being so abandoned or forfeited, nor until after notice of such abandonment or forfeiture has been posted up for at least a week in a conspicuous place on the claim and in the office of the mining recorder, nor until a statutory declaration has been filed with the mining recorder that the notice has been so posted.

9. The mining recorder may mark out a space of ground for deposit of leavings and deads from any tunnel, claim or mining ground, upon such terms as he may think just.

10. The mining recorder shall have the power to summarily order any mining works to be so carried on as not to interfere with or endanger the safety of the public or any employee of such mining works, any public work or highway, or any mining property, mineral claim, mining claim, bed-rock drain, or bed-rock flume; and any abandoned works may by his order be either filled up or graded to his satisfaction.

11. Where a claim has been recorded under any name, and the owner or his agent is desirous of changing the same, the mining recorder may, upon application being made by such owner or agent, and upon payment of a fee of \$25, amend the record accordingly: Provided, however, that such change of name shall not in any way affect or prejudice any proceedings or execution against the owners of the said claim.

WHERE AND BY WHOM CLAIMS MAY BE ACQUIRED.

12. Every person eighteen years of age, or over, but not under, shall have the right personally, but not through another except as provided in section 48 of these regulations, to enter, locate, prospect, and mine upon any vacant Dominion lands for the minerals defined in these regulations, and upon all lands the right whereon to to enter, prospect, and mine such minerals has been, or hereafter shall be reserved to the Crown, and also to enter, locate, prospect and mine for gold and silver upon any lands the right whereon so to enter and mine such gold and silver has been, or shall be reserved to the Crown.

13. Excepting, however, lands situated in the province of British Columbia (with the exception made in section 1 of these regulations), and excepting also any land occupied by any building, and any land falling within the curtilage of any dwelling house, and any orchard, and any land valuable for water power purposes, or for the time being actually under cultivation, unless with the written consent of the owner, lessee or locatee or of the person in whom the legal estate therein is vested, and any land on which is situated any church or cemetery, and any land lawfully occupied for mining purposes, and excepting also Indian Reserves, Dominion Forest Parks and military, naval, quarantine or other like reservation made by the Government of Canada.

14. No person shall enter upon for mining purposes, or shall mine upon lands owned or lawfully occupied by another until he has given adequate security, to the satisfaction of the mining recorder, for any loss or damage which may be thereby caused, and persons so entering, locating, prospecting or mining upon any such lands shall make full compensation to the owner or occupant of such lands for any loss or damage so caused, such compensation, in case of dispute, to be determined by a court having jurisdiction in mining disputes.

SIZE OF CLAIMS AND NUMBER WHICH MAY BE ACQUIRED.

15. Any person desiring to locate a mineral claim shall, subject to the provisions of these regulations with respect to land which may be located for such purpose, and having discovered mineral in place within the area proposed to be located by him as a mineral claim, enter upon the same and locate a rectangular plot of ground not exceeding 1,500 feet in length by 1,500 feet in breadth, and subject in extent to the rights acquired to any claim or claims previously located in the vicinity, on which such location may encroach. Where a number of contiguous claims have been located, priority of location shall be deemed to convey priority of right to the claims so located, but no locator shall have any prior rights unless and until he has located his claim in accordance with the provisions of these regulations. Priority of right, however, shall in all cases be subject to the claim being recorded within the delays specified in these regulations, and subsequently maintained in good standing. All angles shall be right angles, except in cases where a boundary line of a previously located claim is adopted as common to both locations, but the boundaries need not necessarily be due north, south, east and west lines. In defining the size of a mineral claim it shall

be measured horizontally, irrespective of the inequalities of the surface of the ground.

16. Any person of the prescribed age having discovered mineral in place, and desiring to locate a fractional mineral claim embracing such discovery, shall, subject to the provisions of these regulations with respect to land that may be located for such purpose, enter upon the same and locate any plot of ground lying between and bounded on opposite sides by previously located mineral claims and known by the locator to measure less than 1,500 feet in length by 1,500 feet in breadth as a fractional mineral claim; such fractional mineral claim need not be rectangular in form and the angles need not necessarily be right angles, and the lines of the previously located mineral claims, whether surveyed or not, between which the fractional mineral claim is located, may be adopted as the boundaries of the fractional mineral claim.

17. No person shall be entitled to acquire in his own name, or in the name of any other person for his benefit, more than one mineral claim on the same vein or lode, except by assignment, but he may locate a claim on each separate vein or lode on which he may have made independent discovery.

18. The Minister may grant a location for the mining of iron and mica, not exceeding 160 acres in area, which shall be bounded by due north and south and east and west lines, and its breadth and length shall be equal. Provided that should any person making any application purporting to be for the purpose of mining iron or mica thus obtain possession of a valuable mineral deposit other than iron or mica, his right to such deposit shall be restricted to the area hereinbefore prescribed for other minerals, and the rest of the location in so far as such valuable deposit is concerned, shall thereupon remain in the Crown for such disposition as the Minister may direct.

19. The grant issued for such a location shall include the right to the iron and mica only, and shall not include the surface.

20. Provided also that all the requirements as to the location and survey of claims contained in these regulations shall govern such locations as far as they can be made to apply, and provided also that the amount to be expended each year in representation work, or to be paid in lieu thereof, shall be double the amounts prescribed in sections 55 and 56 of these regulations.

HOW A CLAIM SHALL BE STAKED.

21. Every claim shall be marked on the ground by two legal posts firmly planted in the ground, one at each extremity of the location line, which shall be known as location post No. 1 and location post No. 2, also by one legal post which shall be called 'discovery post.' The location line may have any bearing or direction, but must be a straight line measured horizontally between the location posts, the distance between post No. 1 and post No. 2 shall not exceed 1,500 feet, but it may be less. (See figures 1 and 2.)

22. The inscriptions to be placed on these posts shall be and remain clearly and legibly marked by knife, marking iron or crayon, but not so as to become illegible or obliterated.

23. On location post No. 1 on the side facing in the direction of location post No. 2 shall be marked, beginning near the top of the portion faced and extending downward, the following:—

- (1) No. 1;
- (2) The name given to the claim;
- (3) The letter indicating the direction of location post No. 2—'N' for north or northerly, 'S' for south or southerly, 'W' for west or westerly, and 'E' for east or easterly;
- (4) The number of feet lying to the right and the number of feet lying to the left of the location line—'R' for right and 'L' for left;
- (5) The month and date of the month upon which the location was made;
- (6) The year;
- (7) The name of the person locating the claim. (See figure 3.)

24. On location post No. 2 shall be marked on the side of that post facing in the direction of location post No. 1, beginning near the upper end of the portion faced and extending downward, the following:—

- (1) No. 2;
- (2) The name given to the claim;
- (3) The month and date of the month upon which the location was made;
- (4) The year;
- (5) The name of the person locating the claim. (See figure 4.)

25. The locator standing at location post No. 1 and facing in the direction of post No. 2 shall have the right and left of the location line to his right and left respectively.

26. Where the location line intersects the lode or vein upon which mineral has been discovered in place the discovery post shall be planted, and shall be marked with the letters 'D. P.' and the name given to the claim. (See figures 5, 6, 7 and 8.)

27. The markings on the location posts of a fractional claim shall be the same as those upon a claim of the full size, with the addition of the letter 'F' for fractional immediately below the name given to the claim, and below this the length of the location line in feet. On the discovery post of such a claim the letter 'F' shall also be placed.

28. In case it is found impossible, owing to the presence of water or other insurmountable obstacle, to set out post No. 2 in its proper position at one end of the location line, the locator may set up a 'witness post' on the location line as near as possible to where post No. 2 should have been placed, and upon this witness post he shall place, in addition to that already prescribed in these regulations to be placed on post No. 2, the letters 'W. P.' and the distance in feet and the direction of the point at which post No. 2 would have been placed had it been possible to do so.

29. If a locator, however, marks his location by means of a witness post and it is subsequently ascertained, to the satisfaction of the Minister, that such action was not necessary, and that it was possible at the time to set post No. 2 in its proper place on the location line, then such witness post shall be considered and dealt with as location post No. 2 of the claim and shall be regarded as the termination of the location line. Location post No. 1, however, shall not under any circumstances be marked with a witness post.

30. When the claim has been located the locator shall immediately mark out the location line joining post No. 1 with post No. 2 so that it may be distinctly seen at every point throughout its entire length. In a timbered locality the line shall be opened up throughout its length by cutting away trees and brushwood and removing obstructions, and trees and brushwood likely to obstruct a clear view of the line throughout its entire length or of the posts marking the claim shall be removed. The trees at each side of and adjoining the location line shall also be marked by placing on each tree three blazes, one blaze on each tree facing the location line and one blaze on each side of the tree in the direction of the said line. In a locality where there is neither timber nor underbrush the locator shall set legal posts or erect monuments of earth or rock, not less than eighteen inches high and three feet in diameter at the base, so that such line may be distinctly seen throughout its entire length.

31. The sides of a mineral claim located as of the full size shall be parallel to the location line of such claim, subject, however, to any claims previously located, and the ends of a mineral claim shall be at right angles to the location line, subject, however, to interference with claims already located. The location line may form one of the sides of a mineral claim, or a portion of the location may lie on either side of such line, provided, however, that the number of feet lying to the right of the location line and the number of feet lying to the left of such location line shall not together exceed in all 1,500 feet.

33. All the particulars required to be put on No. 1 and No. 2 posts shall be furnished by the locator to the mining recorder in writing, at the time the claim is recorded, and shall form a part of the record of such claim. The locator shall submit with his application a plan showing, as nearly as possible, the position of the location applied for in its relation to the prominent topographical features of the district and to the adjoining claims, or some other known point; also the position of the stakes by which the location is marked on the ground.

REMOVING OR DEFACING POSTS.

34. It shall not be lawful to move post No. 1, but post No. 2 may be moved by a Dominion land surveyor when it is found upon making the survey that the distance between post No. 1 and post No. 2 exceeds 1,500 feet in order to place post No. 2 at a distance of 1,500 feet from post No. 1 on the line of location. When the distance

between post No. 1 and post No. 2 is less than 1,500 feet a Dominion land surveyor has no authority to extend the claim beyond post No. 2.

35. It shall not be lawful for any person to move any location post or to deface or to alter in any manner the notices on the same.

36. Any person removing or disturbing with intent to remove any legal post, stake, picket or other mark placed under the provisions of these regulations or defacing or altering in any manner the notices on any of the legal posts placed thereon under these regulations, shall on summary conviction be liable to a fine not exceeding \$100 and costs; and in default of payment of the fine and costs to imprisonment for any period not exceeding six months.

37. When a fractional mineral claim has been located between previously located and unsurveyed mineral claims, and when any such previously located mineral claims are surveyed, if any of the posts of the fractional mineral claim are found to be on the previously located mineral claims, the location of such fractional mineral claim shall not be invalid by reason of the location posts of the fractional mineral claim being on such previously located mineral claims, and the owner of such fractional mineral claim may, by obtaining the permission of the mining recorder of the district, move the posts of the fractional mineral claim and place them on the surveyed line of the adjoining previously located mineral claims.

38. Nothing in these regulations, however, shall be construed to prevent Dominion land surveyors in their operations from taking up posts or other boundary marks when necessary.

RECORDING.

39. Every person locating a mineral claim shall record the same with the mining recorder of the district within which the same is situate within fifteen days after the location thereof if located within ten miles of the office of the said recorder. One additional day shall be allowed for such record for every additional ten miles or fraction thereof. Such record shall be made in a book to be kept for the purpose in the office of the said mining recorder in which shall be inserted the name of the claim, the name of the locator, the locality, the direction and length of the line from post No. 1 to post No. 2, the date of the location, and the date of record. Such record shall be, as nearly as may be possible, in the form 'B' in the schedule of these regulations, which form, duly completed and signed, shall be given by the mining recorder to the locator or his agent. A claim which shall not have been recorded within the prescribed period shall be deemed to have been abandoned and forfeited, without any declaration of cancellation or abandonment on the part of the Crown.

40. In the event of the claim being more than one hundred miles from the recorder's office, and situated where other claims are being located, the locators, not less than five in number, are authorized to meet and appoint one of their number an 'emergency recorder.'

41. The emergency recorder shall, at the earliest possible date after his appointment, notify the Government mining recorder for the district in which the claims are of such appointment, and he shall deliver to such mining recorder the applications which he may have received for mineral claims and the fees which he may have collected for recording the same. The Government mining recorder shall then grant to each person from whom the emergency recorder has accepted an application and a fee an entry for his claim in the form 'B' of these regulations, provided such application was made in accordance with the provisions of these regulations on form 'A' or 'A-1' thereof. The entry to date from the day the emergency recorder accepted the application and fee. If the emergency recorder fails within four months to notify the Government mining recorder of his appointment, or to deliver to him the applications received and the fees collected, entry for such claims may be refused in the discretion of the Minister.

42. No mineral claim shall be recorded without the application being accompanied by an affidavit or solemn declaration made by the applicant on form 'A' of these regulations, or if it be a fractional claim in the form 'A-1.'

43. Provided that failure on the part of the locator of a mineral claim to comply in every respect with the foregoing provisions shall not be deemed to invalidate such location, if upon the facts it shall appear to the satisfaction of the mining recorder that such locator has actually discovered mineral in place on the location, and has staked out such location as nearly as possible in the manner prescribed, and that there has been on his part a *bona fide* attempt to comply with all the provisions of these regulations, and that the non-observance of any of the formalities hereinbefore referred to is not of a character calculated to mislead other persons desiring to locate claims in the vicinity. The mining recorder may, however, before granting entry require the locator to immediately remedy any material defaults committed in the observance of the formalities required by these regulations in respect of the location of a mineral claim, and if such defaults are not remedied within a period to be fixed by the mining recorder, and to his satisfaction, entry may be refused.

44. A locator shall not be entitled to a record of a mineral claim until he shall have furnished the mining recorder with all the particulars necessary for such record.

45. The record of a mineral claim shall be made at the office of the mining recorder of the district in which the claim is situated, but the application may be made to an agent or a sub-agent of Dominion lands to be forwarded to the mining recorder for the district in which the claim is situated. The date upon which the application and fee may be received in the office of the mining recorder for the district in which the claim is situated, however, shall govern, and shall be considered the date of the application.

46. Where a tunnel is run for the development of a vein or lode the owner of such tunnel shall, in addition to any mineral claim legally held by him, have the right to all veins or lodes discovered in such tunnel, provided that the ground containing such veins or lodes be marked out by him as a mineral claim, and provided further, that such veins or lodes are not included in any existing mineral claim. Any money or labour expended in constructing a tunnel to develop a vein or lode shall be deemed to have been expended on such vein or lode.

47. Any person upon satisfying a mining recorder that he is about to undertake a *bona fide* prospecting trip to a distant part of the district, may receive written permission from the mining recorder to record at his own risk a claim within the mining district at any time within a period not exceeding six months from the date upon which such written permission was given.

48. No record shall be granted for a claim which has not been staked by the applicant in person in the manner specified in these regulations: Provided that if any person satisfies the mining recorder that he is about to undertake a *bona fide* prospecting trip to a distant part of the district, and files with the mining recorder in advance a power of attorney from any number of persons, not exceeding two, authorizing such person to stake claims for them in consideration of their having enabled him to undertake the trip, he may stake one claim in the name of each such person upon any lode or vein upon which he may make independent discovery.

49. The holder of a mineral claim shall be entitled to all minerals to which these regulations apply, the property of the Crown, which may lie within his claim, but he shall not be entitled to mine outside the boundary lines of his claim continued vertically downwards.

50. Any location made upon Sunday or any public holiday shall not for that reason be invalid.

51. The interest of a grantee of a mineral claim shall, prior to the issue of a lease, be deemed to be a chattel interest, equivalent to a lease of the minerals in or under the land for one year, and thence from year to year, subject to the performance and observance of all the terms and conditions of these regulations.

ABANDONMENT.

52. A holder of a mineral claim may at any time abandon the same or relinquish his lease thereof, provided he has complied in every respect with the provisions of the regulations, and that all payments on account of rental or other liability to the Crown, due by him in connection with such claim, have been fully made. Notice in writing of his intention to abandon shall be given to the mining recorder, and from the date of the record of such notice all interest of such holder in such claim shall cease.

53. When the holder of a mineral claim abandons it he shall have the right to take from the same any machinery and any personal property which he may have placed on the claim, and any ore which he may have extracted therefrom, within such time as shall be fixed by the mining recorder, provided all payments due on account of rental or other liability to the Crown in connection with the claim have been fully made.

GROUPING.

54. Adjoining claims, not exceeding eight in number, may be worked by the owners thereof in partnership upon filing a notice of their intention with the mining recorder and upon obtaining a certificate according to form 'E' of these regulations. This certificate will allow the holders thereof to perform on any one or more of such claims all the work required to entitle him or them to a certificate of work for each claim so held by him or them. If such work shall not be done, or if payment shall not be made in lieu thereof as prescribed in section 56 of these regulations, the claims shall be deemed to be vacant and abandoned without any declaration of cancellation or forfeiture on the part of the Crown.

REPRESENTATION.

55. Any person having duly located and recorded a mineral claim shall be entitled to hold it for the period of one year from the date of recording the same, and thence from year to year without the necessity for re-recording: Provided, however, that

during each year and each succeeding year such locator shall do, or cause to be done, work on the claim itself to the value of \$100, and shall within fourteen days after the expiration of the year, satisfy the mining recorder that such work has been done, by an affidavit in the form 'C' of these regulations, and setting out a detailed statement of such work, and shall obtain from the mining recorder a certificate of such work having been done on form 'D' hereto. Provided also that all work done outside of a mineral claim with intent to work the same shall, if such work has direct relation and be in direct proximity to the claim, be deemed, if to the satisfaction of the mining recorder, for the purpose of this section, to be work done on the claim.

56. The holder of a mineral claim may, in lieu of the work required to be done by section 55 of these regulations on a claim each year, pay to the mining recorder in whose office the claim is recorded the sum of \$100, and receive from such mining recorder a receipt for such payment. Such payment and the record thereof in any year shall relieve the person making it from the necessity of doing any work during year in and for which and upon the claim in respect of which such payment is recorded, and he shall be entitled to a certificate of work for the year.

57. If, however, the prescribed amount of work is not done during the year, or if payment is not made in lieu thereof, as provided in section 56 of these regulations, the claim shall, at the expiration of the period of fourteen days provided for, lapse and shall forthwith be open to re-location under these regulations without any declaration of cancellation or forfeiture on the part of the Crown.

58. If the recorded owner of a fractional mineral claim furnishes evidence, to the satisfaction of the mining recorder, that the area of such claim is less than twenty-five acres, the expenditure required to be incurred each year in mining operations on such fractional claim, or the payment to be made in lieu thereof, to entitle the recorded owner to a certificate of work shall be one-half that required under these regulations in respect of a full claim. If, however, upon survey, a fractional claim in connection with which such representations have been made is found to contain twenty-five acres, or more, the recorded owner thereof shall pay to the mining recorder whatever additional amount may be necessary to represent a full claim, with interest, before he shall be entitled to receive a certificate of improvements in connection with such claim.

59. If two or more persons own a claim, each such person shall contribute, proportionately to his interest, to the work required to be done by section 55 of these regulations, and in the event of its being proven to the mining recorder or the gold commissioner, after notice of hearing has been served as directed on all parties interested, that any co-owner has not done so, his interest shall become vested by order of the gold commissioner or mining recorder in the other co-owner or co-owners according to their former interests.

DISPUTES.

60. In case of any dispute as to the location of a mineral claim the title to the claim shall be recognized according to the priority of such location, subject to any question as to the validity of the record itself, and subject, further, to the locator having complied with all the terms and conditions of these regulations.

61. Upon any dispute as to the title to any mineral claim, no irregularity happening previous to the date of the record of the last certificate of work shall affect the title thereto, and it shall be assumed that up to that date the title to such claim was perfect, except upon suit by the Attorney General of Canada based upon fraud.

62. Whenever through the acts or default of any person other than the recorded owner of a mineral claim or his agent by him duly authorized, the evidence of the location or record on the ground, or the situation of a mineral claim has been destroyed, lost or effaced, or is difficult of ascertainment nevertheless effect shall be given to same as far as possible, and the court shall have power to make all necessary inquiries, directions and references in the premises, for the purpose of carrying out the object hereof, and vesting title in the first *bona fide* acquirer of the claim.

63. No person shall suffer from any acts of omission or commission, or delays on the part of any Government official, if such can be proven.

TITLE.

64. Payment may be made to the mining recorder of the sum of \$500 in lieu of expenditure on a claim of the ordinary size, and in the case of a claim of excessive size, acquired under the provisions of section 18 of these regulations, payment may be made of double that amount in lieu of such expenditure. In case payment in lieu of expenditure is made, the recorded owner of the claim shall comply with all other provisions of these regulations, except such as have respect solely to the work required to be done on the claim.

65. Whenever the lawful holder of a mineral claim shall have complied with the following requirements, to the satisfaction of the mining recorder, he shall be entitled to receive from the recorder a certificate of improvements, form 'F' in respect of

such claim, unless proceedings by the person claiming an adverse right under section 70 of these regulations have been taken:—

(a) Done or caused to be done work on the claim itself in developing a mine to the value of \$500, exclusive of the cost of all houses, buildings and other like improvements, or made payment in lieu as provided in section 56 of these regulations. The value of the work done, as assessed by the mining recorder, and the amount paid and accepted in lieu thereof, shall together be equal to at least \$500. In the case of a fractional claim, however, the work to be done or the payment to be made in lieu thereof shall be that specified in section 58 of these regulations. For the purposes of this section work done on a claim by a predecessor or predecessors in title shall be deemed to have been done by the person who receives a transfer of such claim. The cost of the survey, not to exceed \$100, however, may be counted as work done on the claim: Provided it has been accepted in lieu of representation work;

(b) Found a vein or lode within the limits of such claim;

(c) Had the claim surveyed at his own expense in accordance with instructions from the Surveyor General, by an authorized Dominion land surveyor, and had the survey thereof duly approved;

(d) Shall have posted in some conspicuous part of the land embraced in the survey a copy of the plan of the claim signed and certified as accurate under oath by the surveyor, and a legible notice in writing in form 'G' of the schedule of these regulations, of his intention to apply for a certificate of improvements, and shall also have posted a similar notice in the mining recorder's office, and such notice shall contain:—

(1) The name of the claim;

(2) The name of the lawful holder thereof;

(3) His intention to apply for a certificate of improvements at the end of sixty days for the purpose of obtaining a lease;

(4) The date of the notice.

(e) Inserted a copy of such notice in a newspaper published in and circulating in the district in which the claim is situated (such paper to be approved by the mining recorder) for at least sixty days prior to such application, which insertion can be made at any time after the posting of the notice on the claim. If no paper is published in the district, then the notice shall appear in the nearest published paper;

(f) Shall have filed with the mining recorder a copy of the surveyor's original plan of the claim, signed and certified as accurate under oath by the surveyor, immediately after posting the notice on the claim of his intention to apply for a certificate of improvements;

(g) Filed with the mining recorder an affidavit of the holder of the claim, or his duly authorized agent, in the form 'H' in the schedule of these regulations;

(h) At the expiration of the term of the said publication, provided no action shall have been commenced and notice thereof filed with the mining recorder, he shall forward to the owner or agent the certificate of improvements issued, and to the department a copy thereof, together with the several documents referred to above, and a certificate in the form 'I' of the schedule to these regulations showing that the notice provided by subsection (d) of this section, or by section 80 of these regulations, has been posted in his office, and the plan deposited for reference therein from the date of the first appearance of the said notice in the nearest local newspaper and continuously therefrom for a period of at least sixty days, and containing the full Christian and surname of the recorded owner, or of each of the recorded owners, as well as the occupation and respective interest.

(i) A certificate of improvements shall not be issued until a report has been furnished by an officer of the department, or some person satisfactory to the mining recorder, to the effect that upon inspection he was satisfied that the required expenditure in developing a mine had been actually incurred, and that a vein or lode had been found within the limits of the claim. Delay in having an inspection made after the recorded owner of a mineral claim has fully complied with the above requirements shall not render it necessary for such owner to perform further representation work, or make payment in lieu, because of such delay.

66. In case a claim is situated in a remote part of the country, very difficult of access, where other claims have not been recorded, and where other persons are not engaged in prospecting, and where no newspaper is published within a distance of one hundred miles, the Minister may, in his discretion, waive posting of notice on the claim and publication of the same in a newspaper as provided in subsections (d) and (e) of section 65 of these regulations.

67. A certificate of improvements when issued as aforesaid shall not be impeached in any court on any ground except that of fraud.

68. After the issue and recording of such certificate of improvements, and while such certificate shall be in force but a lease not yet issued, it shall not be necessary to do any work on such claim.

69. The holder of a mineral claim for which a certificate of improvements has been granted and recorded shall be entitled to a lease of such claim upon payment being made within three months of the rental and fee prescribed by section 99 of these regulations.

ADVERSE RIGHT.

70. In case any person shall claim an adverse right of any kind, either to possession of the mineral claim referred to in the application for certificate of improvements, or any part thereof, or to the minerals contained therein, he shall, within sixty days after the first publication in the nearest local newspaper of the notice referred to in subsection (e) of section 65 or in section 80 of these regulations (but not later, unless such time shall be extended by special order of the court upon cause being shown) commence legal action to determine the question of the right of possession or otherwise enforce his said claim, and shall file a copy of the writ, information, bill of complaint, or other initiatory proceeding in said action with the mining recorder of the district or mining division in which the said claim is situated within twenty days from the commencement of said action, and shall prosecute the said action with reasonable diligence to final judgment, and a failure to so commence or so to prosecute shall be deemed to be a waiver of the plaintiff's claim. After final judgment shall have been rendered in the said action the person, or any one of the persons entitled to possession of the claim or any part thereof, may file a certified copy of the same in the office of the mining recorder. After the filing of the said judgment, and upon compliance with all the requirements of section 65 of these regulations, such person or persons shall be entitled to the issue to him or to them of a certificate of improvements in respect of the claim or the portion thereof which he or they shall appear from the decision of the court rightly to possess: Provided that this section shall not apply to any adverse claim or action to enforce the same commenced prior to the date of these regulations coming into force, but the same shall be continued in the same manner as if these regulations had not been passed.

71. If an adverse claim shall affect only a portion of the ground for which application is made for a certificate of improvements, the applicant may relinquish the portion covered by the adverse claim, and still be entitled to a certificate of improvements for the undisputed remainder of his claim, upon complying with the requirements of these regulations. When judgment in such case is rendered by the court a memorandum of such judgment shall be entered in the 'record book' by the mining recorder; and if by any judgment the original boundaries of any claim shall be changed, a plan made by a Dominion land surveyor, and signed by the judge by whom the judgment has been given, shall be filed with the mining recorder, who shall forward it to the Department of the Interior.

ADDRESS FOR SERVICE.

72. Every application for a mineral claim, and every other application, and every transfer or assignment of a mineral claim, or of an interest therein, acquired under the provisions of these regulations, shall contain, or shall have endorsed thereon, the place of residence and the post office address of the applicant, transferee or assignee, and his occupation; and no application, transfer or assignment shall be accepted or recorded unless it conforms with this provision.

WHAT ENTRY OR LEASE CONVEYS.

73. The holder of a mineral claim, by entry or by lease, located on vacant Dominion lands shall be entitled to all minerals within the meaning of these regulations found in veins, lodes or rock in place, and whether such minerals are found separately or in combination with each other in, upon or under the lands included in such entry or lease; together with the right to enter upon and use and occupy the surface of the claim, or some portion thereof and to such extent as the Minister may consider necessary, for the efficient and miner-like operation of the mines and minerals contained in the claim, but for no other purpose; including the right to cut free of dues such of the timber on the claim or such portion thereof as may be necessary for the working of the same, but not for sale or traffic, except where such timber has been granted or disposed of prior to the date of entry. The timber agent, however, may permit any person to cut and remove from the claim timber for his own use for mining purposes, when such timber cannot otherwise be had within a reasonable distance, but no such permit shall convey the right to cut or remove timber required by the holder of the claim for his mining operations actually in progress.

74. In the Yukon Territory the timber on a mineral claim shall, subject to the rights existing at the time of the application therefor, be reserved until the mining recorder certifies that the same is required for use in connection with mining operations actually in progress on such mineral claim, when the right to use such timber, or any portion thereof, free of dues, may be given the holder of such mineral claim by the Crown timber and land agent with the approval of the commissioner of the territory. The commissioner, however, may authorize the timber agent to issue a permit to any person to cut and remove from such mineral claim timber required by him for his own use in mining operations when such timber cannot otherwise be obtained within a reasonable distance of the place of his mining operations.

75. A lease of a mineral claim located on lands the surface rights of which have been disposed of but the right whereon to enter, prospect and mine for minerals has been reserved to the Crown, shall convey to the lessee the minerals within the meaning of these regulations found in veins or lodes, or rock in place, and whether such minerals are found separately or in combination with each other, which may be in, upon, or under the land described in the lease, but shall convey no right of entry upon such surface.

76. Where the mineral claim is located on land lawfully occupied under a timber license the lease shall convey the minerals within the meaning of these regulations found in veins or lodes, or rock in place, subject to the provisions of section 14 of these regulations, but shall reserve the timber.

77. A lease of a mineral claim located on lands the surface rights of which have been disposed of, but the right whereon to enter and mine gold and silver has been reserved to the Crown, shall convey to the lessee the right to the gold and silver found in veins or lodes, or rock in place, which may be in, upon, or under the land described in the lease, but shall convey no right of entry upon the surface.

78. A lease of a mineral claim issued under the provisions of these regulations shall reserve to the Crown such right or rights of way and of entry as may be required under any regulations in that behalf now or hereafter in force in connection with the construction, maintenance and use of works for the conveyance of water for mining operations.

SURVEYS.

79. The recorded owner of a mineral claim shall have a survey thereof made at his own expense by a duly qualified Dominion land surveyor under instructions from the Surveyor General within one year from the date upon which notification by the proper officer of the Department of the Interior to do so may be sent to him. Such notification, however, shall not be given until the expiration of at least one year from the date upon which the claim was recorded. If the survey is not made, and if the returns of such survey are not received and approved by the Surveyor General within one year from the date of notification, the entry granted for the mineral claim shall be subject to immediate cancellation in the discretion of the Minister. The owner of a claim may, however, have such survey made at any time after obtaining record without any notification having been sent to him to do so.

80. The cost of the survey of a mineral claim, made in accordance with the provisions of sub-clause (c) of section 65 of these regulations, may be accepted in lieu of representation work on the claim for the year in which the survey is made; and the survey so made shall be accepted as definitely establishing the boundaries of the claim, provided that notice in the form 'J' in the schedule of these regulations of such survey is immediately inserted, for a period of not less than sixty days, in a newspaper published in or circulating in the district in which the claim is situated, such paper to be approved by the mining recorder, and provided further that the owner of the claim prior to the first appearance of this advertisement shall cause to be posted in a conspicuous spot on the claim, and in the office of the mining recorder for the district, a notice in the same form of his intention to advertise the survey of the claim, and also a copy of the plan of the survey prepared and certified correct, under oath, by a Dominion land surveyor. The survey shall be accepted as defining absolutely the boundaries of the claim surveyed, provided it remains unprotested during the period of publication, and provided it has been duly approved by the Surveyor General. If, however, within the time specified the survey is protested the protest shall be heard and decided upon by procedure similar to that provided for in section 70 of these regulations.

81. The surveyor shall accurately define and mark the boundaries of such claim on the ground in full compliance with the instructions issued to him, and shall, on completion of survey forward to the Surveyor General at Ottawa the original field notes and plan signed and certified as accurate under oath. After a certificate of improvements has issued in respect of any claim so surveyed, *prima facie* evidence of its location upon the ground may be given by any person who has seen and who can describe the position of such posts purporting to be marked as aforesaid.

82. In case either post No. 1 or post No. 2 of a mineral claim be on the boundary line of a previously located claim, which boundary line is not at right angles to said location line, the Dominion land surveyor when making the survey may include the fraction so created within the claim which is being surveyed: Provided always that such fraction is available and open to disposal and that the claim including the fraction does not exceed in area 61.65 acres.

83. A Dominion land surveyor when surveying a fractional mineral claim may survey such claim so that it shall contain as nearly as possible all the unoccupied ground lying between the previously located mineral claim as described in the affidavit and sketch furnished by the locator when the claim was recorded, provided that no side of a fractional claim so surveyed shall exceed 1,500 feet in length, and provided also that the area of the claim as surveyed shall be less than 61.65 acres.

84. The surveyor shall, in the discretion of the Surveyor General, connect the survey of the claim with some known point in a previous survey, or with some other known point or boundary, so that the position of the claim may be definitely fixed on the plans of the Department.

85. It shall be the duty of the surveyor, before proceeding with the survey, to examine the application made for the claim and the plan which accompanied such application, and before completing the survey to ascertain by careful examination of the ground, or by all other reasonable means in his power, whether or not any other subsisting claim conflicts with the claim he is surveying, and he shall furnish with his returns of survey a certificate, duly signed by him, in the following form:—

I hereby certify that I have carefully examined the ground included in mineral claim surveyed by me, and have otherwise made all reasonable investigations in my power to ascertain if there was an other subsisting claim conflicting therewith, and I certify that I have found no trace or indication and have no knowledge or information of any such claim except as follows: (if none so state, if any give particulars.)

86. Should the survey of a claim be made and advertised in the manner specified herein before the recorded owner of the claim has sufficiently complied with the regulations to admit of his applying for a certificate of improvements, then the posting and publication of notice of the survey of the claim in the manner indicated shall be accepted as satisfaction of the posting and advertising requirements of section 65 of these regulations, but before a certificate of improvements shall be issued in connection with such a claim all the other requirements of section 65 shall be fully complied with.

TRANSFER OF A MINERAL CLAIM.

87. No transfer of an entry for any mineral claim, or of any interest therein, shall be effectual unless the same is in writing and accompanied by the record of entry (form 'B'), signed by the transferrer, or by his agent authorized in writing, and recorded by the mining recorder; and, if signed by an agent, the authority of such agent shall be recorded before the record of such transfer. The assignment shall be in duplicate, signed and sealed by the assignor in the presence of a witness, who shall furnish proof of execution by affidavit, and when recorded the mining recorder shall return to the assignee one copy thereof with a certificate endorsed thereon that it has been recorded in his office, and retain the other copy.

88. If the record of entry (form 'B') has been lost or destroyed, the mining recorder may, upon receipt of evidence to his satisfaction, supported by the affidavit of the recorded owner or owners, or one of them, if possible, that such is the case, and upon receipt of a fee of \$5 issue a "substitutional" record of entry which shall be so marked, and which shall be as far as practicable a copy of the record of entry (form 'B') originally issued for such claim, which substitutional record shall be endorsed in the manner above prescribed.

89. Every conveyance, bill of sale, mortgage or other document of title relating to any mineral claim for which entry has been granted under the provisions of these regulations shall be recorded with the mining recorder: Provided always, that the failure to so record any such document shall not invalidate the same as between the parties thereto, but such documents as to third parties shall take effect from the date of record, and not from the date of such document.

90. After a lease of a mineral claim has been issued, an assignment of the whole or an undivided interest in such claim shall be filed with the Minister, accompanied by a fee of \$2 and by the lessee's copy of the lease, but no such assignment shall be accepted or registered unless it is unconditional and its execution proved to the satisfaction of the Minister, and unless the regulations in respect of such claim have been fully complied with.

91. If the holder of a mineral claim, after applying for a certificate of improvements shall sell and transfer such claim, upon satisfactory proof of such sale and transfer being made to the mining recorder, the new holder of the claim shall be entitled to a certificate of improvements in his own name.

92. If a transfer shall be made to any person or company after a certificate of improvements shall have been issued, but before a lease has been prepared, upon proper proof of such transfer being made to the satisfaction of the Minister, and upon receipt of a new certificate in the form 'I' of these regulations, the lease may issue to the new holder of the claim.

93. The issue of a lease shall not invalidate any lien which may have been attached to any mineral claim previous to the issuance of such a lease.

ROYALTY.

94. The lease of a mineral claim shall reserve to the Crown such royalty on the sales of the products of the location described in such lease as may from time to time be fixed by Order of the Governor in Council, the royalty to be collected in such manner as may be prescribed by the Minister. The same royalty may be collected on the sales which may be made prior to the issue of a lease.

95. No royalty or export tax shall be charged on gold extracted from a mineral claim in the Yukon Territory, as defined by these regulations, for a period of ten years from the 16th day of May, 1911.

96. No royalty shall be charged on the products of locations granted under the provisions of these or any previous regulations for the mining of iron for a period of twenty years from the 1st day of January, 1908, that is, up to the 1st day of January, 1928, and no reservation shall be made in the leases issued for such locations of a royalty on the sales of the products thereof during that period, that is, up to the 1st day of January, 1928. Provision, however, shall be made in the lease that at the termination of the above period of twenty years, the location described therein shall be subject to whatever regulations in respect of royalty may be made.

97. No royalty shall be charged on the products of copper mining locations up to the 1st day of January, 1921, and no reservation shall be made in the leases issued for such locations of a royalty on the sales of the products thereof during that period. Provision, however, shall be made in such leases that on and after the 1st day of January, 1921, the locations described therein shall be subject to whatever regulations may be made in respect of royalty.

TERM OF LEASE AND RENTAL.

98. The lease shall be for a term of twenty-one years, renewable for a further term of twenty-one years, provided the lessee furnishes evidence to the satisfaction of the Minister that during the term of the lease he has complied in every respect with the conditions of such lease and with the provisions of the regulations, and subject to renewal for additional periods of twenty-one years on such terms and conditions as may be prescribed by the Governor in Council.

99. The rental of a whole or fractional mineral claim granted under a lease shall be \$50, payable in advance within three months after the date upon which a certificate of improvements in connection with the claim may be issued, and no further rental shall become due or payable in connection with such claim until the termination of the above period of twenty-one years. For a renewal of the lease the lessee shall pay in advance the sum of \$200 to cover the rental for a further period of twenty-one years. For the rental of a claim of excessive size, as specified in section 18 of these regulations, the rental shall be \$150 for the first period of twenty-one years, and a rental of \$500 for a renewal period of like duration. The fee for the issue of a lease of a mineral claim shall be \$5.

100. In case payment of the rental and fee for the first term of twenty-one years is not made within the prescribed period of three months from the date of the certificate of improvements, or in case payment is not made of the rental for the renewal term within three months from the date upon which it becomes due, then all right to the claim or to a lease thereof, or to a renewal of such lease, shall absolutely lapse without any declaration of cancellation or forfeiture on the part of the Crown, and such rights shall immediately be and become re-invested in the Crown.

101. The lessee shall not assign, transfer or sublet the rights described in his lease, or any interest therein, without the consent in writing of the Minister being first had and obtained.

102. The lease shall be in such form as may be determined by the Minister, in accordance with the provisions of these regulations.

TREATMENT OF ORES IN CANADA.

103. All grants and leases issued under the provisions of these regulations shall be subject to the provision that all ores or minerals mined from locations described in such grants or leases shall be treated and refined within the Dominion of Canada so as to yield refined metal or other product, suitable for direct use in the arts without further treatment; in default whereof the grant or lease issued for such lands shall

be and become null and void, and the said lands shall forthwith revert to and become re-vested in the Crown freed and discharged of any interest or claim of any other person or persons whomsoever, and shall be open to disposal in such manner as the Minister may decide.

ARBITRATION.

104. In case the surface rights of a mineral claim are covered by a timber license, or by a petroleum, grazing or coal mining lease, or any other form of a terminable grant the lease shall not authorize entry thereon, without the permission of the Minister being first had and obtained, and such permission shall be given subject to such conditions for the protection of the rights of such lessee or licensee as it may be considered necessary to impose.

105. In case the surface rights of a mineral claim have been patented, or have been disposed of by the Crown under any Act or regulation which contemplates the earning of patent for such surface rights, and the lessee of the mineral claim cannot make an arrangement with the owner of such surface rights, or with his agent, or the occupant thereof, for entry upon the location, or for the acquisition of such interest in the surface rights as may be necessary for the efficient and economical operation of the rights acquired under his lease, he may (provided the mineral rights in the land affected with access thereto and the right to use and occupy such portion of the land as may be necessary for the effectual working of the minerals therein have been reserved to the Crown in the original grant of the surface rights) apply to the Minister for permission to submit the matter in dispute to arbitration. Upon receiving such permission in writing, it shall be lawful for the lessee to give notice to the owner, or his agent, or the occupant, to appoint an arbitrator, within a period of sixty days from the date of such notice, to act with another arbitrator named by the lessee, in order to determine what portion of the surface rights the lessee may reasonably acquire.

(a) For the efficient and economical operation of the rights and privileges granted him under his lease;

(b) The exact position thereof; and

(c) The amount of compensation to which the owner or occupant shall be entitled.

106. The notice mentioned in this section shall be according to a form to be obtained upon application to the mining recorder for the district in which the land in question is situated, and shall, when practicable, be personally served on the owner of such land, or his agent, if known, or the occupant thereof, and after reasonable efforts have been made to effect personal service without success, then such notice shall be served by leaving it at or sending it by registered mail to the last known place of abode or address of the owner, agent or occupant, and by posting a copy of the same in the office of the mining recorder for the district in which the land in question is situate. Such notice shall be ten days if the owner or his agent resides in the district in which the land is situate, if out of the district and if in the province or territory, twenty days, and if out of the province or territory, thirty days, before the expiration of the time limited in such notice. If the owner, or his agent, or the occupant of the land refuses or declines to appoint an arbitrator, or when, for any reason, no arbitrator is so appointed in the time limited therefor in the notice provided for by this section, the mining recorder for the district in which the land in question is situate shall forthwith, on being satisfied by affidavit that such notice has come to the knowledge of such owner, agent or occupant, or that such owner, agent or occupant, wilfully evades the service of such notice, or cannot be found, and that reasonable efforts have been made to effect such service, and that the notice was left at the last place of abode or known address of such owner, agent or occupant as above provided, appoint an arbitrator on his behalf.

107. In case two arbitrators cannot agree upon the award to be made, they may, within a period of ten days from the date of the appointment of the second arbitrator select a third arbitrator, and when two such arbitrators cannot agree upon a third arbitrator, the mining recorder for the district in which the land in question is situate shall forthwith select such third arbitrator.

108. All the arbitrators appointed under the authority of these regulations shall be sworn before a justice of the peace to the impartial discharge of the duties assigned to them, and after due consideration of the rights of the owner and the needs of the lessee, they shall decide as to the particular portion of the surface rights which the latter may reasonably acquire for the efficient and economical operation of the rights and privileges granted him under his lease, the area thereof, and the amount of compensation therefor to which the owner or occupant shall be entitled.

109. In making such valuation the arbitrators shall determine the value of the land irrespective of any enhancement thereof from the existence of minerals thereunder.

110. The award of any two such arbitrators made in writing shall be final, and shall be filed with the mining recorder for the district in which the land is situate

within twenty days from the date of the appointment of the last arbitrator. Upon the order of the Minister the award of the arbitrators shall immediately be carried into effect.

111. The arbitrators shall be entitled to be paid a per diem allowance of \$5 together with their necessary travelling and living expenses, while engaged in the arbitration, and the costs of such arbitration shall be in the discretion of the arbitrators.

ADMINISTRATION OF THE ESTATES OF DECEASED OR INSANE MINERS.

112. If the owner of a claim for which a lease has not yet been issued, or if the owner of an interest in such a claim dies, or is adjudged to be insane, the provisions of these regulations as to forfeiture for non-performance of work or payment of fees shall not apply except as hereinafter provided, in the first case, either during his last illness or after his decease, and in the second case, either after he has been so adjudged insane, or, if it appears that the neglect or omission on account or by reason of which such claim would otherwise have been deemed to be forfeited was attributable to his insanity, then during such period prior to his having been adjudged insane as he may have been shown to have been insane.

113. The Minister, or in the case of the Yukon Territory, the commissioner, may limit the period during which all or any interest in any mineral claim, the property of such deceased or insane person, shall be exempt from the provisions of the regulations, which require annual performance of work and payment of fees, and may fix the date upon which the same shall again become subject to all the provisions of these regulations.

114. At the termination of the period fixed the claim shall become subject to all the provisions of these regulations, and if such regulations are not complied with the title thereto shall be absolutely forfeited in the event of the estate of such deceased person being the sole owner of the claim, and the same shall forthwith be open for re-location without any declaration or cancellation of forfeiture on the part of the Crown. In the event, however, of such an estate being a co-owner the interest of the estate shall thereupon *ipso facto* become vested in the other co-owners who have complied with the regulations, in proportion to their respective interests.

115. The Minister, or in the case of the Yukon Territory, the commissioner, may by order from time to time extend the period of such exemption as the necessity of the case may in his opinion demand, provided that in the case of deceased persons the period during which such exemption shall apply shall not extend beyond three years from the date of the death of the deceased.

116. If there is no other legal representative of the estate of any such deceased or insane person the Minister, or in the case of the Yukon territory, the commissioner, may cause the public administrator, or such responsible officer as he may name, to take possession of such property and administer the same subject to the provisions of any ordinance in force respecting the administration of the estates of deceased or insane persons in the province or territory in which the property lies.

117. No exemption of the interest of a deceased or insane owner in any claim shall apply to or exempt any co-owner's interest from the provisions of these regulations, as to the annual performance of work and payment of fees, and the rights of such co-owners shall be entitled to protection provided they do or cause to be done the prescribed representation work and pay the prescribed fees necessary in connection with those interests not exempted from performance of work and payment of fees.

118. Where the estate of a deceased or insane person owns an interest in a claim, and the co-owners who are required to perform work and pay fees have, during the period of such exemption, failed to perform the work required to be done thereon, the interest of such co-owners may, upon such failure being proved to the satisfaction of the mining recorder, after notice of hearing has been served upon all persons interested in the manner prescribed by him, be vested by order of the mining recorder in such estate.

119. Any person receiving from the public administrator or other legal representative of the estate of a deceased or insane person an assignment of a claim that has been exempted from the provisions of the regulations as to performance of work and payment of fees, because of the death or insanity of the owner thereof, shall record such assignment within two months from the date thereof, and after the assignment has been recorded the claim shall again become subject to all the provisions of these regulations. If the assignment is not so recorded the provisions exempting such claim shall cease to apply and the claim shall, at the expiration of the said two months, become absolutely forfeited and shall be open to re-location and entry.

120. Any person receiving from the public administrator, or other legal representative of the estate of a deceased or insane person, an assignment of an interest

in a claim which has been exempted from the provisions of these regulations as to performance of work and payment of fees, because of the death or insanity of the owner thereof, and on which the other co-owner or co-owners are required to perform work and pay fees, shall, within two months from the date of such assignment, record the same and comply with the provisions of the regulations in respect of representation from the day of the recording of such transfer. If the assignment is not so recorded, and if the regulations are not otherwise complied with, the interest in question shall thereupon *ipso facto* become vested in the other co-owner or co-owners in proportion to their respective interests. If the co-owners who are required to perform work and pay fees have failed to do so, the interest of such co-owner or co-owners may, upon such failure being proved to the satisfaction of the mining recorder after notice of hearing has been served upon all persons interested, become vested in the co-owner who has acquired the interest of the estate in such claim, and who may have complied with the provisions of these regulations.

MILL-SITES.

121. The Minister may, in his discretion, grant to the lessee of a mineral claim a lease of a tract of available, unoccupied and unreserved Crown land, not known to contain mineral of commercial value and not exceeding five acres in area, as a mill-site. Lands valuable for water-power purposes shall not be open to lease for this purpose except by authority of the Governor in Council.

122. The mill-site shall be marked on the ground and surveyed in the same manner as a mineral claim, and shall be as nearly as possible in the form of a square, the boundaries being due north and south and due east and west lines. The term of the lease shall be concurrent with the lease of the mineral claim in connection with which the mill-site is applied for, or for such period as the Minister may decide, and the rental shall be at the rate of \$1 an acre per annum, payable yearly in advance from the date of application.

123. In case the mill-site is not utilized as such to the satisfaction of the Minister, within three years from the date of the lease, such lease shall be subject to cancellation in the discretion of the Minister.

TUNNELS AND DRAINS.

124. Any holder of a mineral claim by entry or by lease may, in the discretion of the mining recorder, obtain permission to run a drain or tunnel for drainage or any other purpose connected with the development or working of such claim or mine through any occupied or unoccupied lands, whether mineral or otherwise, upon security being first deposited or given to such mining recorder to his satisfaction for any damage that may be done thereby, and upon such other terms as he shall think expedient.

WATER RIGHTS.

125. The holder of a mineral claim or of any mill-site may obtain a grant to a water right of any appropriated water for any mining or milling purposes, under and in accordance with the provisions of the Irrigation Act, if the right sought to be acquired is within the provinces or territories to which such Act applies. In the Yukon Territory water rights shall be acquired under the provisions of the Yukon Placer Mining Act, or under the provisions of the regulations for the disposal of water for power purposes, according to the purpose for which the water is to be used.

MISCELLANEOUS.

126. No person mining upon any claim shall cause damage or injury to the holder of any claim other than his own by throwing earth, clay, stones or other material upon such other claim, or by causing or allowing water which may be pumped or bailed, or which may flow from his own claim to flow into or upon such other claim under the penalty of not more than \$50 and costs, and in default of the payment of the fine and costs he may be imprisoned for any period of not more than one month.

127. Nothing herein contained shall, save where such intention is expressly stated, be so construed as to affect prejudicially any mining rights and interests acquired prior to the passing of these regulations, and all mining rights and privileges heretofore and hereunder acquired shall, without the same being expressly stated, be deemed to be taken and held subject to the rights of His Majesty, his heirs and successors, and to the public rights of way and water.

128. Affidavits and declarations made under the provisions of these regulations can be made before any persons duly authorized to administer an oath or declaration.

129. The Minister, or any one deputed by him, and the mining recorder shall have the right to enter into or upon and examine any mineral claim or mine within the meaning of these regulations.

130. Nothing herein contained shall be construed to limit the right of the proper authorities in any province, district or territory containing Dominion lands, to lay out, from time to time, public roads across, through, along, or under any ditch, mill-site, water right or mineral claim.

131. Nothing herein contained shall affect any litigation pending at the time of the passage of these regulations.

132. These regulations shall apply also to lands included in Forest Reserves set apart under the provisions of the Dominion Forest Reserves and Parks Act, subject, however, to the following restrictions, but they shall not apply to lands set apart as Dominion Parks:—

(1) A lease under these regulations of lands in a Forest Reserve shall convey the surface and mineral rights of the claim in connection with which the requirements of these regulations have been fully complied with, or a lease of the mineral rights and of such of the surface rights as the Minister may from time to time consider necessary for the efficient and economical working of the mineral rights granted under such lease;

(2) That the grantee or lessee of a mineral claim shall do no unnecessary damage to timber, and will carefully observe all the provisions of all regulations relating to forest reserves.

(3) That no trees on the reserve shall be cut by him without the permission of the Superintendent of Forestry, and that when any trees are so cut, he shall carefully clear the ground of all tops and branches and other debris of such cutting, and shall so dispose of them as to prevent danger from fire in accordance with the instructions of the officer in charge of the reserve. If, in order to dispose of such debris, it is found necessary to burn it, the lessee of the claim shall give due notice of his intention to do so to the officer in charge of the reserve, and before he proceeds to burn such debris, shall obtain the consent of such officer, and shall comply with all the conditions imposed by such officer in regard to such burning;

(4) That the lessee shall clear and at all times keep clear of inflammable material, a space of at least one hundred (100) feet in width surrounding his works or operations;

(5) That any engine operated by the power of steam used by him in connection with his works or operations, shall be fitted with efficient spark arresters which shall at all times be kept in a good state of repair.

AND WHEREAS an Order of the Governor General in Council has been passed directing that the votes of all the electors of the said County of Missisquoi be taken for and against the adoption of the said petition,—

Now KNOW YE, that We do hereby, and by virtue of the authority vested in Us by the said Act and Order in Council, proclaim and declare that on Wednesday, the twelfth day of September next, 1917, a poll will be held in the said County of Missisquoi for taking the votes of the electors for and against the said petition. That the said Returning Officer is empowered and required to appoint a Deputy Returning Officer at and for each polling place or station. That the Returning Officer will appoint persons to attend at the various polling stations and at the final summing up of votes on behalf of the persons interested in and promoting or opposing, respectively, the adoption of the petition, at the Court House, at Bedford, in the said County, on Monday, the tenth day of September next, 1917, at ten of the clock in the forenoon.

That the votes of the electors will be summed up and the result of the polling declared by the returning officer at the said Court House, at Bedford aforesaid, on Wednesday, the nineteenth day of September next, 1917, at ten of the clock in the forenoon.

And in the event of the petition being adopted by the electors, the Governor General in Council may at any time after the expiration of sixty days from the day on which the same was adopted, by Order in Council published in the *Canada Gazette*, declare that Part II of the said Act shall be in force and take effect in such county upon, from and after the day on which the annual or semi-annual licenses for the sale of spirituous liquors then in force in such county will expire, provided such day be not less than ninety days from the day of the date of such Order in Council, and if it be less, then on the like day in the then following year; and if there are no licenses in force in the said county, then that Part II of the said Act shall be in force and take effect in the said county from and after the expiration of thirty days from the date of such Order in Council.

Of all which Our loving subjects and all others whom these presents may concern are hereby required to take notice and to govern themselves accordingly.

IN TESTIMONY WHEREOF, We have caused these Our Letters to be made Patent, and the Great Seal of Canada to be hereunto affixed. DEPARTMENT OF EXTERNAL AFFAIRS.

14th June, 1917.

ENQUIRY having been made of the Swedish Government as to the authority of its Consular Officers in Canada to receive articles and money due to Swedish subjects not resident in Canada, and to give valid receipts therefor, the despatch published below has been received by His Excellency the Governor General intimating that Swedish Consular Officers have such authority.

CANADA.

No. 280.

DOWNING STREET,

24th May, 1917.

MY LORD DUKE,—

With reference to Sir C. Fitzpatrick's despatch No. 585 of the 29th of September, 1913, I have the honour to transmit to Your Excellency for the consideration of your Ministers, the accompanying copy of a note from the Swedish Minister on the subject of the disposal of property left by the Swedish subjects dying in Canada,

I have the honour to be,

My Lord Duke,

Your Grace's most obedient,
humble servant,

(Signed) WALTER H. LONG,

Governor General

His Excellency

The Duke of Devonshire, K.G., G.C.M.G.,
G.C.V.O., etc., etc., etc.

[Copy]

LONDON,

7th May, 1917.

SIR,—The Swedish Consul General at Montreal has reported to my Government that the Authorities in British Columbia and Canada have lately refused to hand over to Swedish Consuls the property left by deceased Swedish subjects within the Dominion, as it was not known to them that Swedish Consuls are entitled to receive such property.

As Your Excellency will find from the enclosed copy of Art. 61 of the Swedish Consular Ordinance, a Swedish Consul is authorized to receive any property

left by Swedish subjects deceased within his district, in case there is no heir or representative of heirs or no administrator appointed by the deceased at hand.

In accordance with instructions received from my Government, I therefore have the honour to apply for your kind assistance in order that this fact may be brought to the knowledge of the proper authorities for publication in the *Canada Gazette*.

I have, etc.,

(Signed) WRANGEL.

The Right Honourable

A. J. BALFOUR, O.M., M.P.,
Etc., etc., etc.

ART. 61.

1. If a Swedish subject dies at a place where a Consul is stationed, or elsewhere within his district, and in case of there being no heir, or representative of heirs, or no administrator appointed by the deceased at hand, the Consul General, Consul or Vice-Consul, within whose immediate sphere of action the decease has taken place, shall, as soon as he has learnt of the same, take temporary charge of the property, if any, unless prevented by treaties, local laws, or special circumstances.

A report of the decease and of the property left shall without delay be forwarded to the Minister of Foreign Affairs.

2. Having taken charge of the estate, the Consul shall, without awaiting instructions, cause an inventory to be made and take such measures as are absolutely necessary for the proper care of the estate. No legal heir having presented himself or sent any representative or given any directions as to the management of the estate within six months from the day when the report mentioned in sec. 1 ought to have been received by the Minister of Foreign Affairs, the Consul shall try to realize the property as advantageously and quickly as possible remitting the proceeds to the Minister of Foreign Affairs.

Property left by deceased sailors may, however, be sold or sent home, according to circumstances, without awaiting communication from the heirs.

3. If prevented from taking charge of the property, the Consul shall nevertheless, as far as possible, see that the rights of absent heirs be unviolated. In this case he shall also report to the Minister of Foreign Affairs.

4. If a foreigner, of whom the Consul knows or has reason to believe that he has an heir or heirs in Sweden, dies at the place where the Consul is stationed or elsewhere within his district, the Consul shall try to obtain information about the estate and report the matter to the Minister of Foreign Affairs.

5. Measures mentioned in sec. 2 shall not be undertaken by an unpaid Vice-Consul without special instructions from his immediate superior. 51-3

ORDERS IN COUNCIL.

[1455]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 29th day of May, 1917.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

THE Committee of the Privy Council have had before them a report, dated 22nd May, 1917, from the Minister of the Interior, submitting that an application has been received on behalf of the Town of The Pas, Man., from the Board of that place for the Fractional S. E. $\frac{1}{4}$ of Section 9, and the Fractional N. E. $\frac{1}{4}$ of Section 4, in Township 56, Range 26, west of the Principal Meridian, in the Province of Manitoba, lying on the south side of the Pasquia River adjoining the Town of The Pas and containing 140 acres; for industrial purposes.

The Minister states that it has been represented that The Pas is the only shipping point in this territory and the only point at which any works can be conveniently established. That at present there are no docks nor any place where a boat can land passengers or cargo; and that the parcels applied for which are unfit for agricultural purposes can be utilized for docks, repairing boats, loading and unloading rough freight and for other industrial purposes;

That the tract applied for has been inspected and valued by an Officer of the Department of the Interior, who reported as follows:—"At certain season of the year this is flooded lands, and it is of no material value as agricultural land. It will, therefore, be necessary for the Board of Trade to expend a large amount of money for roads and docks. I consider \$1 per acre a fair valuation to put on the land."

That in view of the representations made in support of the application and of the report and valuation of the inspecting officer, the Minister is of the opinion that the application should receive favorable consideration and he therefore recommends that he be authorized to sell, at the rate of \$1 an acre, to the Town of The Pas, in the Province of Manitoba, the parcels of land applied for, containing 140 acres, which are available for the purpose, and which may be more particularly described as follows, that is to say:—

	Legal Subdivision 10 of Section 4....	40·10 acres
Fractional	" " 15 of " 4....	40·10 "
"	" " 1 of " 9....	23·20 "
"	" " 2 of " 9....	35·90 "
"	" " 7 of " 9....
"	" " South of Lot 8....	0·60 "
"	" " 8 of Section 9....
	South of Lot 8....	0·10 acres

all in Township 56, Range 26, west of the Principal Meridian, in the Province of Manitoba.

The Committee concur in the foregoing and submit the same for approval.

Clerk of the Privy Council.

Tuesday, 5th day of June, 1917.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

THE Committee of the Privy Council have had before them a report, -dated 1st June, 1917, from the Minister of the Interior stating that under the authority of an Order in Council of the 26th August, 1908, application for homestead entry by proxy is permitted in the case of a person making such entry on behalf of a father, mother, son, daughter, brother or sister, when duly authorized to do so in the form prescribed.

It has been represented that one James Grosart enlisted in the 196th Battalion and went overseas during the fall of 1916, and is now serving with the 46th Battalion in France: Mr. Grosart is an only child and the sole support of his mother, who is a widow. It has been further represented that the mother is partially paralyzed and unable to walk. She is living at the present time in Saskatoon, Saskatchewan.

The mother wishes to make proxy entry on behalf of her son, for land situated in the Humboldt district, but owing to her physical disability she is unable to visit the Land Office at the point mentioned. On this account she prays that the Rev. W. B. Cumming of Saskatoon, Sask., be authorized to make proxy entry on behalf of her son.

The Minister recommends, in view of all the circumstances, that, notwithstanding the fact that the Rev. Mr. Cumming is not one of the relatives mentioned in the Order in Council above referred to, authority be granted him to make entry by proxy on behalf of James Grosart for any vacant Dominion lands available for the purpose, without requiring the production of the form of requisition called for by the Order in Council dated the 26th August, 1908.

The Committee concur in the foregoing recommendation and submit the same for approval.

Clerk of the Privy Council.

[1348]
AT THE GOVERNMENT HOUSE AT OTTAWA.
Monday, the 21st day of May, 1917.

PRESENT :
HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

THE Committee of the Privy Council have had before them a report, dated 8th May, 1917, from the Minister of the Interior, referring to an Order in Council, dated the 7th December, 1914 (P.C. No. 1239), which among other things purported to authorize the sale of certain water-power lands on the Pinawa channel of the Winnipeg River to the Winnipeg Electric Railway Company, upon which lands they had erected a large hydro-electric power plant from which power is being delivered in the City of Winnipeg.

The Minister observes that subsequent to the passage of this Order in Council, the Department of Justice ruled that, in view of section 6, chapter 27, 4 and 5 George V, amending section 35 of The Dominion Lands Act which provides that lands valuable for water-powers may not be sold, homesteaded or conveyed in fee, but may only be leased, the sale of these lands to the Winnipeg Electric Railway Company could not legally be carried out, the Order in Council authorizing such a disposition of the land being *ultra vires*.

The Minister states that on account of this decision by the Department of Justice, it has been necessary to again enter into negotiations with the company with the object of arriving at a mutually satisfactory arrangement respecting the disposition of these lands upon which the company's works were situated, and to hold a number of conferences between the representatives of the Winnipeg Electric Railway Company and the officials of the Department of the Interior in an effort to reach a satisfactory agreement; and

That, as a result of these conferences, an agreement has been reached whereby the company have consented to accept a lease for the said lands in lieu of title in fee simple.

The Minister therefore recommends that he be authorized to grant a lease in favour of the Winnipeg Electric Railway Company for the lands set out in schedule A, hereto attached, upon which the company have erected their works, such lease to be for a period of twenty-one years, renewable for a further period of twenty-one years, and so on in perpetuity; such lease to run concurrently with a water license which was

issued the said company, bearing date the second of August, 1914, and to provide that in the event of the cancellation of such water license the lease shall *ipso facto* cease and determine without re-entry or any other act or legal proceeding whatever and without further compensation to the lessee than that which is paid in respect of the cancellation, termination or avoidance of the said water license; that the company shall be charged an annual rental of fifty cents per acre during the first period of the lease, such rental to be subject to revision by the Governor in Council at the expiration of each twenty-one year renewal period; and to further provide that, in case of the non-payment of the rentals set forth therein, or the non-fulfilment of any of the conditions therein provided, the same shall be subject to cancellation by the Exchequer Court on application of the Crown, which court shall determine the compensation, if any be paid, according to the provisions of the regulations of the Dominion Government then in force for the administering of water-powers within its control.

The Committee concur in the above recommendation and submit the same for approval.

RODOLPHE BOUDREAU,
Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday, the 21st day of May, 1917.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

THE Committee of the Privy Council have had before them a report dated 14th May, 1917, from the Minister of the Interior, stating that it has been represented that Mr. Harold Wills, who entered for the north half of Section 22, Township 25, Range 10, west of the 4th Meridian, under a South African Volunteer Certificate, on the 21st June, 1910, became permanently disabled through illness, after obtaining his entry, and is unable to complete his residence duties in pursuance of the provisions of The Dominion Lands Act of 1908 ;

The Minister observes that Mr. Wills states that he has completed two terms of residence of six months each, but has not been able to finish the required third term ;

That Mr. Wills has forwarded a medical certificate, setting out that he is suffering from dilatation of the heart, and that under the circumstances it would not be possible for him to complete his settlement duties, and

That a further certificate has been submitted to the effect that his illness is of a permanent nature,—

The Minister, therefore, recommends that Mr. Wills be relieved from the performance of any further residence duties under the provisions of clause 2, section 20, of the Act, and that patent be issued to Mr. Wills for the half section above mentioned upon evidence being submitted that the other conditions of the law have been complied with.

The Committee concur in the foregoing recommendation and submit the same for approval.

UNITED STATES OF AMERICA.

(100) River St. Mary—Detour passage, north entrance—
Wrecks—Caution—Lighted buoys placed.

Wrecks.—On 14th May, 1917, the steamer "Pentecost Mitchell", downbound with iron ore, and the steamer "Saxona", upbound with coal, collided head-on in the river St. Mary between Watson reefs and Pipe island, just above Detour. The vessels now lie in a general east and west direction, with their bows together, close to the west of the chart course and about 1500 feet 191° (S 15° W. mag.) from Pipe island light, in about 40 feet depth of water, with stacks and spars showing above water.

The available channel between the wrecks and Pipe island bank, measured at right angles to the sailing line, has a clear width of only about 500 feet, of which width about 400 feet is on the easterly side and 100 feet is on the westerly side of the chart vessel course.

Caution.—Masters are warned that vessels must not meet or pass each other in the immediate vicinity of the wrecks.

The U. S. Coast Guard Service has designated the small tug "Minta K" as a special patrol vessel to oversee the passage of vessels in accordance with the River St. Mary rules. The patrol tug displays by day a U. S. Coast Guard flag and by night a vertical hoist of a red light above a white light. Masters are requested to co-operate with the patrol tug in keeping the channel clear, and are notified that failure to comply with signals from that vessel will be punishable by the penalty prescribed by law.

Lighted buoys placed.—Two red spar buoys, to be maintained pending the removal of the wrecks, have been placed to mark the northeasterly side of the available channel of deep water between the wrecks and Pipe island. The buoys are about 1100 feet apart, and are moored in 20 feet of water on the edge of the bank extending from Pipe island. Each of the buoys carries a fixed red light.

The southeasterly lighted spar buoy is moored 750 feet 160° (S. 16° E. mag.) from Pipe island lighthouse.

The northwesterly lighted spar buoy is moored 750 feet 262° 30' (S. 86° 30' W. mag.) from Pipe island lighthouse.

SUBSTANCE OF RULES OF THE SENATE RELATING TO NOTICES AND APPLICATIONS FOR BILLS OF DIVORCE.

As Revised and brought in force 22nd March, 1916.

Every applicant for a Bill of Divorce shall give notice of his or her intended application, and shall specify therein from whom and for what cause such divorce is sought, and shall cause such notice to be

published during at least three months before the consideration by the Committee on Divorce of his or her petition for the said Bill, in the *Canada Gazette* and in two newspapers published in the district in Quebec, Manitoba, Saskatchewan, Alberta, British Columbia or the Northwest Territories, or in the county or union of counties in other provinces, wherein such applicant usually resided at the time of the separation of the parties; but if the requisite number of papers cannot be found therein, then in an adjoining district or county or union of counties.

Notices given in the Provinces of Quebec and Manitoba are to be published in one English and one French newspaper, if there be such newspapers published in the district, but otherwise shall be published in one newspaper in both languages. If a notice given for any session of Parliament is not completed in time to allow the petition to be dealt with during that session the petition may be presented and dealt with during the next ensuing session, without any further publication of such notice.

A copy of the said notice and a copy of the petition to be presented shall, at the instance of the applicant, and not less than two months before the consideration by the Committee of the petition, be served personally, when that can be done, on the person from whom the divorce is sought, who is hereinafter called "the respondent."

If the residence of the respondent is not known or personal service cannot be effected, then, if it be shown to the satisfaction of the Committee that all reasonable efforts have been made to effect personal service, and, if unsuccessful, to bring such notice and petition to the knowledge of the respondent, what has been done may be deemed and taken by the Committee sufficient service.

No petition for a bill of divorce shall be presented to the Senate after the first sixty days of the Session.

The petition of an applicant for bill for divorce must be fairly written and must be signed by the petitioner, and should briefly set forth the marriage, the names in full of the parties thereto, their ages and occupations, when, where and by whom the ceremony was performed, the domicile and residence of each of the parties at the time of the marriage, their matrimonial domicile, residence, and any change thereof, the material facts upon which the petitioner relies as the grounds on which relief is asked, and the nature of the relief prayed for.

The petition should also negative connivance at, or condonation of the wrong complained of and collusion in the application for divorce.

The allegations of the petition must be verified by declaration of the petitioner, under *The Canada Evidence Act, 1893*.

The copy of the petition served upon the respondent shall have endorsed thereon, or appended thereto, the following information:—

- (1) The petitioner's residence at the time of service.
- (2) A Post Office address in Canada at which letters and notices for the petitioner may be delivered.
- (3) The name and address of the solicitor, if any, acting for the petitioner.
- (4) If such solicitor's address is not at Ottawa, the name and address of some agent for him at Ottawa, upon whom all notices and papers may be served.
- (5) That if the respondent desires to oppose the granting of the divorce and to be heard by the Senate Committee on Divorce, the respondent must send a notice to that effect to the Clerk of the Senate at the Parliament Buildings, Ottawa, within two months from the date of service upon the respondent, and must in the notice to the Clerk of the Senate give:—
 - (a) The respondent's residence at the time of sending such notice.
 - (b) A Post Office address in Canada at which letters and notices for the respondent may be delivered.
 - (c) The name and address of the solicitor, if any, acting for the respondent.
 - (d) If such solicitor's address is not at Ottawa, the name and address of some agent for him at Ottawa upon whom all notices and papers may be served.
- (6) That, if the respondent does not so notify the Clerk of the Senate, the petition may be con-

sidered, and a bill of divorce founded thereon may be passed, without any further notice to the respondent.

(7) When the petition is one by a husband for a divorce from his wife, that, if the wife shows to the satisfaction of the Senate Committee on Divorce that she has, and is prepared to establish upon oath, a good defence to the charges made by the petition, and that she has not sufficient money to defend herself, the Committee may make an order that her husband shall provide her with the necessary means to sustain her defence, including the cost of retaining Counsel and the travelling and living expenses of herself and of witnesses summoned to Ottawa on her behalf.

No petition for a bill of Divorce shall be considered by the Committee unless the applicant has paid into the hands of the Clerk of the Senate the sum of two hundred and ten dollars, (\$210).

The petition when presented to the Senate shall be accompanied by the evidence of the publication of the notice, and by declaration in evidence of the service of a copy of the notice and of a copy of the petition.

A copy of every petition for a Bill of Divorce, or relating to any matter arising out of an application for divorce, and of every document and paper accompanying such petition or produced in evidence before the Committee, shall be furnished to the Committee by the person on whose behalf the petition, document or paper is presented or produced.

MINISTÈRE DES AFFAIRES EXTÉRIEURES.

14 juin 1917.

APRÈS s'être enquis auprès du Gouvernement suédois relativement à l'autorisation que possèdent ses officiers consulaires en Canada de recevoir des articles et des deniers dus aux sujets suédois qui ne résident pas en Canada, et d'en donner des reçus valides, la dépêche publiée ci-après a été reçue par Son Excellence le Gouverneur général déclarant que les officiers consulaires suédois possèdent cette autorisation.

CANADA,
Dominions n° 280.

DOWNING STREET,
24 mai 1917.

MILORD DUC,

Relativement à la dépêche n° 385 du 29 septembre 1913 de sir C. Fitzpatrick, j'ai l'honneur de transmettre

à Votre-Excellence, pour étude par Vos Ministres, la copie ci-jointe d'une note du ministre suédois au sujet de la disposition des biens laissés par les sujets suédois qui meurent au Canada.

J'ai l'honneur d'être,
Milord duc,
de Votre Grâce le très humble
et très obéissant serviteur,

(Signé) WALTER H. LONG.

Au Gouverneur général
Son Excellence le
Duc de Devonshire, C.J., G.C.M.G., G.C.O.V.,
etc., etc., etc.

[Copie.]

LONDRES,
7 mai 1917.

MONSIEUR,—Le consul général de Suède à Montréal a fait rapport à mon gouvernement que les autorités en Colombie-Britannique et en Canada ont récemment refusé de remettre aux consuls suédois les biens laissés par les sujets suédois défunts dans le Dominion, parce qu'ils ignoraient que les consuls suédois ont le droit de recevoir de tels biens.

Ainsi que Votre Excellence le constatera par la copie incluse de l'art. 61 du décret consulaire suédois, un consul suédois est autorisé à recevoir tous biens laissés par les sujets suédois qui meurent dans son district, lorsqu'il n'y a pas sous la main d'héritier ou de représentants des héritiers ou d'administrateur nommé par le défunt.

Conformément aux instructions que j'ai reçues de mon Gouvernement, j'ai en conséquence l'honneur de vous demander votre concours cordial afin que ce fait soit porté à la connaissance des autorités compétentes pour publication dans la *Gazette du Canada*.

J'ai l'honneur, etc.,
(Signé) WRANGEL.

Le Très Honorable
A. J. BALFOUR, O.M., M.P.
Etc., etc., etc.

Article 61.

1. Si un sujet suédois meurt à un endroit où il y a un consul ou ailleurs dans son district, et au cas où il n'y aurait sous la main aucun héritier ou représentant des héritiers ou administrateur nommé par le défunt, le consul général, le consul ou le vice-consul dans la sphère d'action la plus proche où le décès a eu lieu, dès qu'il en aura eu connaissance, devra prendre la charge temporaire des biens, s'il y en a, à moins qu'il n'en soit empêché par des traités, les lois locales ou des circonstances spéciales.

Un rapport du décès et des biens laissés devra être expédié sans délai au ministre des Affaires Étrangères.

2. Après avoir pris la charge de la succession, le consul, sans attendre des instructions, devra faire faire un inventaire et prendre les mesures qui seront absolument nécessaires pour que les biens soient en sûreté. Si aucun héritier ne s'est présenté ou n'a envoyé un représentant quelconque ou n'a donné des instructions au sujet de l'administration de la succession dans un intervalle de six mois à compter du jour durant lequel le rapport mentionné à la section 1 aurait dû être reçu par le ministre des Affaires Étrangères, le consul essaiera de réaliser les biens aussi avantageusement et rapidement que possible et il en remettra le produit au ministre des Affaires Étrangères.

Les biens laissés par les matelots défunts pourront cependant être vendus ou expédiés en Suède, selon les circonstances, sans attendre de communications des héritiers.

3. S'il ne peut prendre charge des biens, le consul, néanmoins, pourra s'assurer que les droits des héritiers absents sont respectés. En ce cas il devra également faire rapport au ministre des Affaires Étrangères.

4. Si un étranger, dont le consul sait ou a quelque raison de croire qu'il a un héritier ou des héritiers, meurt à l'endroit où réside le consul ou ailleurs dans son district, il essaiera d'obtenir des renseignements au sujet de la succession et il en fera rapport au ministre des Affaires Étrangères.

5. Les mesures mentionnées dans la sec. 2 ne seront prises par un vice-consul non rétribué que sur instructions spéciales de son supérieur immédiat.

ARRÊTÉS EN CONSEIL.

[1455]

HOTEL DU GOUVERNEMENT À OTTAWA.

Mardi, le 29e jour de mai 1917.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

Un comité du Conseil privé a été soumis un rapport du Ministre de l'Intérieur, daté le 22 mai 1917, représentant que la chambre de commerce de la ville de Le-Pas, Manitoba, a demandé pour cette ville, pour fins industrielles, la concession du quart fractionnaire sud-est de la section 9, et du quart fractionnaire nord-est de la section 4, township 56, rang 26, à l'ouest du méridien principal, dans la province de Manitoba, le tout situé sur le côté sud de la rivière Pasquia, contiguë à la ville de Le Pas, et contenant 140 acres.

Le ministre déclare qu'il a été représenté que la ville de Le-Pas est l'unique point d'expédition de cette région et le seul endroit où des usines peuvent être commodément érigées, qu'il n'y a pas actuellement de bassin ou autre endroit convenable où un bateau puisse débarquer ses passagers ou décharger sa cargaison, et que le terrain demandé, impropre qu'il est à l'agriculture, peut être utilisé pour la construction de bassins, le radoub des bateaux, le chargement et le déchargement du gros fret et pour autres fins industrielles.

Le ministre ajoute que le terrain demandé a été examiné, sa valeur estimée par un fonctionnaire de son département, qui a fait le rapport suivant :—"Ce terrain est submergé à certaine saison et n'a aucune valeur agricole pratique. La chambre de commerce devra donc affecter de fortes sommes à la construction de routes et de bassins. J'estime qu'un dollar l'acre est un prix raisonnable pour ce terrain."

Vu les représentations faites à l'appui de la demande, et le rapport et l'évaluation de l'inspecteur, le ministre est d'avis que la demande soit accordée et il recommande, par conséquent, qu'on l'autorise à vendre à la ville de Le-Pas, dans la province de Manitoba, au prix de \$1.00 l'acre, le terrain demandé, soit 140 acres, lequel terrain est disponible et peut être plus minutieusement décrit comme suit :

Subdivis. légale	10 de la section 4	40.10 acres.
"	15 "	"	4.....40.10 "
Subdiv. fractionn.	1 "	"	9.....23.20 "
"	2 "	"	9.....35.90 "
"	7 "	"	9.
	partie sud du lot 8	0.60 "
	" sud de la sect. 9.		
	partie sud du lot.. 8	0.10 "

le tout dans le township 56, rang 26, à l'ouest du méridien principal, dans la province de Manitoba.

Le comité agréé cette recommandation et la soumet pour approbation.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR
GÉNÉRAL EN CONSEIL.

AU comité du Conseil privé a été soumis un rapport du Ministre de l'Intérieur, daté le 1er juin 1917, représentant qu'un arrêté en conseil du 26 août 1908 autorise l'inscription de homestead par fondé de pouvoirs par toute personne qui fait cette demande sur les formules prescrites pour son père, sa mère, son fils, sa fille, son frère ou sa sœur, lorsqu'il est dûment autorisé de ce faire ;

Il a été représenté qu'un certain James Grosart s'enrôla dans le 196e bataillon, se rendit en Europe dans le cours de l'automne de 1916 et fait actuellement du service dans le 46e bataillon de France. M. Grosart est le fils unique et le seul soutien de sa mère qui est veuve. Il a aussi été établi que la mère souffre de paralysie locale et est incapable de marcher. Elle demeure actuellement à Saskatoon dans la Saskatchewan.

La mère désire prendre une inscription de homestead par fondé de pouvoirs pour son fils pour certains terrains situés dans le district de Humboldt, mais il lui est impossible de se rendre au bureau des terres à cet endroit à cause de son incapacité physique.

Dans ces circonstances elle demande que le Rév. W. B. Cumming, de Saskatoon, Saskatchewan, soit autorisé à prendre au nom de son fils une inscription de homestead par fondé de pouvoirs.

Le ministre recommande, par conséquent, que notwithstanding le fait que le Rév. M. Cumming n'est pas apparenté à la famille Grosart ainsi que le prescrit le dit arrêté en conseil, il soit tout de même autorisé à prendre inscription par fondé de pouvoirs, pour M. James Grosart, de toute partie de terre fédérale disponible sans qu'il lui soit nécessaire de fournir la formule exigée par l'arrêté en conseil du 26 août 1908.

Le comité agréé cette recommandation et la soumet pour approbation.

ATTENDU que le Département des affaires des sauvages a demandé la mise en réserve pour les sauvages, sous l'empire du traité numéro 4, d'une étendue de terrain connue sous le nom de "Pine River Indian Reserve n° 66 A" dans le township 35, rangs 19 et 20, et le township 36, rang 20, à l'ouest du méridien principal, dans la province de Manitoba, comprenant une superficie de 14.29 milles carrés.

Attendu que le terrain demandé et ci-après plus minutieusement décrit, est disponible pour les dites fins d'après les archives du Département de l'Intérieur.

Par conséquent, il plaît à Son Excellence le Gouverneur général en conseil, à la recommandation du Ministre de l'Intérieur sous l'empire des dispositions de l'article 76 de la Loi des terres fédérales, de décréter par ces présentes que les terres susdites soient soustraites de l'application de ladite loi et mises en réserve pour les sauvages.

Ces terres peuvent être décrites plus minutieusement comme suit :

Commençant à l'intersection de la limite nord de l'établissement de Pine Creek avec la rive ouest du lac Winnipegosis, dans le township 35, rang 19, à l'ouest du méridien principal ; de là vers l'ouest le long de la dite limite nord et de son prolongement, sur une distance de 344 chaînes et 99 chaînons ; de là franc nord sur une distance de 299 chaînes et 42 chaînons ; de là franc est sur une distance de 269 chaînes et 45 chaînons, plus ou moins, jusqu'à l'intersection avec la dite rive ouest du dit lac ; de là vers le sud en suivant les

sinuosités de la dite rive ouest du dit lac jusqu'au point de départ, le tout contenant 14.29 milles carrés plus ou moins, ainsi qu'indiqué sur un plan d'arpentage de la dite réserve, signé par A. W. Ponton, arpenteur des terres fédérales, en août 1887, et déposé au Département de l'Intérieur sous le numéro 5647, et indiqué par des hachures noires sur la copie du dit plan ci-annexé.

ATTENDU qu'en l'année 1907, le gouvernement de la province d'Alberta a demandé la concession de la section scolaire 29, township 42, rang 25, à l'ouest du 4e méridien, pour l'emplacement d'un asile d'aliénés ;

Attendu que le terrain susdit a été examiné par l'agent des terres fédérales de Red-Deer, qui l'a évalué à \$12 l'acre ;

Attendu que le 11 février 1908, la vente à l'enchère de cette section a été autorisée par arrêté en conseil ;

Attendu que le terrain en question a, en conséquence, été mis en vente à Ponoka, Alberta, le 7 avril 1908, et a été acheté par M. L. C. Charlesworth, Ministre suppléant des Travaux publics de la province, et que le terrain a été mis au nom de l'acheteur dans les archives du Département de l'Intérieur ;

Attendu qu'en avril 1917, le versement final et l'intérêt à compte du prix d'achat de cette section a été fait et M. Charlesworth fut notifié d'avertir le Département de l'Intérieur s'il désirait que la patente du dit terrain lui fût accordée à titre de Ministre suppléant des Travaux Publics de la province d'Alberta, ou s'il préférait que le transfert fut fait directement à la province d'Alberta par arrêté en conseil ;

Attendu que le 7 mai 1917, M. Charlesworth avisa le Département de l'Intérieur qu'il préférait que la patente fut accordée directement à la province,—

Par conséquent, il plaît à Son Excellence le Gouverneur général en conseil, à la recommandation du Ministre de l'Intérieur, de décréter que le titre à la superficie totale de la section 29, township 42, rang 25, à l'ouest du 4e méridien, soit par ces présentes conféré à Sa Majesté George V pour la province de Manitoba.

GÉNÉRAL EN CONSEIL.

Un comité du Conseil privé a été soumis un rapport du Ministre de l'Intérieur, daté le 14 mai 1917, disant qu'il lui a été représenté que M. Harold Wills, qui s'inscrivit pour la moitié nord de la section 22, township 25, rang 10, à l'ouest du 4^e méridien, en vertu d'un certificat de volontaire Sud-Africain, le 21 juin 1910, est devenu permanentement invalide par la maladie après avoir obtenu son inscription et est incapable de remplir ses obligations de résidence conformément aux dispositions de la *Loi des terres fédérales de 1908*.

Le ministre signale la déclaration de M. Wills qu'il a accompli deux termes de résidence de six mois chacun et qu'il lui a été impossible de compléter le troisième terme requis, et il ajoute que M. Wills lui a fait tenir un certificat médical où il est établi qu'il souffre de dilatation du cœur et qu'il lui est impossible, dans les circonstances de compléter ses obligations d'établissement.

Le ministre ajoute que M. Wills, par un certificat médical subséquent, a établi que sa maladie est de nature permanente.

Le ministre recommande par conséquent que M. Wills soit relevé de toute obligation future de résidence, en vertu des dispositions du paragraphe 2, de l'article 20 de la Loi, et que patente de la demi section plus haut décrite lui soit délivrée sur preuve établie de la manière ordinaire que les autres conditions de la loi ont été remplies.

Le comité agréé cette recommandation et la soumet pour approbation.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉ-
RAL EN CONSEIL.

Il plaît à Son Excellence le Gouverneur général en conseil, en vertu des dispositions de l'article 6 de la *Loi des mesures de guerre* et de tout autre pouvoir qui lui est conféré, d'établir par ces présentes les règlements suivants concernant le départ du Canada de personnes du sexe masculin qui sont tenues ou aptes au service national d'un caractère militaire ou autre :

1. (1) Toute personne du sexe masculin résidant ordinairement au Canada qui

(a) est âgée de 18 ans ou plus, mais non de plus de 45 ans, et qui

(b) clandestinement ou autrement et dans un but ou une intention quelconque quitte ou tente de quitter le Canada sans un permis écrit d'un inspecteur d'immigration canadien ou d'une autre personne dûment désignée par le ministre de l'Intérieur pour accorder telle permission, est coupable d'infraction du présent règlement et passible d'une amende n'excédant pas deux mille cinq cents dollars ou d'emprisonnement pour une période n'excédant pas cinq ans, ou des deux peines d'amende et d'emprisonnement.

(2) Lorsqu'il est convaincu que le départ projeté du Canada d'une personne du sexe masculin âgée de 18 à 45 ans, inclusivement, n'est pas dans le but ou l'intention d'éviter l'obligation de rendre ou l'appel de ren-

dre, au Canada ou outre-mer, un service quelconque, de nature militaire ou autre, qui pourrait contribuer au succès de Sa Majesté et de ses alliés dans la guerre actuelle, un inspecteur d'immigration canadien ou autre fonctionnaire dûment autorisé par le ministre de l'Intérieur pour accorder telle permission, peut accorder à telle personne une permission écrite qui sera en substance en la forme de la cédule "A" ou de la cédule "B" du présent décret, et dans le cas où un inspecteur d'immigration canadien ou autre fonctionnaire dûment désigné par le ministre de l'Intérieur refuse d'accorder la permission de quitter le Canada, la personne ainsi refusée a le droit d'appel au ministre de l'Intérieur.

(3) Toute personne à qui a été accordé un tel permis de quitter le Canada le conservera toujours soigneusement sur sa personne, et au cas où le permis ne serait pas présenté à la demande d'un inspecteur d'immigration ou en cour de justice dans des procédures concernant la concession d'un tel permis, il sera considéré *prima facie* pour toutes fins, du fait que le permis n'a pas été présenté, que nulle telle permission écrite n'a été accordée.

2. Quiconque aide, favorise ou conseille la commission d'une infraction du règlement n° 1 du présent décret est coupable de contravention à ce décret et est passible de la même manière et au même point que le prescrit le règlement n° 1 du présent décret.

3. L'application générale des présents règlements et leur mise en vigueur sont confiées au ministre de l'Intérieur, et, subordonnément à ses instructions à cet effet, tous les inspecteurs d'immigration canadiens ont et exercent au Canada, sans responsabilité au civil ou au criminel pour ce qu'ils peuvent avoir fait de bonne foi en agissant sous l'empire des présents règlements, les droits et pouvoirs suivants :

(a) Pénétrer dans tout navire, bateau, convoi, wagon, voiture ou tout véhicule pour le transport des voyageurs dans le Canada mais à destination étrangère, et examiner oralement tout voyageur qui s'y trouve.

(b) Retenir tout navire, bateau, convoi, wagon, voiture ou véhicule pour le transport des voyageurs dans le Canada mais à destination étrangère jusqu'à ce que soit terminé tout examen nécessaire par tel inspecteur des voyageurs qui s'y trouvent.

(c) Faire, ordonner ou autoriser la mise à terre de tout voyageur dans tout navire, bateau, convoi, wagon, voiture ou véhicule pour le transport des voyageurs dans le Canada mais à destination étrangère, ou l'arrêt des piétons sur tout pont, quai, chemin ou autre avenue de sortie du Canada.

(d) Suspendre ou arrêter, ou faire suspendre ou arrêter, pendant tout le temps requis pour compléter un examen nécessaire des passagers et piétons, tout trafic sur un pont ou ses approches, un quai, une gare, un chemin ou autre moyen ou avenue de sortie du Canada.

(e) Requérir de toutes personnes présentes, quand tel inspecteur a besoin de leur aide, tout secours nécessaire pour l'examen des voyageurs sur un navire, bateau, convoi, wagon, voiture ou autre véhicule pour le transport des voyageurs dans le Canada mais à destination étrangère, ou l'examen de piétons sur un pont ou ses approches, un quai, un chemin ou une autre avenue de sortie du Canada.

(f) Arrêter sans mandat d'arrestation et détenir sous une garde quelconque, dans un endroit ou des endroits appropriés du Canada, toute personne qui enfreint le présent décret en attendant que le ministre de l'Intérieur (auquel un rapport de chaque arrestation et de la détention sera immédiatement adressé) décide de quelle manière il en sera disposé.

4. Toute personne qui refuse à un inspecteur d'immigration l'accès à un navire, bateau, convoi, wagon, voiture ou autre véhicule servant de moyen de transport aux voyageurs en Canada mais à destination de l'étranger pour y examiner un voyageur quelconque, ou

(b) de répondre sincèrement à toute question qui lui est adressée par l'inspecteur d'immigration quant à son identité, sa demeure, son âge, son emploi, son intention de quitter le Canada, ou le but qu'il se propose en quittant le Canada, ou

(c) de rester au Canada avec tout navire, bateau, convoi, wagon, voiture ou véhicule transportant des voyageurs qui sont sous sa charge ou son contrôle tant que l'inspecteur d'immigration n'a pas terminé l'examen des voyageurs qui s'y trouvent, ou

(d) de quitter tout navire, bateau, convoi, wagon, voiture ou autre véhicule transportant des voyageurs en Canada mais à destination de l'étranger, ou de quitter tout pont, quai, chemin ou autre avenue de sortie du Canada et de se rendre où l'indique un inspecteur d'immigration, ou

(e) d'obéir à un ordre de l'inspecteur d'immigration de suspendre la circulation des voitures ou des piétons sur un pont ou ses approches, un quai, une gare, un chemin ou autre avenue de sortie du Canada, afin que l'inspecteur d'immigration puisse terminer l'examen nécessaire des voyageurs ou des piétons, ou

(f) d'aider lorsqu'il est présent et en est requis, tout inspecteur d'immigration dans l'examen de tous voyageurs par navire, bateau, convoi, wagon, voiture ou autre véhicule pour le transport des voyageurs en Canada mais à destination de l'étranger, ou de piétons sur un pont ou ses approches, un quai, chemin ou autre avenue de sortie du Canada; est coupable de délit et passible sur conviction sommaire d'une amende n'excédant pas \$1,000 ou d'emprisonnement pour une période n'excédant pas deux ans, ou des deux peines de l'amende et de l'emprisonnement.

5. Rien dans le présent décret ne sera censé s'appliquer à un membre quelconque de :

(a) les forces navales ou militaires du Canada quand elles sont en service naval ou militaire.

(b) l'équipage d'un navire, bac ou bateau, le personnel d'un tramway ou train de chemin de fer d'une compagnie ou système quelconque dont les navires, les bateaux ou les convois circulent ordinairement entre

un endroit en Canada et un autre endroit hors du Canada, ou qui sortent du Canada par un endroit quelconque lorsqu'il est réellement membre de cet équipage ou de ce personnel.

(c) l'équipage d'un navire ou d'un bateau qui est ordinairement engagé dans le cabotage au Canada ou d'un navire de pêche canadien qui se rend aux bancs de pêche quand, dans un cas ou l'autre, il fait réellement partie de cet équipage.

MINISTÈRE DU SERVICE NAVAL.

RÈGLEMENTS DE PÊCHE PARTICULIERS À LA PROVINCE DU MANITOBA.

(Adoptés par l'arrêté ministériel en date du 11 juin 1917).

LES règlements de pêche particuliers à la province du Manitoba adoptés par l'arrêté ministériel du 9 février 1915, ainsi que tous les amendements s'y rapportant, sont par les présentes abrogés et remplacés par les dispositions suivantes :—

Les règlements suivants ne s'appliquent pas aux eaux situées dans les limites des réserves forestières, et qui sont du ressort du ministre de l'Intérieur.

1. Excepté en vertu d'une licence ou d'un permis délivré par le ministre du Service naval, toute personne qui exerce la pêche d'amateur, ne peut le faire qu'au moyen de la ligne à main, et il ne lui est jamais permis de vendre le poisson ainsi capturé ni d'en trafiquer.

L'expression "pêche à la ligne à la main" embrasse dans sa signification la pêche à la ligne traînante et comprend la capture du poisson au moyen d'hameçons et de lignes tenues à la main ou d'hameçons et de lignes attachées à une canne de pêche, cette dernière tenue dans la main, mais ne signifie pas une série de lignes ou des lignes attachées à un bateau.

2. Il n'est permis d'accorder cette licence qu'aux seules personnes qui sont sujets britanniques et qui habitent la province du Manitoba ou aux seules sociétés canadiennes dont les bureaux-chefs sont situés dans la dite province.

3. Tous colons établis, y compris les Indiens, ont droit à un permis annuel de pêche les autorisant à

faire usage de cent verges au plus de filet à mailler ou de carrelet, ou de cinquante hameçons eschés, au plus, et cela pour leurs usages domestiques seulement, car il n'est jamais permis de vendre le poisson ainsi capturé ni d'en trafiquer.

Ces permis sont délivrés gratuitement.

4. Il n'est pas permis de passer à un autre sa licence, excepté par permission spéciale écrite de l'inspecteur des pêcheries du district.

5. Pour la pêche à bord de remorqueurs, voiliers ou esquifs, les licenciés doivent être les propriétaires du bateau, des filets et autres engins de pêche qu'ils emportent avec eux. En ce qui concerne toutes les autres méthodes de faire la pêche au moyen de filets à mailler et de carrelets, nulle personne autre que le détenteur d'une telle licence, ne peut exploiter, ni aider à exploiter un filet à mailler ou un carrelet.

6. On est tenu de numéroter lisiblement tous les bateaux, bouées ou filets au moyen d'étiquettes ou autres procédés. Chaque bateau doit porter son numéro peint en noir sur fond blanc sur l'un ou l'autre côté de la proue. Les caractères ne peuvent mesurer moins de six pouces de hauteur et le numéro des bouées doit être fixé de façon à ce qu'on puisse l'apercevoir sans qu'il y ait besoin de les soulever de l'eau. Quant aux étiquettes des filets il faut les attacher de façon à ce qu'ils soient visibles quand les dits filets sont mis en caisses ou sur dévidoirs. Les numéros des bateaux, bouées et filets sont désignés par l'inspecteur des pêcheries du district à l'époque de la délivrance de la licence.

7. Il n'est pas permis de faire la pêche au moyen d'engins autres que les filets à mailler, les carrelets, les hameçons ou les lignes à main.

Les droits d'une telle licence sont de deux dollars.

DEMANDES AU PARLEMENT.

CHAMBRE DES COMMUNES.

RÈGLES RELATIVES AUX PÉTITIONS ET AUX BILLS PRIVÉS.

88. (1) Les pétitions pour bills privés ne sont reçues par la Chambre que si elles sont présentées pendant les six premières semaines de la session. Mettout bill privé sera présenté à la Chambre dans les deux semaines à compter de l'époque où l'examineur ou le comité des ordres permanents auront fait un rapport favorable sur la pétition, et nulle motion à l'effet de suspendre cette règle ne sera acceptée, à moins qu'au préalable le comité des ordres permanents n'ait présenté un rapport recommandant cette suspension et exposant les raisons la motivant.

Instructions aux comités.

97. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être discutées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés.

Dépôt de bills et honoraires.

89. (1) Toute personne qui voudra obtenir un bill privé sera tenu de déposer entre les mains du greffier de la Chambre, au moins huit jours avant la réunion de la Chambre, un exemplaire de ce bill en anglais ou en français, avec une somme suffisante pour en payer la traduction et l'impression, la traduction en devant être faite par les fonctionnaires de la Chambre, et l'impression par le département des impressions publiques, et si pareil bill n'est pas déposé dans le délai ci-dessus prescrit, le solliciteur devra, en sus des frais d'impression et de traduction, payer la somme de cinq dollars pour chaque jour qui s'écoulera entre le dit huitième jour avant la réunion de la Chambre et la date de la présentation du bill; mais ces taxes additionnelles ne devront pas dépasser en totalité la somme de deux cents dollars.

2. Après la deuxième lecture d'un bill et avant son examen par le comité auquel il a été renvoyé, celui qui en fait la demande doit dans tous les cas verser le prix de l'impression de la loi dans les statuts ainsi qu'un droit de deux cents dollars.

Taxes supplémentaires.

3. Les taxes suivantes seront également imposées et payées, en sus de celles qui précèdent, savoir:—

- | | |
|--|----------|
| (a) Lorsqu'une règle de la Chambre est suspendue relativement à un bill, ou à la pétition de ce bill pour chaque suspension..... | \$100 00 |
| (b) Lorsqu'un bill est présenté dans la Chambre après la huitième Semaine de la session et avant la fin de la douzième..... | 100 00 |
| (c) Lorsqu'un bill est présenté dans la Chambre après la douzième semaine de la session..... | 200 00 |
| (d) Lorsque le capital social projeté d'une compagnie dépasse \$250,000, et n'excède pas \$500,000..... | 100 00 |
| (e) Lorsque le capital social projeté d'une compagnie dépasse \$500,000, et n'excède pas \$750,000..... | 150 00 |
| (f) Lorsque le capital social projeté d'une compagnie dépasse \$750,000, et n'excède pas \$1,000,000..... | 200 00 |
| (g) Lorsque le capital social projeté d'une compagnie dépasse \$1,000,000, et n'excède pas \$1,500,000..... | 300 00 |
| (h) Lorsque le capital social projeté d'une compagnie dépasse \$1,500,000, et n'excède pas \$2,000,000..... | 400 00 |
| (i) Pour chaque million ou fraction de million de dollars additionnel.... | 100 00 |

4. Quand l'objet d'un bill est d'augmenter le capital social d'une compagnie existante, le droit additionnel est déterminé selon le tarif ci-dessus, mais n'est calculé que sur le montant de la majoration.

5. Quand un bill est à l'effet d'augmenter ou tend à augmenter pour une compagnie sa faculté d'emprunter sans qu'il y ait augmentation du capital social, le droit additionnel est de \$300.

6. Si, à quelque phase d'un bill, il est apporté quelque augmentation au chiffre du capital social projeté d'une compagnie, ou à celui de sa faculté d'emprunter, le bill ne passe pas à la phase subséquente tant que les droits découlant de ce changement n'ont pas été versés.

7. Dans la présente règle, l'expression "capital social projeté" comprend toute augmentation de ce capital prévue dans le bill, et dans les cas où un bill accorde le pouvoir d'augmenter, à quelque date que ce soit, le montant du capital social projeté, le droit additionnel sera prélevé sur le chiffre maximum de telle augmentation projetée, tel qu'il en est fait mention dans le bill.

8. Les taxes supplémentaires prescrites en la présente règle s'appliqueront aussi aux bills privés prenant naissance au Sénat, sauf, toutefois, que si une pétition demandant pareil bill privé a été présentée en cette Chambre dans les six premières semaines de la session, la taxe supplémentaire imposée sous l'empire des alinéas b ou c de l'article 3, ne sera pas exigée.

91. Toutes demandes, quelles qu'elles soient, adressées au Parlement pour bills privés, devront être précédées d'un avis dans la *Gazette du Canada*; le dit avis devra énoncer clairement et distinctement la nature et l'objet de la demande, et devra être signé par les postulants ou en leur nom avec les adresses des signataires; et lorsque la demande aura pour objet un acte constitutif, le nom de la compagnie projetée devra être donné dans l'avis. Et si les travaux de quelque compagnie (constituée ou à être constituée en corporation) doivent être déclarés à l'avantage général du Canada, cette intention sera spécifiquement mentionnée dans l'avis; et les postulants feront adresser une copie du dit avis, par lettre enregistrée, au greffier de chaque comté ou municipalité qui pourra être spécialement concernée dans la construction ou l'exploitation des dits travaux, et aussi au secrétaire de la province dans laquelle les dits travaux sont ou pourront être situés; et une déclaration conforme à la loi devra attester que cette formalité a été remplie par les postulants.

Outre l'avis susdit à publier dans la *Gazette du Canada*, un avis semblable devra aussi être publié dans quelque journal important comme suit:—

A) Lorsque la demande sera faite pour un acte constituant en corporation,—

1. Une compagnie de chemin de fer ou de canal:—Dans la principale cité et ville ou dans le principal village dans chaque comté où devront être construits le chemin de fer ou le canal projetés.

2. Une compagnie de télégraphe ou de téléphone:—Dans la principale cité ou ville dans chaque province ou territoire où la compagnie se propose de faire des opérations.

3. Une compagnie pour la construction de travaux quelconques de nature à produire un changement dans une localité particulière par suite de leur construction ou exploitation; ou pour obtenir quelques droits ou privilèges exclusifs; ou pour faire quelques opérations pouvant porter atteinte aux droits ou à la propriété de particuliers:—Dans la localité ou les localités qui pourraient être atteintes par la législation projetée.

4. Une compagnie de banque; une compagnie d'assurance; une compagnie de fidéicommis; une compagnie de prêt; ou une compagnie industrielle, sans pouvoirs exclusifs quelconques:—Dans la *Gazette du Canada* seulement.

B) Lorsque la demande sera aux fins d'amender un acte existant,—

1. Pour le prolongement de quelque ligne de chemin de fer ou de quelque canal, ou pour la construction d'embranchements des dits chemin de fer ou canal:—Dans la principale cité, la principale ville ou le principal village dans chaque district ou comté devant être traversé par le prolongement ou cet embranchement.

2. Pour la prolongation d'une charte ou du délai fixé pour la construction ou l'achèvement d'une ligne de chemin de fer, d'un canal, ou d'une ligne de télégraphe ou de téléphone quelconques, ou de tous autres travaux déjà autorisés; ou pour l'extension des pouvoirs d'une compagnie (lorsque cela n'implique pas la concession de droits exclusifs); ou pour l'augmentation ou la réduction du capital social de quelque compagnie; ou pour augmenter ou modifier ses pouvoirs d'émettre des obligations ou de contracter des emprunts, ou pour tout amendement pouvant porter atteinte aux droits ou intérêts des actionnaires ou des porteurs d'obligations ou des créanciers de la compagnie:—Dans la localité où le bureau principal de la compagnie est ou doit être autorisé à s'établir.

C) Lorsque la demande a pour objet d'obtenir pour une personne ou une corporation déjà constituée

des droits ou privilèges exclusifs ou le pouvoir de faire quelque chose dont l'accomplissement pourrait porter atteinte aux droits ou aux biens d'autres personnes dans la localité ou les localités particulières que l'acte projeté pourrait atteindre.

Tous ces avis, qu'ils soient insérés dans la *Gazette du Canada* ou dans un journal, devront être publiés au moins une fois par semaine pendant une durée de cinq semaines consécutives; et en ce qui concerne les provinces de Québec et de Manitoba, ils devront y être publiés en anglais et en français; et dans le cas où il n'y aurait pas de journal dans une localité où l'avis doit être donné, cet avis sera donné dans la localité la plus rapprochée dans laquelle il se publie un journal; et la preuve de la publication régulière de l'avis sera établie dans chaque cas par une déclaration conforme à la loi; et toutes ces déclarations devront être transmises au greffier de la Chambre et être endossées "Avis de bill privé".

D) Tout pareil avis sera transmis par la poste par lettre enregistrée de manière à parvenir au secrétaire de la province, et au greffier du conseil de comté et de la corporation municipale, au moins deux semaines avant que l'Examineur ou le comité des ordres permanents ne prennent la pétition en délibération, et une déclaration conforme à la loi et établissant ce dépôt à la poste, sera adressée au greffier de la Chambre.

E) Tous bills privés pour actes constitutifs devront être dressés de manière à incorporer, par mode de renvoi, les clauses des actes généraux se rapportant aux détails auxquels ces bills doivent pourvoir; l'on devra énoncer les raisons spéciales de toute déviation de ce principe, ou de l'introduction d'autres dispositions relatives à ces détails, et une note devra être annexée au bill pour indiquer les dispositions du bill au sujet desquelles l'on propose de s'écarter de l'acte général; les bills qui ne seront pas rédigés conformément à cette règle, devront être remodelés par les promoteurs et réimprimés à leurs frais avant qu'aucun comité passe à l'examen de leurs clauses.

THOMAS B. FLINT,
Greffier de la Chambre des Communes.

Quiconque désire obtenir du Parlement une charte de chemin de fer, devra observer les règles ci-dessous, établies par la Chambre des Communes, au sujet de la production de cartes:—

CARTE OU PLAN ACCOMPAGNANT LA PÉTITION.

93. "L'Examineur ou le comité des Ordres permanents ne prendra connaissance d'aucune pétition demandant la constitution en corporation d'une compagnie de chemin de fer, ou d'une compagnie ayant pour objet la construction d'un canal, ou demandant un prolongement de la ligne d'un chemin de fer ou d'un canal existant ou autorisé, avant que soit produit devant ce comité une carte ou un plan, indiquant l'emplacement projeté des ouvrages, et chaque comté, township, municipalité ou district à travers lesquels le chemin de fer, le canal, l'embranchement ou le prolongement projeté, doit être construit."

CARTES, PLANS ET PIÈCES ACCOMPAGNANT LES BILLS.

94. "Nul bill tendant à la constitution en corporation d'une compagnie de chemin de fer ou de canal ou à l'effet de changer le tracé du chemin de fer ou du canal d'une compagnie déjà constituée, ne sera mis à l'étude par le comité des Chemins de fer, à moins qu'il n'ait été produit devant le comité, au moins une semaine avant l'examen du bill—

(a) "Une carte ou un plan à une échelle d'au moins un demi-pouce au mille, et indiquant le territoire sur lequel il est question de construire les ouvrages projetés, et indiquant aussi les ouvrages analogues existants ou autorisés, dans la région ou partie de la région que la ligne projetée doit desservir, ou qui ont quelque effet sur la dite région; et cette carte ou ce plan doit porter la signature de l'ingénieur ou autre personne qui l'a fait;

(b) "Une pièce faisant connaître le montant total du capital que l'on se propose de consacrer aux fins de l'entreprise, et la manière dont on se propose de se le procurer, soit au moyen d'actions ordinaires, d'obligations, de débentures ou d'autres valeurs, et le montant respectif à réaliser de chacun de ces chefs."

SENAT.

SUBSTANCES DES RÈGLES ET FORMES DE PROCÉDER DU
SÉNAT CONCERNANT LES BILLS DE DIVORCE.

Telles que revisées et mises en vigueur le 22 mars 1916.

Tout pétitionnaire en divorce doit annoncer son intention de demander un bill de divorce, par un avis spécifiant contre qui et pour quelle cause le divorce sera demandé; il fait insérer cet avis, pendant trois mois au moins avant la prise en considération par le comité des divorces de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux—du district où il avait sa résidence habituelle à l'époque de sa séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Saskatchewan, l'Alberta, la Colombie-Britannique ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province; et à défaut de ce nombre de journaux, l'avis doit se publier dans le district, dans le comté ou les comtés-unis voisins.

Dans les provinces de Québec et du Manitoba, les insertions doivent se faire dans un journal anglais et un journal français, s'il en existe des deux langues dans le district; autrement, elles se font en anglais et en français au même journal. Si l'avis donné pour une session expire trop tard pour qu'il puisse être statué sur la pétition pendant cette session, la pétition pourra être présentée et accueillie à la session suivante sans nouvelle publication d'avis.

Une copie de cet avis et une copie de la pétition qui sera présentée doit, à la diligence du pétitionnaire et au moins deux mois avant la prise en considération de la pétition par le comité, être signifiée en main propre si cela est possible, à la personne contre laquelle le divorce sera demandé, ci-après appelée "partie défenderesse".

Si la résidence de la partie défenderesse n'est pas connue, ou que la remise de l'avis ne peut être faite en ses mains, s'il est prouvé, d'une manière jugée satisfaisante par le comité, que tous les efforts raisonnables ont été faits pour opérer la signification en main propre, et, en cas d'inutilité de ces efforts, pour porter l'avis et la pétition à la connaissance de la partie défenderesse, ces diligences peuvent être tenues pour une suffisante notification.

Aucune pétition en divorce n'est recevable après l'expiration des soixante premiers jours de la session.

Toute pétition en divorce doit être écrite lisiblement et porter la signature du pétitionnaire. Elle énonce sommairement le fait du mariage, en indiquant les noms au long, l'âge et l'état des parties, en quel temps, en quel lieu et par qui a été faite la célébration; le domicile et la résidence de chacune des parties à l'époque du mariage, leur domicile conjugal, leur résidence et tout changement qui en aurait eu lieu; les traits essentiels sur lesquels est fondée la demande de redressement et la nature du redressement demandé.

La pétition doit aussi contenir l'assurance qu'il n'y a pas eu ni connivence, ni pardon pour les torts qui donnent lieu à la plainte, ni collusion dans la demande en divorce.

Les allégations de la pétition doivent être appuyées d'une déclaration du pétitionnaire, faite conformément à l'Acte de la preuve en Canada, 1893.

La copie de la pétition signifiée à la partie défenderesse portera en endos ou en annexe les renseignements suivants:

(1) La résidence du pétitionnaire à l'époque de la signification.

(2) Une adresse postale en Canada à laquelle les lettres et avis pour le pétitionnaire puissent être délivrés.

(3) Le nom et l'adresse de l'avocat, s'il y en a un, agissant pour le pétitionnaire.

(4) Si cet avocat n'a pas d'adresse à Ottawa, le nom et l'adresse de quelque agent le représentant à Ottawa à qui tous avis et pièces puissent être signifiés.

(5) Si la partie défenderesse veut s'opposer à la demande en divorce et être entendue par le comité des divorces du Sénat, elle doit adresser un avis à cet effet au greffier du Sénat aux édifices du Parlement, Ottawa, dans les deux mois de la signification faite à la partie défenderesse et donner dans cet avis au greffier du Sénat:

(a) La résidence de la partie défenderesse à l'époque de l'envoi de l'avis.

(b) Une adresse postale en Canada à laquelle les lettres et avis pour la partie défenderesse puissent être délivrés.

(c) Le nom et l'adresse de l'avocat, s'il y en a un agissant pour la partie défenderesse.

(d) Si cet avocat n'a pas d'adresse à Ottawa, le nom et l'adresse de quelque agent le représentant à Ottawa, à qui tous avis et pièces puissent être signifiés.

(6) Si la partie défenderesse ne notifie pas ainsi le greffier du Sénat, la pétition peut être prise en considération, et un bill de divorce basé sur cette pétition peut suivre son cours sans autre avis à la partie défenderesse.

(7) Lorsque la pétition est présentée par un mari pour obtenir le divorce contre sa femme, si celle-ci fait voir au comité d'une manière satisfaisante qu'elle peut opposer et qu'elle est prête à produire sous serment de bons moyens de défense contre les accusations portées dans la pétition, et qu'elle n'a pas l'argent nécessaire pour faire valoir ces moyens, le comité peut rendre un ordre que son mari ait à lui fournir la somme nécessaire pour qu'elle puisse présenter sa défense en retenant les services d'un conseil, payer ses frais de voyage et de séjour et ceux des témoins assignés de sa part à Ottawa.

La pétition en obtention d'un bill de divorce n'est prise en considération par le comité que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de \$210.

La pétition, au moment de sa présentation au Sénat doit être accompagnée de la preuve de la publication d'avis et d'une déclaration établissant qu'une copie de l'avis de la pétition a été signifiée.

Une copie de toute pétition en obtention d'un bill de divorce, ou relative à quelque demande de divorce,—et une copie de tous documents et papiers accompagnant cette pétition, ou à produire devant le comité, devra être fournie par la personne au nom de laquelle la pétition, les documents ou les papiers seront présentés ou produits.

Greffier du Sénat.

SENAT.

Avis de bills privés.

EXTRAIT DES RÈGLES DU SÉNAT.

107. Toute demande au Parlement, pour obtenir un bill privé, de quelque nature qu'il soit, doit être annoncée par avis inséré à la *Gazette du Canada*; cet avis doit indiquer d'une manière claire et précise la nature et l'objet de la demande, être signé par les pétitionnaires ou en leur nom et contenir l'adresse des signataires; et si elle a pour objet l'obtention d'un acte constitutif, il faut donner aussi dans l'avis le nom de la compagnie projetée.

Outre l'avis à insérer dans la *Gazette du Canada*, il doit en être publié un semblable, comme il suit:—

A) Lorsque la demande a pour objet l'obtention d'un acte constituant en corporation,—

1. Une compagnie de chemin de fer ou de canal,—dans un des principaux journaux de la principale cité ou ville ou le principal village de chaque comté ou district par où passerait le chemin de fer ou le canal dont la construction est projetée;

2. Une compagnie de télégraphe ou de téléphone,—dans un des principaux journaux de la principale cité ou ville de chaque province ou territoire où elle se propose d'opérer;

3. Une compagnie pour la confection de travaux quelconques, dont la confection ou l'exploitation intéresserait spécialement telle localité particulière; ou une compagnie tendant à obtenir des droits ou privilèges exclusifs, ou l'autorisation de faire une chose dont l'opération pourrait porter atteinte aux droits ou à la propriété d'autrui,—dans un des principaux journaux de l'endroit ou des endroits que l'acte demandé intéresse;

4. Une compagnie de banque; une compagnie d'assurance; une compagnie de crédit; une compagnie de prêt; ou une compagnie industrielle, sans pouvoirs exclusifs,—dans la *Gazette du Canada* seulement.

5. Et si les travaux d'une compagnie (constituée ou à constituer) doivent être déclarés d'utilité générale pour le Canada, cette intention sera spécifiquement

mentionnée dans l'avis; et les requérants feront envoyer par lettre enregistrée une copie de cet avis au secrétaire de chaque conseil de comté et de chaque corporation municipale spécialement intéressée dans la construction ou l'exploitation de ces travaux, ainsi qu'au secrétaire de la province dans laquelle ces travaux sont ou seront situés; et la preuve de l'accomplissement de cette prescription par les requérants devra s'établir par une déclaration statutaire.

B) Lorsque la demande a pour objet de modifier un acte existant,—

1. Afin de prolonger une ligne de chemin de fer ou un canal, ou de construire des embranchements qui s'y relient, l'avis sera le même, *mutatis mutandis*, que celui pour l'obtention d'un acte constituant en corporation une compagnie de chemin de fer ou de canal;

2. Afin de proroger le délai fixé pour la confection ou l'achèvement d'une ligne de chemin de fer, d'un canal, d'une ligne télégraphique ou téléphonique, ou d'autres travaux quelconques déjà autorisés,—dans un des principaux journaux de l'endroit où la compagnie a son siège ou est autorisée à avoir son siège;

3. Afin d'étendre les pouvoirs d'une compagnie (sans attribution de pouvoirs exclusifs); d'accroître ou de réduire le capital-actions d'une compagnie, ou d'augmenter ou modifier sa faculté d'émettre des obligations ou de faire des emprunts, ou d'effectuer des changements pouvant porter atteinte aux droits ou intérêts des actionnaires, obligataires ou créanciers de la compagnie,—dans un des principaux journaux du lieu de la situation de son siège.

C) Dans tous ces cas, les avis insérés soit à la *Gazette du Canada* ou dans les journaux, doivent se publier au moins une fois par semaine pendant cinq semaines consécutives; et, lorsqu'ils se publient dans les provinces de Québec et du Manitoba, ils doivent être en langue anglaise et en langue française. Il faut envoyer au greffier du Sénat des exemplaires *marqués* de chaque numéro de tous les journaux contenant l'avis, avec, sur le pli de la feuille, les mots: "*Avis de bill privé*"; ou l'on peut transmettre, au lieu des journaux, une déclaration statutaire que l'avis a été dûment publié.

Tout avis par lettre enregistrée sera déposé à la poste à temps pour parvenir au secrétaire de la province et au greffier de chaque conseil de comté et de chaque corporation municipale cinq semaines au moins avant la considération de la pétition par le comité des Ordres permanents; et une déclaration statutaire établissant le fait du dépôt à la poste sera transmise au greffier du Sénat.

108. Nulle pétition pour la constitution en corporation d'une compagnie de chemin de fer ou d'un canal existant ou autorisé, n'est prise en considération par le comité des Ordres permanents, à moins qu'il n'ait été déposé devant le comité une carte ou un plan indiquant le tracé proposé des travaux ainsi que les comtés ou les districts par où doit passer le chemin de fer, le canal, l'embranchement ou le prolongement qu'on veut construire.

109. Avant d'adresser au Sénat la pétition pour en obtenir la permission de présenter un bill privé ayant pour objet la construction d'un pont de péage, la ou les personnes qui ont l'intention de faire cette pétition doivent, en donnant l'avis prescrit par les règles précédentes mentionner en même temps et de la même manière, les péages qu'elles se proposent de percevoir, l'étendue du privilège, la hauteur des arches, l'espace libre entre les culées ou les piles pour le passage des trains de bois et des bateaux; en outre, mentionner si le pont sera mobile ou non, et indiquer les dimensions de la partie mobile.

110. Aucune pétition en obtention d'un bill privé n'est reçue par le Sénat après les trois premières semaines de la session; aucun bill privé ne peut lui être présenté après les quatre premières semaines de la session; aucun rapport d'un comité permanent ou spécial sur un bill n'est reçu après les six premières semaines de la session.

114. Toute personne qui voudra obtenir un bill privé, si elle se propose de la présenter au Sénat, devra déposer entre les mains du greffier de cette Chambre, huit jours avant la réunion du Parlement, une copie du bill en langue anglaise ou en langue française, avec une somme d'argent suffisante pour en paver la traduction, laquelle sera faite par les

traducteurs du Sénat, et payer l'impression de 600 exemplaires anglais et de 200 exemplaires français; elle aura pareillement à verser entre les mains du greffier du Sénat, aussitôt après la deuxième lecture du bill, et avant la prise en considération par le comité auquel il aura été renvoyé, une somme de \$200, avec les frais d'insertion de l'acte au corps des Statuts; et elle remettra au commis-greffier du comité un reçu constatant le versement de ces sommes.

Greffier du Sénat.

The Canada Gazette

PUBLISHED BY AUTHORITY.

OTTAWA, SATURDAY, JUNE 23, 1917.

P. C. 1429.

AT THE GOVERNMENT HOUSE AT OTTAWA.

FRIDAY, the 25th day of May, 1917.

PRESENT

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

His Excellency the Governor General in Council, on the recommendation of the Minister of the Interior, is pleased to order that the regulations for the disposal of quartz mining claims on Dominion lands in Manitoba, Saskatchewan, Alberta, the Northwest Territories and the Yukon Territory, approved by Order in Council dated the 13th day of August, 1908, and amended by subsequent Orders in Council, shall be and the same are hereby rescinded, and the following regulations substituted in lieu thereof.

RODOLPHE BOUDREAU,
Clerk of the Privy Council.

QUARTZ MINING REGULATIONS.

1. These regulations shall be applicable to all minerals defined as such on Dominion lands, situated elsewhere than in the province of British Columbia, also to such minerals as are the property of the Crown in the right of the Dominion of Canada within the tract containing $3\frac{1}{2}$ million acres of land acquired by the Dominion Government from the Province of British Columbia and referred to in subsection (b) of section 3 of the Dominion Lands Act.

INTERPRETATION.

2. In the construction of these regulations the following expressions shall have the following meanings, respectively, unless inconsistent with the context:—

‘Mineral’ shall mean all valuable deposits of gold, silver, platinum, iridium, or any of the platinum group of metals, mercury, lead, copper, iron, tin, zinc, nickel, aluminium, antimony, arsenic, barium, bismuth, boron, bromine, cadmium, chromium, cobalt, iodine, magnesium, molybdenum, manganese, phosphorus, plumbago, potassium, sodium, strontium, sulphur (or any combination of the aforementioned

elements with themselves or with any other elements), asbestos, emery, mica, mineral pigments, corundum and diamonds, but excluding radium or any other minerals which may contain radium in sufficient quantity for commercial extraction.

Limestone, marble, clay, gypsum, or any building stone when mined for building purposes, shall not be considered as mineral within the meaning of these regulations.

'Mineral claim' or 'location' shall mean a plot of ground containing mineral, staked out and acquired under the provisions of these regulations.

'Mine' shall mean any land in which any vein or lode, or rock in place, shall be mined for gold or other minerals, precious or base, as defined in these regulations.

'Mining property' shall include every mineral claim, ditch, mill-site, or water right used for mining purposes, and all other things belonging to a mine or used in the working thereof.

'Vein' or 'lode.'—Whenever either of these terms is used in these regulations 'rock in place' shall be deemed to be included.

'Rock in place' shall mean all rock in place bearing valuable deposits of mineral within the meaning of these regulations.

'Full claim' shall mean any mineral claim of the full size.

'Legal post' shall mean a stake or post of any kind of sound timber of sufficient length so that when firmly planted in the ground in an upright position, not less than four feet of such post shall be above ground. The post must be of such diameter that when squared or faced for eighteen inches from the upper end, each face of the squared or faced portion shall be not less than four inches in width across the face for the full eighteen inches, or if a tree of suitable size is found in position, it may be made into a post by cutting the tree off not less than four feet from the ground, and squaring and facing the upper eighteen inches, each face of the portion so squared or faced to be not less than four inches in width. Whether a post is planted or a stump of a tree made into a post, a mound of stones or earth shall be erected around the base of the post, such mound of earth or stones to be not less than three feet in diameter on the ground, and not less than eighteen inches high, cone-shaped and well constructed.

'Location line' of a mineral claim shall mean a straight line opened or indicated throughout between No. 1 and No. 2 location posts of the mineral claim, and joining them.

'Adjoining claims' shall mean those which come into contact one with the other at some point on the boundary lines, or which share a common boundary.

'Representation' or 'assessment' shall mean the work to be done, or the payment to be made each year to entitle the owner of a claim to a certificate of work.

'Mill-site' shall mean a plot of ground located, as described by these regulations, for the purpose of erecting thereon any machinery or other works for transporting, crushing, reducing or sampling ores, or for the transmission of power for working mines.

'Ditch' shall include a flume, pipe or race, or other artificial means for conducting water by its own weight, to be used for mining purposes.

'Minister' shall mean the Minister of the Interior of Canada.

'Mining recorder' shall mean the agent of Dominion lands for a district or other officer appointed by the Government or gold commissioner, for the particular purpose referred to.

'Record,' 'register' and 'registration' shall have the same meaning, and shall mean an entry in some official book kept for that purpose.

'Cause' shall include any suit or action.

'Judgment' shall include 'order' or 'decree.'

'Documents' for the purposes of these regulations shall mean any assignment, transfer, bill of sale or other writing, which may in any way affect the title to a mineral claim.

'Entry' shall mean not only the record of a claim in the books of the mining recorder, but also the grant which may be issued for such claim.

DUTIES OF MINING RECORDER.

3. Every mining recorder shall keep the following books, to be used for quartz entries:—

- (a) Record of applications;
- (b) Record of leases issued;
- (c) Record book; and
- (d) Record of documents received.

4. Every entry made in any of the mining recorder's books shall show the date upon which such entry is made.

5. All books of record and documents filed shall, during office hours, be open to public inspection free of charge.

6. A statement of the grants issued and fees collected shall be rendered by the mining recorder at least every month, and such statement shall be accompanied by

the amount collected, or, if the money has been deposited to the credit of the Receiver General, by the deposit receipts.

7. If a mineral claim has been abandoned or forfeited by any person, the mining recorder may, in his discretion, permit such person to relocate such mineral claim or any part thereof: Provided that such relocation shall not prejudice or interfere with the rights or interests of others.

8. No claim shall be so relocated by or on behalf of the former holder thereof within thirty days of its being so abandoned or forfeited, nor until after notice of such abandonment or forfeiture has been posted up for at least a week in a conspicuous place on the claim and in the office of the mining recorder, nor until a statutory declaration has been filed with the mining recorder that the notice has been so posted.

9. The mining recorder may mark out a space of ground for deposit of leavings and deads from any tunnel, claim or mining ground, upon such terms as he may think just.

10. The mining recorder shall have the power to summarily order any mining works to be so carried on as not to interfere with or endanger the safety of the public or any employee of such mining works, any public work or highway, or any mining property, mineral claim, mining claim, bed-rock drain, or bed-rock flume; and any abandoned works may by his order be either filled up or graded to his satisfaction.

11. Where a claim has been recorded under any name, and the owner or his agent is desirous of changing the same, the mining recorder may, upon application being made by such owner or agent, and upon payment of a fee of \$25, amend the record accordingly: Provided, however, that such change of name shall not in any way affect or prejudice any proceedings or execution against the owners of the said claim.

WHERE AND BY WHOM CLAIMS MAY BE ACQUIRED.

12. Every person eighteen years of age, or over, but not under, shall have the right personally, but not through another except as provided in section 48 of these regulations, to enter, locate, prospect, and mine upon any vacant Dominion lands for the minerals defined in these regulations, and upon all lands the right whereon to enter, prospect, and mine such minerals has been, or hereafter shall be reserved to the Crown, and also to enter, locate, prospect and mine for gold and silver upon any lands the right whereon so to enter and mine such gold and silver has been, or shall be reserved to the Crown.

13. Excepting, however, lands situated in the province of British Columbia (with the exception made in section 1 of these regulations), and excepting also any land occupied by any building, and any land falling within the curtilage of any dwelling house, and any orchard, and any land valuable for water power purposes, or for the time being actually under cultivation, unless with the written consent of the owner, lessee or locatee or of the person in whom the legal estate therein is vested, and any land on which is situated any church or cemetery, and any land lawfully occupied for mining purposes, and excepting also Indian Reserves, Dominion Forest Parks and military, naval, quarantine or other like reservation made by the Government of Canada.

14. No person shall enter upon for mining purposes, or shall mine upon lands owned or lawfully occupied by another until he has given adequate security, to the satisfaction of the mining recorder, for any loss or damage which may be thereby caused, and persons so entering, locating, prospecting or mining upon any such lands shall make full compensation to the owner or occupant of such lands for any loss or damage so caused, such compensation, in case of dispute, to be determined by a court having jurisdiction in mining disputes.

SIZE OF CLAIMS AND NUMBER WHICH MAY BE ACQUIRED.

15. Any person desiring to locate a mineral claim shall, subject to the provisions of these regulations with respect to land which may be located for such purpose, and having discovered mineral in place within the area proposed to be located by him as a mineral claim, enter upon the same and locate a rectangular plot of ground not exceeding 1,500 feet in length by 1,500 feet in breadth, and subject in extent to the rights acquired to any claim or claims previously located in the vicinity, on which such location may encroach. Where a number of contiguous claims have been located, priority of location shall be deemed to convey priority of right to the claims so located, but no locator shall have any prior rights unless and until he has located his claim in accordance with the provisions of these regulations. Priority of right, however, shall in all cases be subject to the claim being recorded within the delays specified in these regulations, and subsequently maintained in good standing. All angles shall be right angles, except in cases where a boundary line of a previously located claim is adopted as common to both locations, but the boundaries need not necessarily be due north, south, east and west lines. In defining the size of a mineral claim it shall

be measured horizontally, irrespective of the inequalities of the surface of the ground.

16. Any person of the prescribed age having discovered mineral in place, and desiring to locate a fractional mineral claim embracing such discovery, shall, subject to the provisions of these regulations with respect to land that may be located for such purpose, enter upon the same and locate any plot of ground lying between and bounded on opposite sides by previously located mineral claims and known by the locator to measure less than 1,500 feet in length by 1,500 feet in breadth as a fractional mineral claim; such fractional mineral claim need not be rectangular in form and the angles need not necessarily be right angles, and the lines of the previously located mineral claims, whether surveyed or not, between which the fractional mineral claim is located, may be adopted as the boundaries of the fractional mineral claim.

17. No person shall be entitled to acquire in his own name, or in the name of any other person for his benefit, more than one mineral claim on the same vein or lode, except by assignment, but he may locate a claim on each separate vein or lode on which he may have made independent discovery.

18. The Minister may grant a location for the mining of iron and mica, not exceeding 160 acres in area, which shall be bounded by due north and south and east and west lines, and its breadth and length shall be equal. Provided that should any person making any application purporting to be for the purpose of mining iron or mica thus obtain possession of a valuable mineral deposit other than iron or mica, his right to such deposit shall be restricted to the area hereinbefore prescribed for other minerals, and the rest of the location in so far as such valuable deposit is concerned, shall thereupon remain in the Crown for such disposition as the Minister may direct.

19. The grant issued for such a location shall include the right to the iron and mica only, and shall not include the surface.

20. Provided also that all the requirements as to the location and survey of claims contained in these regulations shall govern such locations as far as they can be made to apply, and provided also that the amount to be expended each year in representation work, or to be paid in lieu thereof, shall be double the amounts prescribed in sections 55 and 56 of these regulations.

HOW A CLAIM SHALL BE STAKED.

21. Every claim shall be marked on the ground by two legal posts firmly planted in the ground, one at each extremity of the location line, which shall be known as location post No. 1 and location post No. 2, also by one legal post which shall be called 'discovery post.' The location line may have any bearing or direction, but must be a straight line measured horizontally between the location posts, the distance between post No. 1 and post No. 2 shall not exceed 1,500 feet, but it may be less. (See figures 1 and 2.)

22. The inscriptions to be placed on these posts shall be and remain clearly and legibly marked by knife, marking iron or crayon, but not so as to become illegible or obliterated.

23. On location post No. 1 on the side facing in the direction of location post No. 2 shall be marked, beginning near the top of the portion faced and extending downward, the following:—

- (1) No. 1;
- (2) The name given to the claim;
- (3) The letter indicating the direction of location post No. 2—'N' for north or northerly, 'S' for south or southerly, 'W' for west or westerly, and 'E' for east or easterly;
- (4) The number of feet lying to the right and the number of feet lying to the left of the location line—'R' for right and 'L' for left;
- (5) The month and date of the month upon which the location was made;
- (6) The year;
- (7) The name of the person locating the claim. (See figure 3.)

24. On location post No. 2 shall be marked on the side of that post facing in the direction of location post No. 1, beginning near the upper end of the portion faced and extending downward, the following:—

- (1) No. 2;
- (2) The name given to the claim;
- (3) The month and date of the month upon which the location was made;
- (4) The year;
- (5) The name of the person locating the claim. (See figure 4.)

25. The locator standing at location post No. 1 and facing in the direction of post No. 2 shall have the right and left of the location line to his right and left respectively.

26. Where the location line intersects the lode or vein upon which mineral has been discovered in place the discovery post shall be planted, and shall be marked with the letters 'D. P.' and the name given to the claim. (See figures 5, 6, 7 and 8.)

27. The markings on the location posts of a fractional claim shall be the same as those upon a claim of the full size, with the addition of the letter 'F' for fractional immediately below the name given to the claim, and below this the length of the location line in feet. On the discovery post of such a claim the letter 'F' shall also be placed.

28. In case it is found impossible, owing to the presence of water or other insurmountable obstacle, to set out post No. 2 in its proper position at one end of the location line, the locator may set up a 'witness post' on the location line as near as possible to where post No. 2 should have been placed, and upon this witness post he shall place, in addition to that already prescribed in these regulations to be placed on post No. 2, the letters 'W. P.' and the distance in feet and the direction of the point at which post No. 2 would have been placed had it been possible to do so.

29. If a locator, however, marks his location by means of a witness post and it is subsequently ascertained, to the satisfaction of the Minister, that such action was not necessary, and that it was possible at the time to set post No. 2 in its proper place on the location line, then such witness post shall be considered and dealt with as location post No. 2 of the claim and shall be regarded as the termination of the location line. Location post No. 1, however, shall not under any circumstances be marked with a witness post.

30. When the claim has been located the locator shall immediately mark out the location line joining post No. 1 with post No. 2 so that it may be distinctly seen at every point throughout its entire length. In a timbered locality the line shall be opened up throughout its length by cutting away trees and brushwood and removing obstructions, and trees and brushwood likely to obstruct a clear view of the line throughout its entire length or of the posts marking the claim shall be removed. The trees at each side of and adjoining the location line shall also be marked by placing on each tree three blazes, one blaze on each tree facing the location line and one blaze on each side of the tree in the direction of the said line. In a locality where there is neither timber nor underbrush the locator shall set legal posts or erect monuments of earth or rock, not less than eighteen inches high and three feet in diameter at the base, so that such line may be distinctly seen throughout its entire length.

31. The sides of a mineral claim located as of the full size shall be parallel to the location line of such claim, subject, however, to any claims previously located, and the ends of a mineral claim shall be at right angles to the location line, subject, however, to interference with claims already located. The location line may form one of the sides of a mineral claim, or a portion of the location may lie on either side of such line, provided, however, that the number of feet lying to the right of the location line and the number of feet lying to the left of such location line shall not together exceed in all 1,500 feet.

33. All the particulars required to be put on No. 1 and No. 2 posts shall be furnished by the locator to the mining recorder in writing, at the time the claim is recorded, and shall form a part of the record of such claim. The locator shall submit with his application a plan showing, as nearly as possible, the position of the location applied for in its relation to the prominent topographical features of the district and to the adjoining claims, or some other known point; also the position of the stakes by which the location is marked on the ground.

REMOVING OR DEFACING POSTS.

34. It shall not be lawful to move post No. 1, but post No. 2 may be moved by a Dominion land surveyor when it is found upon making the survey that the distance between post No. 1 and post No. 2 exceeds 1,500 feet in order to place post No. 2 at a distance of 1,500 feet from post No. 1 on the line of location. When the distance

between post No. 1 and post No. 2 is less than 1,500 feet a Dominion land surveyor has no authority to extend the claim beyond post No. 2.

35. It shall not be lawful for any person to move any location post or to deface or to alter in any manner the notices on the same.

36. Any person removing or disturbing with intent to remove any legal post, stake, picket or other mark placed under the provisions of these regulations or defacing or altering in any manner the notices on any of the legal posts placed thereon under these regulations, shall on summary conviction be liable to a fine not exceeding \$100 and costs; and in default of payment of the fine and costs to imprisonment for any period not exceeding six months.

37. When a fractional mineral claim has been located between previously located and unsurveyed mineral claims, and when any such previously located mineral claims are surveyed, if any of the posts of the fractional mineral claim are found to be on the previously located mineral claims, the location of such fractional mineral claim shall not be invalid by reason of the location posts of the fractional mineral claim being on such previously located mineral claims, and the owner of such fractional mineral claim may, by obtaining the permission of the mining recorder of the district, move the posts of the fractional mineral claim and place them on the surveyed line of the adjoining previously located mineral claims.

38. Nothing in these regulations, however, shall be construed to prevent Dominion land surveyors in their operations from taking up posts or other boundary marks when necessary.

RECORDING.

39. Every person locating a mineral claim shall record the same with the mining recorder of the district within which the same is situate within fifteen days after the location thereof if located within ten miles of the office of the said recorder. One additional day shall be allowed for such record for every additional ten miles or fraction thereof. Such record shall be made in a book to be kept for the purpose in the office of the said mining recorder in which shall be inserted the name of the claim, the name of the locator, the locality, the direction and length of the line from post No. 1 to post No. 2, the date of the location, and the date of record. Such record shall be, as nearly as may be possible, in the form 'B' in the schedule of these regulations, which form, duly completed and signed, shall be given by the mining recorder to the locator or his agent. A claim which shall not have been recorded within the prescribed period shall be deemed to have been abandoned and forfeited, without any declaration of cancellation or abandonment on the part of the Crown.

40. In the event of the claim being more than one hundred miles from the recorder's office, and situated where other claims are being located, the locators, not less than five in number, are authorized to meet and appoint one of their number an 'emergency recorder.'

41. The emergency recorder shall, at the earliest possible date after his appointment, notify the Government mining recorder for the district in which the claims are of such appointment, and he shall deliver to such mining recorder the applications which he may have received for mineral claims and the fees which he may have collected for recording the same. The Government mining recorder shall then grant to each person from whom the emergency recorder has accepted an application and a fee an entry for his claim in the form 'B' of these regulations, provided such application was made in accordance with the provisions of these regulations on form 'A' or 'A-1' thereof. The entry to date from the day the emergency recorder accepted the application and fee. If the emergency recorder fails within four months to notify the Government mining recorder of his appointment, or to deliver to him the applications received and the fees collected, entry for such claims may be refused in the discretion of the Minister.

42. No mineral claim shall be recorded without the application being accompanied by an affidavit or solemn declaration made by the applicant on form 'A' of these regulations, or if it be a fractional claim in the form 'A-1.'

43. Provided that failure on the part of the locator of a mineral claim to comply in every respect with the foregoing provisions shall not be deemed to invalidate such location, if upon the facts it shall appear to the satisfaction of the mining recorder that such locator has actually discovered mineral in place on the location, and has staked out such location as nearly as possible in the manner prescribed, and that there has been on his part a *bona fide* attempt to comply with all the provisions of these regulations, and that the non-observance of any of the formalities hereinbefore referred to is not of a character calculated to mislead other persons desiring to locate claims in the vicinity. The mining recorder may, however, before granting entry require the locator to immediately remedy any material defaults committed in the observance of the formalities required by these regulations in respect of the location of a mineral claim, and if such defaults are not remedied within a period to be fixed by the mining recorder, and to his satisfaction, entry may be refused.

44. A locator shall not be entitled to a record of a mineral claim until he shall have furnished the mining recorder with all the particulars necessary for such record.

45. The record of a mineral claim shall be made at the office of the mining recorder of the district in which the claim is situated, but the application may be made to an agent or a sub-agent of Dominion lands to be forwarded to the mining recorder for the district in which the claim is situated. The date upon which the application and fee may be received in the office of the mining recorder for the district in which the claim is situated, however, shall govern, and shall be considered the date of the application.

46. Where a tunnel is run for the development of a vein or lode the owner of such tunnel shall, in addition to any mineral claim legally held by him, have the right to all veins or lodes discovered in such tunnel, provided that the ground containing such veins or lodes be marked out by him as a mineral claim, and provided further, that such veins or lodes are not included in any existing mineral claim. Any money or labour expended in constructing a tunnel to develop a vein or lode shall be deemed to have been expended on such vein or lode.

47. Any person upon satisfying a mining recorder that he is about to undertake a *bona fide* prospecting trip to a distant part of the district, may receive written permission from the mining recorder to record at his own risk a claim within the mining district at any time within a period not exceeding six months from the date upon which such written permission was given.

48. No record shall be granted for a claim which has not been staked by the applicant in person in the manner specified in these regulations: Provided that if any person satisfies the mining recorder that he is about to undertake a *bona fide* prospecting trip to a distant part of the district, and files with the mining recorder in advance a power of attorney from any number of persons, not exceeding two, authorizing such person to stake claims for them in consideration of their having enabled him to undertake the trip, he may stake one claim in the name of each such person upon any lode or vein upon which he may make independent discovery.

49. The holder of a mineral claim shall be entitled to all minerals to which these regulations apply, the property of the Crown, which may lie within his claim, but he shall not be entitled to mine outside the boundary lines of his claim continued vertically downwards.

50. Any location made upon Sunday or any public holiday shall not for that reason be invalid.

51. The interest of a grantee of a mineral claim shall, prior to the issue of a lease, be deemed to be a chattel interest, equivalent to a lease of the minerals in or under the land for one year, and thence from year to year, subject to the performance and observance of all the terms and conditions of these regulations.

ABANDONMENT.

52. A holder of a mineral claim may at any time abandon the same or relinquish his lease thereof, provided he has complied in every respect with the provisions of the regulations, and that all payments on account of rental or other liability to the Crown, due by him in connection with such claim, have been fully made. Notice in writing of his intention to abandon shall be given to the mining recorder, and from the date of the record of such notice all interest of such holder in such claim shall cease.

53. When the holder of a mineral claim abandons it he shall have the right to take from the same any machinery and any personal property which he may have placed on the claim, and any ore which he may have extracted therefrom, within such time as shall be fixed by the mining recorder, provided all payments due on account of rental or other liability to the Crown in connection with the claim have been fully made.

GROUPING.

54. Adjoining claims, not exceeding eight in number, may be worked by the owners thereof in partnership upon filing a notice of their intention with the mining recorder and upon obtaining a certificate according to form 'E' of these regulations. This certificate will allow the holders thereof to perform on any one or more of such claims all the work required to entitle him or them to a certificate of work for each claim so held by him or them. If such work shall not be done, or if payment shall not be made in lieu thereof as prescribed in section 56 of these regulations, the claims shall be deemed to be vacant and abandoned without any declaration of cancellation or forfeiture on the part of the Crown.

REPRESENTATION.

55. Any person having duly located and recorded a mineral claim shall be entitled to hold it for the period of one year from the date of recording the same, and thence from year to year without the necessity for re-recording: Provided, however, that

during each year and each succeeding year such locator shall do, or cause to be done, work on the claim itself to the value of \$100, and shall within fourteen days after the expiration of the year, satisfy the mining recorder that such work has been done, by an affidavit in the form 'C' of these regulations, and setting out a detailed statement of such work, and shall obtain from the mining recorder a certificate of such work having been done on form 'D' hereto. Provided also that all work done outside of a mineral claim with intent to work the same shall, if such work has direct relation and be in direct proximity to the claim, be deemed, if to the satisfaction of the mining recorder, for the purpose of this section, to be work done on the claim.

56. The holder of a mineral claim may, in lieu of the work required to be done by section 55 of these regulations on a claim each year, pay to the mining recorder in whose office the claim is recorded the sum of \$100, and receive from such mining recorder a receipt for such payment. Such payment and the record thereof in any year shall relieve the person making it from the necessity of doing any work during year in and for which and upon the claim in respect of which such payment is recorded, and he shall be entitled to a certificate of work for the year.

57. If, however, the prescribed amount of work is not done during the year, or if payment is not made in lieu thereof, as provided in section 56 of these regulations, the claim shall, at the expiration of the period of fourteen days provided for, lapse and shall forthwith be open to re-location under these regulations without any declaration of cancellation or forfeiture on the part of the Crown.

58. If the recorded owner of a fractional mineral claim furnishes evidence, to the satisfaction of the mining recorder, that the area of such claim is less than twenty-five acres, the expenditure required to be incurred each year in mining operations on such fractional claim, or the payment to be made in lieu thereof, to entitle the recorded owner to a certificate of work shall be one-half that required under these regulations in respect of a full claim. If, however, upon survey, a fractional claim in connection with which such representations have been made is found to contain twenty-five acres, or more, the recorded owner thereof shall pay to the mining recorder whatever additional amount may be necessary to represent a full claim, with interest, before he shall be entitled to receive a certificate of improvements in connection with such claim.

59. If two or more persons own a claim, each such person shall contribute, proportionately to his interest, to the work required to be done by section 55 of these regulations, and in the event of its being proven to the mining recorder or the gold commissioner, after notice of hearing has been served as directed on all parties interested, that any co-owner has not done so, his interest shall become vested by order of the gold commissioner or mining recorder in the other co-owner or co-owners according to their former interests.

DISPUTES.

60. In case of any dispute as to the location of a mineral claim the title to the claim shall be recognized according to the priority of such location, subject to any question as to the validity of the record itself, and subject, further, to the locator having complied with all the terms and conditions of these regulations.

61. Upon any dispute as to the title to any mineral claim, no irregularity happening previous to the date of the record of the last certificate of work shall affect the title thereto, and it shall be assumed that up to that date the title to such claim was perfect, except upon suit by the Attorney General of Canada based upon fraud.

62. Whenever through the acts or default of any person other than the recorded owner of a mineral claim or his agent by him duly authorized, the evidence of the location or record on the ground, or the situation of a mineral claim has been destroyed, lost or effaced, or is difficult of ascertainment nevertheless effect shall be given to same as far as possible, and the court shall have power to make all necessary inquiries, directions and references in the premises, for the purpose of carrying out the object hereof, and vesting title in the first *bona fide* acquirer of the claim.

63. No person shall suffer from any acts of omission or commission, or delays on the part of any Government official, if such can be proven.

TITLE.

64. Payment may be made to the mining recorder of the sum of \$500 in lieu of expenditure on a claim of the ordinary size, and in the case of a claim of excessive size, acquired under the provisions of section 18 of these regulations, payment may be made of double that amount in lieu of such expenditure. In case payment in lieu of expenditure is made, the recorded owner of the claim shall comply with all other provisions of these regulations, except such as have respect solely to the work required to be done on the claim.

65. Whenever the lawful holder of a mineral claim shall have complied with the following requirements, to the satisfaction of the mining recorder, he shall be entitled to receive from the recorder a certificate of improvements, form 'F' in respect of

such claim, unless proceedings by the person claiming an adverse right under section 70 of these regulations have been taken:—

(a) Done or caused to be done work on the claim itself in developing a mine to the value of \$500, exclusive of the cost of all houses, buildings and other like improvements, or made payment in lieu as provided in section 56 of these regulations. The value of the work done, as assessed by the mining recorder, and the amount paid and accepted in lieu thereof, shall together be equal to at least \$500. In the case of a fractional claim, however, the work to be done or the payment to be made in lieu thereof shall be that specified in section 58 of these regulations. For the purposes of this section work done on a claim by a predecessor or predecessors in title shall be deemed to have been done by the person who receives a transfer of such claim. The cost of the survey, not to exceed \$100, however, may be counted as work done on the claim: Provided it has been accepted in lieu of representation work;

(b) Found a vein or lode within the limits of such claim;

(c) Had the claim surveyed at his own expense in accordance with instructions from the Surveyor General, by an authorized Dominion land surveyor, and had the survey thereof duly approved;

(d) Shall have posted in some conspicuous part of the land embraced in the survey a copy of the plan of the claim signed and certified as accurate under oath by the surveyor, and a legible notice in writing in form 'G' of the schedule of these regulations, of his intention to apply for a certificate of improvements, and shall also have posted a similar notice in the mining recorder's office, and such notice shall contain:—

(1) The name of the claim;

(2) The name of the lawful holder thereof;

(3) His intention to apply for a certificate of improvements at the end of sixty days for the purpose of obtaining a lease;

(4) The date of the notice.

(e) Inserted a copy of such notice in a newspaper published in and circulating in the district in which the claim is situated (such paper to be approved by the mining recorder) for at least sixty days prior to such application, which insertion can be made at any time after the posting of the notice on the claim. If no paper is published in the district, then the notice shall appear in the nearest published paper;

(f) Shall have filed with the mining recorder a copy of the surveyor's original plan of the claim, signed and certified as accurate under oath by the surveyor, immediately after posting the notice on the claim of his intention to apply for a certificate of improvements;

(g) Filed with the mining recorder an affidavit of the holder of the claim, or his duly authorized agent, in the form 'H' in the schedule of these regulations;

(h) At the expiration of the term of the said publication, provided no action shall have been commenced and notice thereof filed with the mining recorder, he shall forward to the owner or agent the certificate of improvements issued, and to the department a copy thereof, together with the several documents referred to above, and a certificate in the form 'I' of the schedule to these regulations showing that the notice provided by subsection (d) of this section, or by section 80 of these regulations, has been posted in his office, and the plan deposited for reference therein from the date of the first appearance of the said notice in the nearest local newspaper and continuously therefrom for a period of at least sixty days, and containing the full Christian and surname of the recorded owner, or of each of the recorded owners, as well as the occupation and respective interest.

(i) A certificate of improvements shall not be issued until a report has been furnished by an officer of the department, or some person satisfactory to the mining recorder, to the effect that upon inspection he was satisfied that the required expenditure in developing a mine had been actually incurred, and that a vein or lode had been found within the limits of the claim. Delay in having an inspection made after the recorded owner of a mineral claim has fully complied with the above requirements shall not render it necessary for such owner to perform further representation work, or make payment in lieu, because of such delay.

66. In case a claim is situated in a remote part of the country, very difficult of access, where other claims have not been recorded, and where other persons are not engaged in prospecting, and where no newspaper is published within a distance of one hundred miles, the Minister may, in his discretion, waive posting of notice on the claim and publication of the same in a newspaper as provided in subsections (d) and (e) of section 65 of these regulations.

67. A certificate of improvements when issued as aforesaid shall not be impeached in any court on any ground except that of fraud.

68. After the issue and recording of such certificate of improvements, and while such certificate shall be in force but a lease not yet issued, it shall not be necessary to do any work on such claim.

69. The holder of a mineral claim for which a certificate of improvements has been granted and recorded shall be entitled to a lease of such claim upon payment being made within three months of the rental and fee prescribed by section 99 of these regulations.

ADVERSE RIGHT.

70. In case any person shall claim an adverse right of any kind, either to possession of the mineral claim referred to in the application for certificate of improvements, or any part thereof, or to the minerals contained therein, he shall, within sixty days after the first publication in the nearest local newspaper of the notice referred to in subsection (e) of section 65 or in section 80 of these regulations (but not later, unless such time shall be extended by special order of the court upon cause being shown) commence legal action to determine the question of the right of possession or otherwise enforce his said claim, and shall file a copy of the writ, information, bill of complaint, or other initiatory proceeding in said action with the mining recorder of the district or mining division in which the said claim is situated within twenty days from the commencement of said action, and shall prosecute the said action with reasonable diligence to final judgment, and a failure to so commence or so to prosecute shall be deemed to be a waiver of the plaintiff's claim. After final judgment shall have been rendered in the said action the person, or any one of the persons entitled to possession of the claim or any part thereof, may file a certified copy of the same in the office of the mining recorder. After the filing of the said judgment, and upon compliance with all the requirements of section 65 of these regulations, such person or persons shall be entitled to the issue to him or to them of a certificate of improvements in respect of the claim or the portion thereof which he or they shall appear from the decision of the court rightly to possess: Provided that this section shall not apply to any adverse claim or action to enforce the same commenced prior to the date of these regulations coming into force, but the same shall be continued in the same manner as if these regulations had not been passed.

71. If an adverse claim shall affect only a portion of the ground for which application is made for a certificate of improvements, the applicant may relinquish the portion covered by the adverse claim, and still be entitled to a certificate of improvements for the undisputed remainder of his claim, upon complying with the requirements of these regulations. When judgment in such case is rendered by the court a memorandum of such judgment shall be entered in the 'record book' by the mining recorder; and if by any judgment the original boundaries of any claim shall be changed, a plan made by a Dominion land surveyor, and signed by the judge by whom the judgment has been given, shall be filed with the mining recorder, who shall forward it to the Department of the Interior.

ADDRESS FOR SERVICE.

72. Every application for a mineral claim, and every other application, and every transfer or assignment of a mineral claim, or of an interest therein, acquired under the provisions of these regulations, shall contain, or shall have endorsed thereon, the place of residence and the post office address of the applicant, transferee or assignee, and his occupation; and no application, transfer or assignment shall be accepted or recorded unless it conforms with this provision.

WHAT ENTRY OR LEASE CONVEYS.

73. The holder of a mineral claim, by entry or by lease, located on vacant Dominion lands shall be entitled to all minerals within the meaning of these regulations found in veins, lodes or rock in place, and whether such minerals are found separately or in combination with each other in, upon or under the lands included in such entry or lease; together with the right to enter upon and use and occupy the surface of the claim, or some portion thereof and to such extent as the Minister may consider necessary, for the efficient and miner-like operation of the mines and minerals contained in the claim, but for no other purpose; including the right to cut free of dues such of the timber on the claim or such portion thereof as may be necessary for the working of the same, but not for sale or traffic, except where such timber has been granted or disposed of prior to the date of entry. The timber agent, however, may permit any person to cut and remove from the claim timber for his own use for mining purposes, when such timber cannot otherwise be had within a reasonable distance, but no such permit shall convey the right to cut or remove timber required by the holder of the claim for his mining operations actually in progress.

74. In the Yukon Territory the timber on a mineral claim shall, subject to the rights existing at the time of the application therefor, be reserved until the mining recorder certifies that the same is required for use in connection with mining operations actually in progress on such mineral claim, when the right to use such timber, or any portion thereof, free of dues, may be given the holder of such mineral claim by the Crown timber and land agent with the approval of the commissioner of the territory. The commissioner, however, may authorize the timber agent to issue a permit to any person to cut and remove from such mineral claim timber required by him for his own use in mining operations when such timber cannot otherwise be obtained within a reasonable distance of the place of his mining operations.

75. A lease of a mineral claim located on lands the surface rights of which have been disposed of but the right whereon to enter, prospect and mine for minerals has been reserved to the Crown, shall convey to the lessee the minerals within the meaning of these regulations found in veins or lodes, or rock in place, and whether such minerals are found separately or in combination with each other, which may be in, upon, or under the land described in the lease, but shall convey no right of entry upon such surface.

76. Where the mineral claim is located on land lawfully occupied under a timber license the lease shall convey the minerals within the meaning of these regulations found in veins or lodes, or rock in place, subject to the provisions of section 14 of these regulations, but shall reserve the timber.

77. A lease of a mineral claim located on lands the surface rights of which have been disposed of, but the right whereon to enter and mine gold and silver has been reserved to the Crown, shall convey to the lessee the right to the gold and silver found in veins or lodes, or rock in place, which may be in, upon, or under the land described in the lease, but shall convey no right of entry upon the surface.

78. A lease of a mineral claim issued under the provisions of these regulations shall reserve to the Crown such right or rights of way and of entry as may be required under any regulations in that behalf now or hereafter in force in connection with the construction, maintenance and use of works for the conveyance of water for mining operations.

SURVEYS.

79. The recorded owner of a mineral claim shall have a survey thereof made at his own expense by a duly qualified Dominion land surveyor under instructions from the Surveyor General within one year from the date upon which notification by the proper officer of the Department of the Interior to do so may be sent to him. Such notification, however, shall not be given until the expiration of at least one year from the date upon which the claim was recorded. If the survey is not made, and if the returns of such survey are not received and approved by the Surveyor General within one year from the date of notification, the entry granted for the mineral claim shall be subject to immediate cancellation in the discretion of the Minister. The owner of a claim may, however, have such survey made at any time after obtaining record without any notification having been sent to him to do so.

80. The cost of the survey of a mineral claim, made in accordance with the provisions of sub-clause (c) of section 65 of these regulations, may be accepted in lieu of representation work on the claim for the year in which the survey is made; and the survey so made shall be accepted as definitely establishing the boundaries of the claim, provided that notice in the form 'J' in the schedule of these regulations of such survey is immediately inserted, for a period of not less than sixty days, in a newspaper published in or circulating in the district in which the claim is situated, such paper to be approved by the mining recorder, and provided further that the owner of the claim prior to the first appearance of this advertisement shall cause to be posted in a conspicuous spot on the claim, and in the office of the mining recorder for the district, a notice in the same form of his intention to advertise the survey of the claim, and also a copy of the plan of the survey prepared and certified correct, under oath, by a Dominion land surveyor. The survey shall be accepted as defining absolutely the boundaries of the claim surveyed, provided it remains unopposed during the period of publication, and provided it has been duly approved by the Surveyor General. If, however, within the time specified the survey is protested the protest shall be heard and decided upon by procedure similar to that provided for in section 70 of these regulations.

81. The surveyor shall accurately define and mark the boundaries of such claim on the ground in full compliance with the instructions issued to him, and shall, on completion of survey forward to the Surveyor General at Ottawa the original field notes and plan signed and certified as accurate under oath. After a certificate of improvements has issued in respect of any claim so surveyed, *prima facie* evidence of its location upon the ground may be given by any person who has seen and who can describe the position of such posts purporting to be marked as aforesaid.

82. In case either post No. 1 or post No. 2 of a mineral claim be on the boundary line of a previously located claim, which boundary line is not at right angles to said location line, the Dominion land surveyor when making the survey may include the fraction so created within the claim which is being surveyed: Provided always that such fraction is available and open to disposal and that the claim including the fraction does not exceed in area 61.65 acres.

83. A Dominion land surveyor when surveying a fractional mineral claim may survey such claim so that it shall contain as nearly as possible all the unoccupied ground lying between the previously located mineral claim as described in the affidavit and sketch furnished by the locator when the claim was recorded, provided that no side of a fractional claim so surveyed shall exceed 1,500 feet in length, and provided also that the area of the claim as surveyed shall be less than 61.65 acres.

84. The surveyor shall, in the discretion of the Surveyor General, connect the survey of the claim with some known point in a previous survey, or with some other known point or boundary, so that the position of the claim may be definitely fixed on the plans of the Department.

85. It shall be the duty of the surveyor, before proceeding with the survey, to examine the application made for the claim and the plan which accompanied such application, and before completing the survey to ascertain by careful examination of the ground, or by all other reasonable means in his power, whether or not any other subsisting claim conflicts with the claim he is surveying, and he shall furnish with his returns of survey a certificate, duly signed by him, in the following form:—

I hereby certify that I have carefully examined the ground included in mineral claim surveyed by me, and have otherwise made all reasonable investigations in my power to ascertain if there was an other subsisting claim conflicting therewith, and I certify that I have found no trace or indication and have no knowledge or information of any such claim except as follows: (if none so state, if any give particulars.)

86. Should the survey of a claim be made and advertised in the manner specified herein before the recorded owner of the claim has sufficiently complied with the regulations to admit of his applying for a certificate of improvements, then the posting and publication of notice of the survey of the claim in the manner indicated shall be accepted as satisfaction of the posting and advertising requirements of section 65 of these regulations, but before a certificate of improvements shall be issued in connection with such a claim all the other requirements of section 65 shall be fully complied with.

TRANSFER OF A MINERAL CLAIM.

87. No transfer of an entry for any mineral claim, or of any interest therein, shall be effectual unless the same is in writing and accompanied by the record of entry (form 'B'), signed by the transferrer, or by his agent authorized in writing, and recorded by the mining recorder; and, if signed by an agent, the authority of such agent shall be recorded before the record of such transfer. The assignment shall be in duplicate, signed and sealed by the assignor in the presence of a witness, who shall furnish proof of execution by affidavit, and when recorded the mining recorder shall return to the assignee one copy thereof with a certificate endorsed thereon that it has been recorded in his office, and retain the other copy.

88. If the record of entry (form 'B') has been lost or destroyed, the mining recorder may, upon receipt of evidence to his satisfaction, supported by the affidavit of the recorded owner or owners, or one of them, if possible, that such is the case, and upon receipt of a fee of \$5 issue a "substitutional" record of entry which shall be so marked, and which shall be as far as practicable a copy of the record of entry (form 'B') originally issued for such claim, which substitutional record shall be endorsed in the manner above prescribed.

89. Every conveyance, bill of sale, mortgage or other document of title relating to any mineral claim for which entry has been granted under the provisions of these regulations shall be recorded with the mining recorder: Provided always, that the failure to so record any such document shall not invalidate the same as between the parties thereto, but such documents as to third parties shall take effect from the date of record, and not from the date of such document.

90. After a lease of a mineral claim has been issued, an assignment of the whole or an undivided interest in such claim shall be filed with the Minister, accompanied by a fee of \$2 and by the lessee's copy of the lease, but no such assignment shall be accepted or registered unless it is unconditional and its execution proved to the satisfaction of the Minister, and unless the regulations in respect of such claim have been fully complied with.

91. If the holder of a mineral claim, after applying for a certificate of improvements shall sell and transfer such claim, upon satisfactory proof of such sale and transfer being made to the mining recorder, the new holder of the claim shall be entitled to a certificate of improvements in his own name.

92. If a transfer shall be made to any person or company after a certificate of improvements shall have been issued, but before a lease has been prepared, upon proper proof of such transfer being made to the satisfaction of the Minister, and upon receipt of a new certificate in the form 'I' of these regulations, the lease may issue to the new holder of the claim.

93. The issue of a lease shall not invalidate any lien which may have been attached to any mineral claim previous to the issuance of such a lease.

ROYALTY.

94. The lease of a mineral claim shall reserve to the Crown such royalty on the sales of the products of the location described in such lease as may from time to time be fixed by Order of the Governor in Council, the royalty to be collected in such manner as may be prescribed by the Minister. The same royalty may be collected on the sales which may be made prior to the issue of a lease.

95. No royalty or export tax shall be charged on gold extracted from a mineral claim in the Yukon Territory, as defined by these regulations, for a period of ten years from the 16th day of May, 1911.

96. No royalty shall be charged on the products of locations granted under the provisions of these or any previous regulations for the mining of iron for a period of twenty years from the 1st day of January, 1908, that is, up to the 1st day of January, 1928, and no reservation shall be made in the leases issued for such locations of a royalty on the sales of the products thereof during that period, that is, up to the 1st day of January, 1928. Provision, however, shall be made in the lease that at the termination of the above period of twenty years, the location described therein shall be subject to whatever regulations in respect of royalty may be made.

97. No royalty shall be charged on the products of copper mining locations up to the 1st day of January, 1921, and no reservation shall be made in the leases issued for such locations of a royalty on the sales of the products thereof during that period. Provision, however, shall be made in such leases that on and after the 1st day of January, 1921, the locations described therein shall be subject to whatever regulations may be made in respect of royalty.

TERM OF LEASE AND RENTAL.

98. The lease shall be for a term of twenty-one years, renewable for a further term of twenty-one years, provided the lessee furnishes evidence to the satisfaction of the Minister that during the term of the lease he has complied in every respect with the conditions of such lease and with the provisions of the regulations, and subject to renewal for additional periods of twenty-one years on such terms and conditions as may be prescribed by the Governor in Council.

99. The rental of a whole or fractional mineral claim granted under a lease shall be \$50, payable in advance within three months after the date upon which a certificate of improvements in connection with the claim may be issued, and no further rental shall become due or payable in connection with such claim until the termination of the above period of twenty-one years. For a renewal of the lease the lessee shall pay in advance the sum of \$200 to cover the rental for a further period of twenty-one years. For the rental of a claim of excessive size, as specified in section 18 of these regulations, the rental shall be \$150 for the first period of twenty-one years, and a rental of \$500 for a renewal period of like duration. The fee for the issue of a lease of a mineral claim shall be \$5.

100. In case payment of the rental and fee for the first term of twenty-one years is not made within the prescribed period of three months from the date of the certificate of improvements, or in case payment is not made of the rental for the renewal term within three months from the date upon which it becomes due, then all right to the claim or to a lease thereof, or to a renewal of such lease, shall absolutely lapse without any declaration of cancellation or forfeiture on the part of the Crown, and such rights shall immediately be and become re-invested in the Crown.

101. The lessee shall not assign, transfer or sublet the rights described in his lease, or any interest therein, without the consent in writing of the Minister being first had and obtained.

102. The lease shall be in such form as may be determined by the Minister, in accordance with the provisions of these regulations.

TREATMENT OF ORES IN CANADA.

103. All grants and leases issued under the provisions of these regulations shall be subject to the provision that all ores or minerals mined from locations described in such grants or leases shall be treated and refined within the Dominion of Canada so as to yield refined metal or other product, suitable for direct use in the arts without further treatment; in default whereof the grant or lease issued for such lands shall

be and become null and void, and the said lands shall forthwith revert to and become re-vested in the Crown freed and discharged of any interest or claim of any other person or persons whomsoever, and shall be open to disposal in such manner as the Minister may decide.

ARBITRATION.

104. In case the surface rights of a mineral claim are covered by a timber license, or by a petroleum, grazing or coal mining lease, or any other form of a terminable grant the lease shall not authorize entry thereon, without the permission of the Minister being first had and obtained, and such permission shall be given subject to such conditions for the protection of the rights of such lessee or licensee as it may be considered necessary to impose.

105. In case the surface rights of a mineral claim have been patented, or have been disposed of by the Crown under any Act or regulation which contemplates the earning of patent for such surface rights, and the lessee of the mineral claim cannot make an arrangement with the owner of such surface rights, or with his agent, or the occupant thereof, for entry upon the location, or for the acquisition of such interest in the surface rights as may be necessary for the efficient and economical operation of the rights acquired under his lease, he may (provided the mineral rights in the land affected with access thereto and the right to use and occupy such portion of the land as may be necessary for the effectual working of the minerals therein have been reserved to the Crown in the original grant of the surface rights) apply to the Minister for permission to submit the matter in dispute to arbitration. Upon receiving such permission in writing, it shall be lawful for the lessee to give notice to the owner, or his agent, or the occupant, to appoint an arbitrator, within a period of sixty days from the date of such notice, to act with another arbitrator named by the lessee, in order to determine what portion of the surface rights the lessee may reasonably acquire.

(a) For the efficient and economical operation of the rights and privileges granted him under his lease;

(b) The exact position thereof; and

(c) The amount of compensation to which the owner or occupant shall be entitled.

106. The notice mentioned in this section shall be according to a form to be obtained upon application to the mining recorder for the district in which the land in question is situated, and shall, when practicable, be personally served on the owner of such land, or his agent, if known, or the occupant thereof, and after reasonable efforts have been made to effect personal service without success, then such notice shall be served by leaving it at or sending it by registered mail to the last known place of abode or address of the owner, agent or occupant, and by posting a copy of the same in the office of the mining recorder for the district in which the land in question is situate. Such notice shall be ten days if the owner or his agent resides in the district in which the land is situate, if out of the district and if in the province or territory, twenty days, and if out of the province or territory, thirty days, before the expiration of the time limited in such notice. If the owner, or his agent, or the occupant of the land refuses or declines to appoint an arbitrator, or when, for any reason, no arbitrator is so appointed in the time limited therefor in the notice provided for by this section, the mining recorder for the district in which the land in question is situate shall forthwith, on being satisfied by affidavit that such notice has come to the knowledge of such owner, agent or occupant, or that such owner, agent or occupant, wilfully evades the service of such notice, or cannot be found, and that reasonable efforts have been made to effect such service, and that the notice was left at the last place of abode or known address of such owner, agent or occupant as above provided, appoint an arbitrator on his behalf.

107. In case two arbitrators cannot agree upon the award to be made, they may, within a period of ten days from the date of the appointment of the second arbitrator select a third arbitrator, and when two such arbitrators cannot agree upon a third arbitrator, the mining recorder for the district in which the land in question is situate shall forthwith select such third arbitrator.

108. All the arbitrators appointed under the authority of these regulations shall be sworn before a justice of the peace to the impartial discharge of the duties assigned to them, and after due consideration of the rights of the owner and the needs of the lessee, they shall decide as to the particular portion of the surface rights which the latter may reasonably acquire for the efficient and economical operation of the rights and privileges granted him under his lease, the area thereof, and the amount of compensation therefor to which the owner or occupant shall be entitled.

109. In making such valuation the arbitrators shall determine the value of the land irrespective of any enhancement thereof from the existence of minerals thereunder.

110. The award of any two such arbitrators made in writing shall be final, and shall be filed with the mining recorder for the district in which the land is situate

within twenty days from the date of the appointment of the last arbitrator. Upon the order of the Minister the award of the arbitrators shall immediately be carried into effect.

111. The arbitrators shall be entitled to be paid a per diem allowance of \$5 together with their necessary travelling and living expenses, while engaged in the arbitration, and the costs of such arbitration shall be in the discretion of the arbitrators.

ADMINISTRATION OF THE ESTATES OF DECEASED OR INSANE MINERS.

112. If the owner of a claim for which a lease has not yet been issued, or if the owner of an interest in such a claim dies, or is adjudged to be insane, the provisions of these regulations as to forfeiture for non-performance of work or payment of fees shall not apply except as hereinafter provided, in the first case, either during his last illness or after his decease, and in the second case, either after he has been so adjudged insane, or, if it appears that the neglect or omission on account or by reason of which such claim would otherwise have been deemed to be forfeited was attributable to his insanity, then during such period prior to his having been adjudged insane as he may have been shown to have been insane.

113. The Minister, or in the case of the Yukon Territory, the commissioner, may limit the period during which all or any interest in any mineral claim, the property of such deceased or insane person, shall be exempt from the provisions of the regulations, which require annual performance of work and payment of fees, and may fix the date upon which the same shall again become subject to all the provisions of these regulations.

114. At the termination of the period fixed the claim shall become subject to all the provisions of these regulations, and if such regulations are not complied with the title thereto shall be absolutely forfeited in the event of the estate of such deceased person being the sole owner of the claim, and the same shall forthwith be open for re-location without any declaration or cancellation of forfeiture on the part of the Crown. In the event, however, of such an estate being a co-owner the interest of the estate shall thereupon *ipso facto* become vested in the other co-owners who have complied with the regulations, in proportion to their respective interests.

115. The Minister, or in the case of the Yukon Territory, the commissioner, may by order from time to time extend the period of such exemption as the necessity of the case may in his opinion demand, provided that in the case of deceased persons the period during which such exemption shall apply shall not extend beyond three years from the date of the death of the deceased.

116. If there is no other legal representative of the estate of any such deceased or insane person the Minister, or in the case of the Yukon territory, the commissioner, may cause the public administrator, or such responsible officer as he may name, to take possession of such property and administer the same subject to the provisions of any ordinance in force respecting the administration of the estates of deceased or insane persons in the province or territory in which the property lies.

117. No exemption of the interest of a deceased or insane owner in any claim shall apply to or exempt any co-owner's interest from the provisions of these regulations, as to the annual performance of work and payment of fees, and the rights of such co-owners shall be entitled to protection provided they do or cause to be done the prescribed representation work and pay the prescribed fees necessary in connection with those interests not exempted from performance of work and payment of fees.

118. Where the estate of a deceased or insane person owns an interest in a claim, and the co-owners who are required to perform work and pay fees have, during the period of such exemption, failed to perform the work required to be done thereon, the interest of such co-owners may, upon such failure being proved to the satisfaction of the mining recorder, after notice of hearing has been served upon all persons interested in the manner prescribed by him, be vested by order of the mining recorder in such estate.

119. Any person receiving from the public administrator or other legal representative of the estate of a deceased or insane person an assignment of a claim that has been exempted from the provisions of the regulations as to performance of work and payment of fees, because of the death or insanity of the owner thereof, shall record such assignment within two months from the date thereof, and after the assignment has been recorded the claim shall again become subject to all the provisions of these regulations. If the assignment is not so recorded the provisions exempting such claim shall cease to apply and the claim shall, at the expiration of the said two months, become absolutely forfeited and shall be open to re-location and entry.

120. Any person receiving from the public administrator, or other legal representative of the estate of a deceased or insane person, an assignment of an interest

in a claim which has been exempted from the provisions of these regulations as to performance of work and payment of fees, because of the death or insanity of the owner thereof, and on which the other co-owner or co-owners are required to perform work and pay fees, shall, within two months from the date of such assignment, record the same and comply with the provisions of the regulations in respect of representation from the day of the recording of such transfer. If the assignment is not so recorded, and if the regulations are not otherwise complied with, the interest in question shall thereupon *ipso facto* become vested in the other co-owner or co-owners in proportion to their respective interests. If the co-owners who are required to perform work and pay fees have failed to do so, the interest of such co-owner or co-owners may, upon such failure being proved to the satisfaction of the mining recorder after notice of hearing has been served upon all persons interested, become vested in the co-owner who has acquired the interest of the estate in such claim, and who may have complied with the provisions of these regulations.

MILL-SITES.

121. The Minister may, in his discretion, grant to the lessee of a mineral claim a lease of a tract of available, unoccupied and unreserved Crown land, not known to contain mineral of commercial value and not exceeding five acres in area, as a mill-site. Lands valuable for water-power purposes shall not be open to lease for this purpose except by authority of the Governor in Council.

122. The mill-site shall be marked on the ground and surveyed in the same manner as a mineral claim, and shall be as nearly as possible in the form of a square, the boundaries being due north and south and due east and west lines. The term of the lease shall be concurrent with the lease of the mineral claim in connection with which the mill-site is applied for, or for such period as the Minister may decide, and the rental shall be at the rate of \$1 an acre per annum, payable yearly in advance from the date of application.

123. In case the mill-site is not utilized as such to the satisfaction of the Minister, within three years from the date of the lease, such lease shall be subject to cancellation in the discretion of the Minister.

TUNNELS AND DRAINS.

124. Any holder of a mineral claim by entry or by lease may, in the discretion of the mining recorder, obtain permission to run a drain or tunnel for drainage or any other purpose connected with the development or working of such claim or mine through any occupied or unoccupied lands, whether mineral or otherwise, upon security being first deposited or given to such mining recorder to his satisfaction for any damage that may be done thereby, and upon such other terms as he shall think expedient.

WATER RIGHTS.

125. The holder of a mineral claim or of any mill-site may obtain a grant to a water right of any appropriated water for any mining or milling purposes, under and in accordance with the provisions of the Irrigation Act, if the right sought to be acquired is within the provinces or territories to which such Act applies. In the Yukon Territory water rights shall be acquired under the provisions of the Yukon Placer Mining Act, or under the provisions of the regulations for the disposal of water for power purposes, according to the purpose for which the water is to be used.

MISCELLANEOUS.

126. No person mining upon any claim shall cause damage or injury to the holder of any claim other than his own by throwing earth, clay, stones or other material upon such other claim, or by causing or allowing water which may be pumped or bailed, or which may flow from his own claim to flow into or upon such other claim under the penalty of not more than \$50 and costs, and in default of the payment of the fine and costs he may be imprisoned for any period of not more than one month.

127. Nothing herein contained shall, save where such intention is expressly stated, be so construed as to affect prejudicially any mining rights and interests acquired prior to the passing of these regulations, and all mining rights and privileges heretofore and hereunder acquired shall, without the same being expressly stated, be deemed to be taken and held subject to the rights of His Majesty, his heirs and successors, and to the public rights of way and water.

128. Affidavits and declarations made under the provisions of these regulations can be made before any persons duly authorized to administer an oath or declaration.

129. The Minister, or any one deputed by him, and the mining recorder shall have the right to enter into or upon and examine any mineral claim or mine within the meaning of these regulations.

130. Nothing herein contained shall be construed to limit the right of the proper authorities in any province, district or territory containing Dominion lands, to lay out, from time to time, public roads across, through, along, or under any ditch, mill-site, water right or mineral claim.

131. Nothing herein contained shall affect any litigation pending at the time of the passage of these regulations.

132. These regulations shall apply also to lands included in Forest Reserves set apart under the provisions of the Dominion Forest Reserves and Parks Act, subject, however, to the following restrictions, but they shall not apply to lands set apart as Dominion Parks:—

(1) A lease under these regulations of lands in a Forest Reserve shall convey the surface and mineral rights of the claim in connection with which the requirements of these regulations have been fully complied with, or a lease of the mineral rights and of such of the surface rights as the Minister may from time to time consider necessary for the efficient and economical working of the mineral rights granted under such lease;

(2) That the grantee or lessee of a mineral claim shall do no unnecessary damage to timber, and will carefully observe all the provisions of all regulations relating to forest reserves.

(3) That no trees on the reserve shall be cut by him without the permission of the Superintendent of Forestry, and that when any trees are so cut, he shall carefully clear the ground of all tops and branches and other debris of such cutting, and shall so dispose of them as to prevent danger from fire in accordance with the instructions of the officer in charge of the reserve. If, in order to dispose of such debris, it is found necessary to burn it, the lessee of the claim shall give due notice of his intention to do so to the officer in charge of the reserve, and before he proceeds to burn such debris, shall obtain the consent of such officer, and shall comply with all the conditions imposed by such officer in regard to such burning;

(4) That the lessee shall clear and at all times keep clear of inflammable material, a space of at least one hundred (100) feet in width surrounding his works or operations;

(5) That any engine operated by the power of steam used by him in connection with his works or operations, shall be fitted with efficient spark arresters which shall at all times be kept in a good state of repair.

MY LORD DUKE,—

With reference to Sir C. Fitzpatrick's despatch No. 585 of the 29th of September, 1913, I have the honour to transmit to Your Excellency for the consideration of your Ministers, the accompanying copy of a note from the Swedish Minister on the subject of the disposal of property left by the Swedish subjects dying in Canada,

LONDON,
7th May, 1917.

SIR,—The Swedish Consul General at Montreal has reported to my Government that the Authorities in British Columbia and Canada have lately refused to hand over to Swedish Consuls the property left by deceased Swedish subjects within the Dominion, as it was not known to them that Swedish Consuls are entitled to receive such property.

As Your Excellency will find from the enclosed copy of Art. 61 of the Swedish Consular Ordinance, a Swedish Consul is authorized to receive any property left by Swedish subjects deceased within his district, in case there is no heir or representative of heirs or no administrator appointed by the deceased at hand.

In accordance with instructions received from my Government, I therefore have the honour to apply for your kind assistance in order that this fact may be brought to the knowledge of the proper authorities for publication in the *Canada Gazette*.

I have, etc.,

(Signed) WRANGEL.

The Right Honourable

ART. 61.

1. If a Swedish subject dies at a place where a Consul is stationed, or elsewhere within his district, and in case of there being no heir, or representative of heirs, or no administrator appointed by the deceased at hand, the Consul General, Consul or Vice-Consul, within whose immediate sphere of action the decease has taken place, shall, as soon as he has learnt of the same, take temporary charge of the property, if any, unless prevented by treaties, local laws, or special circumstances.

A report of the decease and of the property left shall without delay be forwarded to the Minister of Foreign Affairs.

2. Having taken charge of the estate, the Consul shall, without awaiting instructions, cause an inventory to be made and take such measures as are absolutely necessary for the proper care of the estate. No legal

heir having presented himself or sent any representative or given any directions as to the management of the estate within six months from the day when the report mentioned in sec. 1 ought to have been received by the Minister of Foreign Affairs, the Consul shall try to realize the property as advantageously and quickly as possible remitting the proceeds to the Minister of Foreign Affairs.

Property left by deceased sailors may, however, be sold or sent home, according to circumstances, without awaiting communication from the heirs.

3. If prevented from taking charge of the property, the Consul shall nevertheless, as far as possible, see that the rights of absent heirs be unviolated. In this case he shall also report to the Minister of Foreign Affairs.

4. If a foreigner, of whom the Consul knows or has reason to believe that he has an heir or heirs in Sweden, dies at the place where the Consul is stationed or elsewhere within his district, the Consul shall try to obtain information about the estate and report the matter to the Minister of Foreign Affairs.

5. Measures mentioned in sec. 2 shall not be undertaken by an unpaid Vice-Consul without special instructions from his immediate superior. 51-3

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, 5th day of June, 1917.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

THE Committee of the Privy Council have had before them a report, dated 1st June, 1917, from the Minister of the Interior stating that under the authority of an Order in Council of the 26th August, 1908, application for homestead entry by proxy is permitted in the case of a person making such entry on behalf of a father, mother, son, daughter, brother or sister, when duly authorized to do so in the form prescribed.

It has been represented that one James Grosart enlisted in the 196th Battalion and went overseas during the fall of 1916, and is now serving with the 46th Battalion in France: Mr. Grosart is an only child and the sole support of his mother, who is a widow. It has been further represented that the mother is partially paralyzed and unable to walk. She is living at the present time in Saskatoon, Saskatchewan.

The mother wishes to make proxy entry on behalf of her son, for land situated in the Humboldt district, but owing to her physical disability she is unable to visit the Land Office at the point mentioned. On this account she prays that the Rev. W. B. Cumming of Saskatoon, Sask., be authorized to make proxy entry on behalf of her son.

The Minister recommends, in view of all the circumstances, that, notwithstanding the fact that the Rev. Mr. Cumming is not one of the relatives mentioned in the Order in Council above referred to, authority be granted him to make entry by proxy on behalf of James Grosart for any vacant Dominion lands available for the purpose, without requiring the production of the form of requisition called for by the Order in Council dated the 26th August, 1908.

The Committee concur in the foregoing recommendation and submit the same for approval.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

WHEREAS an application has been made by the Department of Indian Affairs for the setting apart for the Indians, under the terms of Treaty No. 4, of a tract of land known as Pine River Indian Reserve No. 66A, in Township 35, Ranges 19 and 20, and Township 36, Range 20, west of the Principal Meridian in the Province of Manitoba, comprising an area of fourteen and twenty-nine hundredths square miles;

And whereas the lands applied for, which are herein-after particularly described, are available according to the records of the Department of the Interior for the purpose aforesaid,—

Therefore His Excellency the Governor General in Council, on the recommendation of the Minister of the Interior and under and in virtue of the provisions of section 76 of The Dominion Lands Act, is pleased to order and it is hereby ordered that the said lands be withdrawn from the operation of the said Act, and set apart for the Indians;

The said lands may be more particularly described as follows:—

Beginning at the intersection of the Northern limit of Pine Creek Settlement with the Western shore of Lake Winnipegosis in the said Thirty-fifth Township, in the nineteenth Range west of the Principal Meridian, thence Westerly following the said Northern limit and the production thereof, a distance of Three Hundred and Forty-four chains and ninety-nine links; thence due North a distance of Two Hundred and Ninety-nine chains and Forty-two links; thence due East a distance of Two Hundred and Sixty-nine chains and Forty-five links more or less to the intersection with the said West shore of the said lake; thence in a Southerly direction following the sinuosities of the said West shore of the said lake to the place of beginning and containing by admeasurement Fourteen and Twenty-nine hundredths square miles more or less, as shown upon a plan of survey of the said reserve signed by A. W. Ponton, Dominion Land Surveyor, in August, 1887, and of record in the Department of the Interior under number 5647, and shown hatched in black on a copy of the said plan hereto attached.

RODOLPHE BOUDREAU,

51-4

Clerk of the Privy Council.

[1455]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 29th day of May, 1917.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

THE Committee of the Privy Council have had before them a report, dated 22nd May, 1917, from the Minister of the Interior, submitting that an application has been received on behalf of the Town of The Pas, Man., from the Board of that place for the Fractional S. E. $\frac{1}{4}$ of Section 9, and the Fractional N. E. $\frac{1}{4}$ of Section 4, in Township 56, Range 26, west of the Principal Meridian, in the Province of Manitoba, lying on the south side of the Pasquia River adjoining the Town of The Pas and containing 140 acres; for industrial purposes.

The Minister states that it has been represented that The Pas is the only shipping point in this territory and the only point at which any works can be conveniently established. That at present there are no docks nor any place where a boat can land passengers or cargo; and that the parcels applied for which are unfit for agricultural purposes can be utilized for docks, repairing boats, loading and unloading rough freight and for other industrial purposes;

That the tract applied for has been inspected and valued by an Officer of the Department of the Interior, who reported as follows:—"At certain season of the year this is flooded lands, and it is of no material value as agricultural land. It will, therefore, be necessary for the Board of Trade to expend a large amount of money for roads and docks. I consider \$1 per acre a fair valuation to put on the land."

That in view of the representations made in support of the application and of the report and valuation of the inspecting officer, the Minister is of the opinion that the application should receive favorable consideration and he therefore recommends that he be authorized to sell, at the rate of \$1 an acre, to the Town of The Pas, in the Province of Manitoba, the parcels of land applied for, containing 140 acres, which are available for the purpose, and which may be more particularly described as follows, that is to say:—

Legal Subdivision 10 of Section 4....				40	10	acres

all in Township 56, Range 26, west of the Principal Meridian, in the Province of Manitoba.

The Committee concur in the foregoing and submit the same for approval.

Clerk of the Privy Council.

Thursday, the 21st day of June, 1917.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL

THE Committee of the Privy Council have had before them a report, dated 15th June, 1917, from the Minister of the Interior, stating that application has been made by John Hedberg, of the Town of Jasper, in the province of Alberta, for permission to purchase for reclamation by drainage the northwest quarter of Section six (6), Township fifty-four (54), Range sixteen (16), and the northeast quarter of Section one (1), Township fifty-four (54), Range seventeen (17), west of the fifth (5th) Meridian ;

That the land applied for is vacant Dominion land and is unfit for agricultural purposes in its present condition, but investigation made by an engineer of the Department of the Interior have shown that the

said land can be reclaimed and made suitable for cultivation, for the growth of hay and for pasturage ;

Satisfactory evidence has been submitted that the applicant is a British subject by naturalization ;

The Minister of Public Works of the Province of Alberta has approved, on behalf of the Government of that province, of the works necessary for the reclamation of the said land,—

The Minister, therefore, recommends that authority be given for the sale of the northwest quarter of Section six (6) Township fifty-four (54), Range sixteen (16), and the northeast quarter of Section one (1), Township fifty-four (54), Range seventeen (17), west of the fifth (5th) Meridian, comprising a total area of three hundred and seventeen and five tenths acres (317.5) more or less, to the said John Hedberg, subject, *inter alia*, to the following terms and conditions, to be more particularly set forth in an agreement to be executed between the Minister of the Interior, as representing His Majesty King George the Fifth, and the purchaser ;

1. The land shall be sold at the rate of one dollar per acre, one-fifth payable within sixty days of the date of sale and the remaining four-fifths in four equal, annual instalments, with interest at five per centum per annum.

2. The purchaser shall acquire all necessary right of way before undertaking the construction of the works.

3. The works shall be commenced within six months from the date of authorization therefor, and completed within a period of five years, and shall be subject to an inspection by the Minister, or an officer appointed by him for that purpose, during and after construction.

4. The purchaser shall assume, and be responsible for, all damage caused by the construction of the said works.

5. The works shall be completed to the satisfaction of the Minister of the Interior, and not less than thirty per centum of the whole area shall upon completion of the said works be suitable for tillage, and an additional fifty per centum shall be suitable for the growing of hay and for pasturage.

6. That letters patent shall not be issued for the land, or for any portion thereof, until the works have been completed to the satisfaction of the Minister and until the purchase money shall have been paid in full and all other conditions of the agreement shall have been complied with.

7. In the event of the purchaser failing to comply with the terms of the agreement, or to complete the works to the satisfaction of the Minister, any portion of the purchase money then paid may be declared forfeited and the agreement shall be cancelled, and the Minister of the Interior shall be the sole judge as to whether or not the terms and conditions of the agreement have been complied with.

8. No assignment may be made by the purchaser without the consent in writing of the Minister of the Interior.

9. The purchaser shall reside on the said lands for a period of at least six months in each of three successive years, commencing with the year 1918, and he shall erect thereon a habitable house..

The Committee concur in the foregoing recommendation and submit the same for approval.

railway bridge across the said river, the land applied for being described as follows:—

That certain tract or parcel of land being a part of the bed of the Red Deer River, situate in the southwest quarter of Section twenty-eight in the twenty-eighth Township, in the nineteenth Range, west of the Fourth Meridian, in the Province of Alberta, as the said section twenty-eight is shown on a plan of the said township approved and confirmed by E. Deville, Surveyor General of Dominion Lands, on the third day of March, one thousand nine hundred and five, which said parcel may be more particularly described as follows:

Bounded on the northeast by the left bank and on the southwest by the right bank of the Red Deer river; and on the northwest and southeast by lines parallel to and forty-nine feet and five-tenths of a foot perpendicularly distant on opposite sides of the centre line of the right of way of the Canadian Northern railway as the said centre line is shown upon a plan of survey across said bed and lands adjoining the same which said plan is signed by A. S. Weeks, Dominion Land Surveyor, on the fifteenth day of January, one thousand nine hundred and seventeen and of record in the Department of the Interior under number 25142, a duplicate whereof is on record in the Land Titles Office for the South Alberta Land Registration District under number Ry. 843 Book B.R., excepting and reserving thereout and therefrom the land lying within the statutory road allowance along the west boundary of the said southwest quarter of Section twenty-eight; the parcel herein described containing by admeasurement one acre and sixteen hundredths of an acre, more or less.

The plan of the proposed bridge as filed by the Company with the Department of Public Works was approved by an Order in Council of the 17th of May, 1916, in accordance with the provisions of The Navigable Waters Protection Act, chapter 110, R. S. 1906, on condition that the Company secure from the Department of the Interior a license of occupation of the portion of the bed of the river required for the bridge site,—

The Minister, therefore, recommends that he be authorized to issue in favour of the Canadian Northern Railway Company a license of occupation for that portion of the bed of the Red Deer River which is described above, the said license to be for such time as the company may require the same in connection with the operation of the railway, and for which an annual rental of one dollar shall be paid to the Department of the Interior.

The Committee concur in the foregoing recommendation and submit the same for approval.

UNITED STATES OF AMERICA.

(100) River St. Mary—Detour passage, north entrance—
Wrecks—Caution—Lighted buoys placed.

Wrecks.—On 14th May, 1917, the steamer "Pentecost Mitchell", downbound with iron ore, and the steamer "Saxona", upbound with coal, collided head-on in the river St. Mary between Watson reefs and Pipe island, just above Detour. The vessels now lie in a general east and west direction, with their bows together, close to the west of the chart course and about 1500 feet 191° (S 15° W. mag.) from Pipe island light, in about 40 feet depth of water, with stacks and spars showing above water.

The available channel between the wrecks and Pipe island bank, measured at right angles to the sailing line, has a clear width of only about 500 feet, of which width about 400 feet is on the easterly side and 100 feet is on the westerly side of the chart vessel course.

Caution.—Masters are warned that vessels must not meet or pass each other in the immediate vicinity of the wrecks.

The U. S. Coast Guard Service has designated the small tug "Minta K" as a special patrol vessel to oversee the passage of vessels in accordance with the River St. Mary rules. The patrol tug displays by day a U. S. Coast Guard flag and by night a vertical hoist of a red light above a white light. Masters are requested to co-operate with the patrol tug in keeping the channel clear, and are notified that failure to comply with signals from that vessel will be punishable by the penalty prescribed by law.

Lighted buoys placed.—Two red spar buoys, to be maintained pending the removal of the wrecks, have been placed to mark the northeasterly side of the available channel of deep water between the wrecks and Pipe island. The buoys are about 1100 feet apart, and are moored in 20 feet of water on the edge of the bank extending from Pipe island. Each of the buoys carries a fixed red light.

The southeasterly lighted spar buoy is moored 750 feet 160° (S. 16° E. mag.) from Pipe island lighthouse.

The northwesterly lighted spar buoy is moored 750 feet 262° 30' (S. 86° 30' W. mag.) from Pipe island lighthouse.

SUBSTANCE OF RULES OF THE SENATE RELATING TO NOTICES AND APPLICATIONS FOR BILLS OF DIVORCE.

As Revised and brought in force 22nd March, 1916.

Every applicant for a Bill of Divorce shall give notice of his or her intended application, and shall specify therein from whom and for what cause such divorce is sought, and shall cause such notice to be

published during at least three months before the consideration by the Committee on Divorce of his or her petition for the said Bill, in the *Canada Gazette* and in two newspapers published in the district in Quebec, Manitoba, Saskatchewan, Alberta, British Columbia or the Northwest Territories, or in the county or union of counties in other provinces, wherein such applicant usually resided at the time of the separation of the parties; but if the requisite number of papers cannot be found therein, then in an adjoining district or county or union of counties.

Notices given in the Provinces of Quebec and Manitoba are to be published in one English and one French newspaper, if there be such newspapers published in the district, but otherwise shall be published in one newspaper in both languages. If a notice given for any session of Parliament is not completed in time to allow the petition to be dealt with during that session the petition may be presented and dealt with during the next ensuing session, without any further publication of such notice.

A copy of the said notice and a copy of the petition to be presented shall, at the instance of the applicant, and not less than two months before the consideration by the Committee of the petition, be served personally, when that can be done, on the person from whom the divorce is sought, who is hereinafter called "the respondent."

If the residence of the respondent is not known or personal service cannot be effected, then, if it be shown to the satisfaction of the Committee that all reasonable efforts have been made to effect personal service, and, if unsuccessful, to bring such notice and petition to the knowledge of the respondent, what has been done may be deemed and taken by the Committee sufficient service.

No petition for a bill of divorce shall be presented to the Senate after the first sixty days of the Session.

The petition of an applicant for bill for divorce must be fairly written and must be signed by the petitioner, and should briefly set forth the marriage, the names in full of the parties thereto, their ages and occupations, when, where and by whom the ceremony was performed, the domicile and residence of each of the parties at the time of the marriage, their matrimonial domicile, residence, and any change thereof, the material facts upon which the petitioner relies as the grounds on which relief is asked, and the nature of the relief prayed for.

The petition should also negative connivance at, or condonation of the wrong complained of and collusion in the application for divorce.

The allegations of the petition must be verified by declaration of the petitioner, under *The Canada Evidence Act, 1893*.

The copy of the petition served upon the respondent shall have endorsed thereon, or appended thereto, the following information:—

- (1) The petitioner's residence at the time of service.
- (2) A Post Office address in Canada at which letters and notices for the petitioner may be delivered.
- (3) The name and address of the solicitor, if any, acting for the petitioner.
- (4) If such solicitor's address is not at Ottawa, the name and address of some agent for him at Ottawa, upon whom all notices and papers may be served.
- (5) That if the respondent desires to oppose the granting of the divorce and to be heard by the Senate Committee on Divorce, the respondent must send a notice to that effect to the Clerk of the Senate at the Parliament Buildings, Ottawa, within two months from the date of service upon the respondent, and must in the notice to the Clerk of the Senate give:—
 - (a) The respondent's residence at the time of sending such notice.
 - (b) A Post Office address in Canada at which letters and notices for the respondent may be delivered.
 - (c) The name and address of the solicitor, if any, acting for the respondent.
 - (d) If such solicitor's address is not at Ottawa, the name and address of some agent for him at Ottawa upon whom all notices and papers may be served.
 - (6) That, if the respondent does not so notify the Clerk of the Senate, the petition may be con-

sidered, and a bill of divorce founded thereon may be passed, without any further notice to the respondent.

(7) When the petition is one by a husband for a divorce from his wife, that, if the wife shows to the satisfaction of the Senate Committee on Divorce that she has, and is prepared to establish upon oath, a good defence to the charges made by the petition, and that she has not sufficient money to defend herself, the Committee may make an order that her husband shall provide her with the necessary means to sustain her defence, including the cost of retaining Counsel and the travelling and living expenses of herself and of witnesses summoned to Ottawa on her behalf.

No petition for a bill of Divorce shall be considered by the Committee unless the applicant has paid into the hands of the Clerk of the Senate the sum of two hundred and ten dollars, (\$210).

The petition when presented to the Senate shall be accompanied by the evidence of the publication of the notice, and by declaration in evidence of the service of a copy of the notice and of a copy of the petition.

A copy of every petition for a Bill of Divorce, or relating to any matter arising out of an application for divorce, and of every document and paper accompanying such petition or produced in evidence before the Committee, shall be furnished to the Committee by the person on whose behalf the petition, document or paper is presented or produced.

APRÈS s'être enquis auprès du Gouvernement suédois relativement à l'autorisation que possèdent ses officiers consulaires en Canada de recevoir des articles et des deniers dus aux sujets suédois qui ne résident pas en Canada, et d'en donner des reçus valides, la dépêche publiée ci-après a été reçue par Son Excellence le Gouverneur général déclarant que les officiers consulaires suédois possèdent cette autorisation.

MILORD DUC,

Relativement à la dépêche n° 385 du 29 septembre 1913 de sir C. Fitzpatrick, j'ai l'honneur de transmettre à Votre Excellence, pour étude par Vos Ministres, la copie ci-jointe d'une note du ministre suédois au sujet de la disposition des biens laissés par les sujets suédois qui meurent au Canada.

J'ai l'honneur d'être,

Milord duc,

Son Excellence le

Duc de Devonshire, C.J., G.C.M.G., G.C.O.V.,
etc., etc., etc.

[Copie.]

LONDRES,
7 mai 1917.

MONSIEUR,—Le consul général de Suède à Montréal a fait rapport à mon gouvernement que les autorités en Colombie-Britannique et en Canada ont récemment refusé de remettre aux consuls suédois les biens laissés par les sujets suédois défunts dans le Dominion, parce qu'ils ignoraient que les consuls suédois ont le droit de recevoir de tels biens.

Ainsi que Votre Excellence le constatera par la copie incluse de l'art. 61 du décret consulaire suédois, un consul suédois est autorisé à recevoir tous biens laissés par les sujets suédois qui meurent dans son district, lorsqu'il n'y a pas sous la main d'héritier ou de représentants des héritiers ou d'administrateur nommé par le défunt.

Conformément aux instructions que j'ai reçues de mon Gouvernement, j'ai en conséquence l'honneur de vous demander votre concours cordial afin que ce fait soit porté à la connaissance des autorités compétentes pour publication dans la *Gazette du Canada*.

J'ai l'honneur, etc.,

(Signé) WRANGEL.

Le Très Honorable

A. J. BALFOUR, O.M., M.P.
Etc., etc., etc.

Article 61.

1. Si un sujet suédois meurt à un endroit où il y a un consul ou ailleurs dans son district, et au cas où il n'y aurait sous la main aucun héritier ou représentant des héritiers ou administrateur nommé par le défunt, le consul général, le consul ou le vice-consul dans la sphère d'action la plus proche où le décès a eu lieu, dès qu'il en aura eu connaissance, devra prendre la charge temporaire des biens, s'il y en a, à moins qu'il n'en soit empêché par des traités, les lois locales ou des circonstances spéciales.

Un rapport du décès et des biens laissés devra être expédié sans délai au ministre des Affaires Étrangères.

2. Après avoir pris la charge de la succession, le consul, sans attendre des instructions, devra faire faire un inventaire et prendre les mesures qui seront absolument nécessaires pour que les biens soient en sûreté. Si aucun héritier ne s'est présenté ou n'a envoyé un représentant quelconque ou n'a donné des instructions au sujet de l'administration de la succession dans un intervalle de

six mois à compter du jour durant lequel le rapport mentionné à la section 1 aurait dû être reçu par le ministre des Affaires Étrangères, le consul essaiera de réaliser les biens aussi avantageusement et rapidement que possible et il en remettra le produit au ministre des Affaires Étrangères.

Les biens laissés par les matelots défunts pourront cependant être vendus ou expédiés en Suède, selon les circonstances, sans attendre de communications des héritiers.

3. S'il ne peut prendre charge des biens, le consul, néanmoins, pourra s'assurer que les droits des héritiers absents sont respectés. En ce cas il devra également faire rapport au ministre des Affaires Étrangères.

4. Si un étranger, dont le consul sait ou a quelque raison de croire qu'il a un héritier ou des héritiers, meurt à l'endroit où réside le consul ou ailleurs dans son district, il essaiera d'obtenir des renseignements au sujet de la succession et il en fera rapport au ministre des Affaires Étrangères.

5. Les mesures mentionnées dans la sec. 2 ne seront prises par un vice-consul non rétribué que sur instructions spéciales de son supérieur immédiat. 52-3

ARRÊTÉS EN CONSEIL.

[1455]

HOTEL DU GOUVERNEMENT À OTTAWA.

Mardi, le 29e jour de mai 1917.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

AU comité du Conseil privé a été soumis un rapport du Ministre de l'Intérieur, daté le 22 mai 1917, représentant que la chambre de commerce de la ville de Le-Pas, Manitoba, a demandé pour cette ville, pour fins industrielles, la concession du quart fractionnaire sud-est de la section 9, et du quart fractionnaire nord-est de la section 4, township 56, rang 26, à l'ouest du méridien principal, dans la province de Manitoba, le tout situé sur le côté sud de la rivière Pasquia, contiguë à la ville de Le Pas, et contenant 140 acres.

Le ministre déclare qu'il a été représenté que la ville de Le-Pas est l'unique point d'expédition de cette région et le seul endroit où des usines peuvent être commodément érigées, qu'il n'y a pas actuellement de bassin ou autre endroit convenable où un bateau puisse débarquer ses passagers ou décharger sa cargaison, et que le terrain demandé, impropre qu'il est à l'agriculture, peut être utilisé pour la construction de bassins, le radoub des bateaux, le chargement et le déchargement du gros fret et pour autres fins industrielles.

Le ministre ajoute que le terrain demandé a été examiné, sa valeur estimée par un fonctionnaire de son département, qui a fait le rapport suivant :—"Ce terrain est submergé à certaine saison et n'a aucune valeur agricole pratique. La chambre de commerce devra donc affecter de fortes sommes à la construction de routes et de bassins. J'estime qu'un dollar l'acre est un prix raisonnable pour ce terrain."

Vu les représentations faites à l'appui de la demande, et le rapport et l'évaluation de l'inspecteur, le ministre est d'avis que la demande soit accordée et il recommande, par conséquent, qu'on l'autorise à vendre à la ville de Le-Pas, dans la province de Manitoba, au prix de \$1.00 l'acre, le terrain demandé, soit 140 acres, lequel terrain est disponible et peut être plus minutieusement décrit comme suit :

Subdiv. légale	10 de la section 4	40.10 acres.
"	15 "	"	4.....40.10 "
Subdiv. fractionn.	1 "	"	9.....23.20 "
"	2 "	"	9.....35.90 "
"	7 "	"	9
	partie sud du lot 8	0.60 "
	" sud de la sect. 9		
	partie sud du lot.. 8	0.10 "

le tout dans le township 56, rang 26, à l'ouest du méridien principal, dans la province de Manitoba.

Le comité agréé cette recommandation et la soumet pour approbation.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR
GÉNÉRAL EN CONSEIL.

AU comité du Conseil privé a été soumis un rapport du Ministre de l'Intérieur, daté le 15e jour de juin 1917, représentant que John Hedberg, de la ville de Jasper, dans la province d'Alberta, a demandé la permission d'acheter, pour l'assèchement par drainage, le quart nord-ouest de la section 6, township 54, rang 17, à l'ouest du 5e méridien.

Le terrain demandé se compose de terres fédérales inoccupées et impropres à l'agriculture dans leur état actuel, mais il ressort d'enquêtes faites par un ingénieur du Département de l'Intérieur que le terrain en question peut être asséché et rendu propre à la récolte du foin et au pâturage.

Il a été suffisamment établi que John Hedberg est sujet britannique naturalisé.

Le Ministre des Travaux Publics de la province d'Alberta, représentant le gouvernement de cette province, a approuvé les travaux nécessaires pour l'assèchement du dit terrain.

Le ministre recommande, par conséquent, qu'on l'autorise à vendre à John Hedberg le quart nord-ouest de la section 6, township 54, rang 16, et le quart nord-est de la section 1, township 54, rang 17, à l'ouest du 5e méridien, comprenant une superficie totale de trois cent dix-sept acres et cinq dixièmes (317.5), plus ou moins, sujet, *inter alia*, aux conditions suivantes dont les détails seront donnés dans certaines conventions à être consenties entre le Ministre de l'Intérieur d'une part, représentant Sa Majesté le Roi George V, et l'acheteur d'autre part.

1. Le terrain sera vendu au prix d'un dollar l'acre, un cinquième du prix total payable dans les soixante jours qui suivront la date de la vente et la balance en quatre versements annuels égaux, à intérêt de cinq pour cent par an.

2. L'acheteur devra acquérir tous les droits de passage nécessaires avant de commencer les travaux.

3. Les travaux seront commencés dans les six mois qui suivront l'autorisation et devront être parachevés en cinq ans ; ils seront sujets à l'inspection du ministre ou d'un fonctionnaire qu'il désignera à cette fin. Cette inspection pourra se faire au cours des travaux comme après leur parachevement.

4. L'acheteur se portera garant et sera responsable de tous dommages causés par l'exécution des travaux.

5. Les travaux seront parachevés à la satisfaction du Ministre de l'Intérieur, et, lorsqu'ils seront terminés, une étendue d'au moins trente pour cent de la superficie totale devra être propre à la culture, avec un pourcentage additionnel de cinquante pour cent du terrain propre à la récolte du foin et au pâturage.

6. Les lettres patentes de ce terrain ou d'une partie quelconque du terrain, ne seront émises que lorsque les travaux auront été parachevés à la satisfaction du ministre, que le prix d'achat aura été entièrement payé et que les autres conditions de la convention auront été remplies.

7. Au cas où l'acheteur négligerait de se conformer aux conditions de la convention, ou de parachever les travaux à la satisfaction du ministre, toute partie du prix d'achat alors payée peut être confisquée et la convention annulée, le Ministre de l'Intérieur étant le seul juge quant à l'accomplissement des conditions de la convention.

8. L'acheteur ne peut consentir à aucune cession sans le consentement écrit du Ministre de l'Intérieur.

9. L'acheteur devra résider sur les dits terrains pendant au moins six mois au cours de chacune de trois années consécutives, commençant avec l'année 1918, et il devra y ériger une maison habitable.

Le comité agréé cette recommandation et la soumet pour approbation.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR
GÉNÉRAL EN CONSEIL.

AU comité du Conseil privé a été soumis un rapport du Ministre de l'Intérieur, daté le 1er juin 1917, représentant qu'un arrêté en conseil du 26 août 1908 autorise l'inscription de homestead par fondé de pouvoirs par toute personne qui fait cette demande sur les formules prescrites pour son père, sa mère, son fils, sa fille, son frère ou sa sœur, lorsqu'il est dûment autorisé de ce faire ;

Il a été représenté qu'un certain James Grosart s'enrôla dans le 196e bataillon, se rendit en Europe dans le cours de l'automne de 1916 et fait actuellement du service dans le 46e bataillon de France. M. Grosart est le fils unique et le seul soutien de sa mère qui est veuve. Il a aussi été établi que la mère souffre de paralysie locale et est incapable de marcher. Elle demeure actuellement à Saskatoon dans la Saskatchewan.

La mère désire prendre une inscription de homestead par fondé de pouvoirs pour son fils pour certains terrains situés dans le district de Humboldt, mais il lui est impossible de se rendre au bureau des terres à cet endroit à cause de son incapacité physique.

Dans ces circonstances elle demande que le Rév. W. B. Cumming, de Saskatoon, Saskatchewan, soit autorisé à prendre au nom de son fils une inscription de homestead par fondé de pouvoirs.

Le ministre recommande, par conséquent, que notwithstanding le fait que le Rév. M. Cumming n'est pas apparenté à la famille Grosart ainsi que le prescrit le dit arrêté en conseil, il soit tout de même autorisé à prendre inscription par fondé de pouvoirs, pour M. James Grosart, de toute partie de terre fédérale disponible sans qu'il lui soit nécessaire de fournir la formule exigée par l'arrêté en conseil du 26 août 1908.

Le comité agréé cette recommandation et la soumet pour approbation.

AU comité du Conseil privé a été soumis un rapport du Ministre de l'Intérieur, daté le 13 juin 1917, représentant que la Compagnie de chemin de fer Canadian Northern a demandé un permis d'occupation d'une partie du lit de la rivière Red-Deer pour la construction sur cette rivière d'un pont de chemin de fer, le terrain demandé pouvant se décrire comme suit :

La partie du lit de la rivière Red-Deer, située dans le quart sud-ouest de la section 28, township 28, rang 19, à l'ouest du 4e méridien, dans la province d'Alberta, ainsi que la dite section 28 est indiquée sur un plan du dit township approuvé et confirmé par E. Deville, arpenteur général des terres fédérales, le 3e jour de mars 1905, ce terrain pouvant être décrit plus minutieusement comme suit :

Borné au nord-est par la rive gauche et au sud-ouest par la rive droite de la rivière Red Deer ; au nord-ouest et au sud-est par des lignes parallèles au centre à la ligne de la voie du chemin de fer Canadian Northern et qui en sont perpendiculairement éloignées de 42.5 pieds de chaque côté, ainsi que cette ligne de centre est indiquée sur un plan d'arpentage du dit lit de la rivière et des terrains contigus, lequel plan est signé par A. S. Weeks, arpenteur des terres fédérales, le 15 janvier 1917 et est déposé au Département de l'Intérieur sous le numéro 25142, et dont duplicata se trouve au bureau des titres des terres du district d'enregistrement du sud de l'Alberta sous le numéro RY. 843 livre B.R., sauf et en soustrayant le terrain compris dans la réserve de chemin statuaire le long de la borne ouest du dit quart sud-ouest de la section 28, le tout comprenant 1.16 acre, plus ou moins.

Le plan du pont projeté, ainsi que déposé par la compagnie au Département des Travaux publics, a été approuvé par un arrêté en conseil du 17 mai 1916, conformément aux dispositions de la *Loi concernant la protection des eaux navigables*, chapitre 110 des Statuts révisés de 1906, à condition que la compagnie obtienne du Département de l'Intérieur un permis d'occupation de la partie du lit de la rivière requise pour l'emplacement pu pont.

Par conséquent, le ministre demande l'autorisation d'accorder à la Compagnie de chemin de fer Canadian Northern un permis d'occupation de la partie du lit de la rivière Red Deer ci-dessus décrite, ce permis étant pour tel temps pendant lequel la compagnie aura besoin du terrain en rapport avec l'exploitation du chemin de fer, un loyer annuel d'un dollar devant être payé au Département de l'Intérieur.

Le comité a agréé cette recommandation et la soumet pour approbation.

MINISTÈRE DU SERVICE NAVAL.

RÈGLEMENTS DE PÊCHE PARTICULIERS À LA PROVINCE DE QUÉBEC.

Par le décret du conseil, 1570, en date du 11 juin, l'article 20 des règlements de pêche particuliers à la province de Québec est par les présentes annulé et remplacé par la clause suivante :—

"2. A l'exception du lac Abittibi, district du Témiscamingue, comté de Pontiac, nul ne peut pêcher, capturer, tuer, ni avoir en sa possession de l'esturgeon au cours du mois de juin de chaque année."

52-2

MINISTÈRE DU SERVICE NAVAL.

RÈGLEMENTS DE PÊCHE PARTICULIERS À LA PROVINCE DU MANITOBA.

(Adoptés par l'arrêté ministériel en date du 11 juin 1917).

LES règlements de pêche particuliers à la province du Manitoba adoptés par l'arrêté ministériel du 9 février 1915, ainsi que tous les amendements s'y rapportant, sont par les présentes abrogés et remplacés par les dispositions suivantes :—

Les règlements suivants ne s'appliquent pas aux eaux situées dans les limites des réserves forestières, et qui sont du ressort du ministre de l'Intérieur.

1. Excepté en vertu d'une licence ou d'un permis délivré par le ministre du Service naval, toute personne qui exerce la pêche d'amateur, ne peut le faire qu'au moyen de la ligne à main, et il ne lui est jamais permis de vendre le poisson ainsi capturé ni d'en trafiquer.

L'expression "pêche à la ligne à la main" embrasse dans sa signification la pêche à la ligne traînante et comprend la capture du poisson au moyen d'hameçons et de lignes tenues à la main ou d'hameçons et de lignes attachées à une canne de pêche, cette dernière tenue dans la main, mais ne signifie pas une série de lignes ou des lignes attachées à un bateau.

2. Il n'est permis d'accorder cette licence qu'aux seules personnes qui sont sujets britanniques et qui habitent la province du Manitoba ou aux seules sociétés canadiennes dont les bureaux-chefs sont situés dans la dite province.

3. Tous colons établis, y compris les Indiens, ont droit à un permis annuel de pêche les autorisant à

faire usage de cent verges au plus de filet à mailler ou de carrelet, ou de cinquante hameçons eschés, au plus, et cela pour leurs usages domestiques seulement, car il n'est jamais permis de vendre le poisson ainsi capturé ni d'en trafiquer.

Ces permis sont délivrés gratuitement.

4. Il n'est pas permis de passer à un autre sa licence, excepté par permission spéciale écrite de l'inspecteur des pêcheries du district.

5. Pour la pêche à bord de remorqueurs, voiliers ou esquifs, les licenciés doivent être les propriétaires du bateau, des filets et autres engins de pêche qu'ils emportent avec eux. En ce qui concerne toutes les autres méthodes de faire la pêche au moyen de filets à mailles et de carrelets, nulle personne autre que le détenteur d'une telle licence, ne peut exploiter, ni aider à exploiter un filet à mailler ou un carrelet.

6. On est tenu de numéroté lisiblement tous les bateaux, bouées ou filets au moyen d'étiquettes ou autres procédés. Chaque bateau doit porter son numéro peint en noir sur fond blanc sur l'un ou l'autre côté de la proue. Les caractères ne peuvent mesurer moins de six pouces de hauteur et le numéro des bouées doit être fixé de façon à ce qu'on puisse l'apercevoir sans qu'il y ait besoin de les soulever de l'eau. Quant aux étiquettes des filets il faut les attacher de façon à ce qu'ils soient visibles quand les dits filets sont mis en caisses ou sur dévidoirs. Les numéros des bateaux, bouées et filets sont désignés par l'inspecteur des pêcheries du district à l'époque de la délivrance de la licence.

7. Il n'est pas permis de faire la pêche au moyen d'engins autres que les filets à mailler, les carrelets, les hameçons ou les lignes à main.

8. Les licences commerciales de carrelet n'autorisent l'usage que d'un seul carrelet pour la capture de la carpe ou autres poissons communs non protégés par saison prohibée.

Les droits d'une telle licence sont de deux dollars.

Lac Winnipeg.

9. Pêche d'été pour poisson blanc.

4. Quand l'objet d'un bill est d'augmenter le capital social d'une compagnie existante, le droit additionnel est déterminé selon le tarif ci-dessus, mais n'est calculé que sur le montant de la majoration.

5. Quand un bill est à l'effet d'augmenter ou tend à augmenter pour une compagnie sa faculté d'emprunter sans qu'il y ait augmentation du capital social, le droit additionnel est de \$300.

6. Si, à quelque phase d'un bill, il est apporté quelque augmentation au chiffre du capital social projeté d'une compagnie, ou à celui de sa faculté d'emprunter, le bill ne passe pas à la phase subséquente tant que les droits découlant de ce changement n'ont pas été versés.

7. Dans la présente règle, l'expression "capital social projeté" comprend toute augmentation de ce capital prévue dans le bill, et dans les cas où un bill accorde le pouvoir d'augmenter, à quelque date que ce soit, le montant du capital social projeté, le droit additionnel sera prélevé sur le chiffre maximum de telle augmentation projetée, tel qu'il en est fait mention dans le bill.

8. Les taxes supplémentaires prescrites en la présente règle s'appliqueront aussi aux bills privés prenant naissance au Sénat, sauf, toutefois, que si une pétition demandant pareil bill privé a été présentée en cette Chambre dans les six premières semaines de la session, la taxe supplémentaire imposée sous l'empire des alinéas b ou c de l'article 3, ne sera pas exigée.

THOMAS B. FLINT,
Greffier des Communes.

RÈGLES RELATIVES AUX AVIS DE BILLS PRIVÉS.

91. Toutes demandes, quelles qu'elles soient, adressées au Parlement pour bills privés, devront être précédées d'un avis dans la *Gazette du Canada*; le dit avis devra énoncer clairement et distinctement la nature et l'objet de la demande, et devra être signé par les postulants ou en leur nom avec les adresses des signataires; et lorsque la demande aura pour objet un acte constitutif, le nom de la compagnie projetée devra être donné dans l'avis. Et si les travaux de quelque compagnie (constituée ou à être constituée en corporation) doivent être déclarés à l'avantage général du Canada, cette intention sera spécifiquement mentionnée dans l'avis; et les postulants feront adresser une copie du dit avis, par lettre enregistrée, au greffier de chaque comté ou municipalité qui pourra être spécialement concernée dans la construction ou l'exploitation des dits travaux, et aussi au secrétaire de la province dans laquelle les dits travaux sont ou pourront être situés; et une déclaration conforme à la loi devra attester que cette formalité a été remplie par les postulants.

Outre l'avis susdit à publier dans la *Gazette du Canada*, un avis semblable devra aussi être publié dans quelque journal important comme suit:—

A) Lorsque la demande sera faite pour un acte constituant en corporation,—

1. *Une compagnie de chemin de fer ou de canal*:—Dans la principale cité et ville ou dans le principal village dans chaque comté où devront être construits le chemin de fer ou le canal projetés.

2. *Une compagnie de télégraphe ou de téléphone*:—Dans la principale cité ou ville dans chaque province ou territoire où la compagnie se propose de faire des opérations.

3. *Une compagnie pour la construction de travaux quelconques de nature à produire un changement dans une localité particulière par suite de leur construction ou exploitation; ou pour obtenir quelques droits ou privilèges exclusifs; ou pour faire quelques opérations pouvant porter atteinte aux droits ou à la propriété de particuliers*:—Dans la localité ou les localités qui pourraient être atteintes par la législation projetée.

4. *Une compagnie de banque; une compagnie d'assurance; une compagnie de fidéicommis; une compagnie de prêt; ou une compagnie industrielle, sans pouvoirs exclusifs quelconques*:—Dans la *Gazette du Canada* seulement.

B) Lorsque la demande sera aux fins d'amender un acte existant,—

1. Pour le prolongement de quelque ligne de chemin de fer ou de quelque canal, ou pour la construction d'embranchements des dits chemin de fer ou canal:—Dans la principale cité, la principale ville ou le principal village dans chaque district ou comté devant être traversé par le prolongement ou cet embranchement.

2. Pour la prolongation d'une charte ou du délai fixé pour la construction ou l'achèvement d'une ligne de chemin de fer, d'un canal, ou d'une ligne de télégraphe ou de téléphone quelconques, ou de tous autres travaux déjà autorisés; ou pour l'extension des pouvoirs d'une compagnie (lorsque cela n'implique pas la concession de droits exclusifs); ou pour l'augmentation ou la réduction du capital social de quelque compagnie; ou pour augmenter ou modifier ses pouvoirs d'émettre des obligations ou de contracter des emprunts, ou pour tout amendement pouvant porter atteinte aux droits ou intérêts des actionnaires ou des porteurs d'obligations ou des créanciers de la compagnie:—Dans la localité où le bureau principal de la compagnie est ou doit être autorisé à s'établir.

C) Lorsque la demande a pour objet d'obtenir pour une personne ou une corporation déjà constituée

des droits ou privilèges exclusifs ou le pouvoir de faire quelque chose dont l'accomplissement pourrait porter atteinte aux droits ou aux biens d'autres personnes dans la localité ou les localités particulières que l'acte projeté pourrait atteindre.

Tous ces avis, qu'ils soient insérés dans la *Gazette du Canada* ou dans un journal, devront être publiés au moins une fois par semaine pendant une durée de cinq semaines consécutives; et en ce qui concerne les provinces de Québec et de Manitoba, ils devront y être publiés en anglais et en français; et dans le cas où il n'y aurait pas de journal dans une localité où l'avis doit être donné, cet avis sera donné dans la localité la plus rapprochée dans laquelle il se publie un journal; et la preuve de la publication régulière de l'avis sera établie dans chaque cas par une déclaration conforme à la loi; et toutes ces déclarations devront être transmises au greffier de la Chambre et être endossées "Avis de bill privé".

D) Tout pareil avis sera transmis par la poste par lettre enregistrée de manière à parvenir au secrétaire de la province, et au greffier du conseil de comté et de la corporation municipale, au moins deux semaines avant que l'Examineur ou le comité des ordres permanents ne prennent la pétition en délibération, et une déclaration conforme à la loi et établissant ce dépôt à la poste, sera adressée au greffier de la Chambre.

E) Tous bills privés pour actes constitutifs devront être dressés de manière à incorporer, par mode de renvoi, les clauses des actes généraux se rapportant aux détails auxquels ces bills doivent pourvoir; l'on devra énoncer les raisons spéciales de toute déviation de ce principe, ou de l'introduction d'autres dispositions relatives à ces détails, et une note devra être annexée au bill pour indiquer les dispositions du bill au sujet desquelles l'on propose de s'écarter de l'acte général; les bills qui ne seront pas rédigés conformément à cette règle, devront être remodelés par les promoteurs et réimprimés à leurs frais avant qu'aucun comité passe à l'examen de leurs clauses.

THOMAS B. FLINT,
Greffier de la Chambre des Communes.

Quiconque désire obtenir du Parlement une charte de chemin de fer, devra observer les règles ci-dessous, établies par la Chambre des Communes, au sujet de la production de cartes:—

CARTE OU PLAN ACCOMPAGNANT LA PÉTITION.

93. "L'Examineur ou le comité des Ordres permanents ne prendra connaissance d'aucune pétition demandant la constitution en corporation d'une compagnie de chemin de fer, ou d'une compagnie ayant pour objet la construction d'un canal, ou demandant un prolongement de la ligne d'un chemin de fer ou d'un canal existant ou autorisé, avant que soit produit devant ce comité une carte ou un plan, indiquant l'emplacement projeté des ouvrages, et chaque comté, township, municipalité ou district à travers lesquels le chemin de fer, le canal, l'embranchement ou le prolongement projeté, doit être construit."

CARTES, PLANS ET PIÈCES ACCOMPAGNANT LES BILLS.

94. "Nul bill tendant à la constitution en corporation d'une compagnie de chemin de fer ou de canal ou à l'effet de changer le tracé du chemin de fer ou du canal d'une compagnie déjà constituée, ne sera mis à l'étude par le comité des Chemins de fer, à moins qu'il n'ait été produit devant le comité, au moins une semaine avant l'examen du bill—

(a) "Une carte ou un plan à une échelle d'au moins un demi-pouce au mille, et indiquant le territoire sur lequel il est question de construire les ouvrages projetés, et indiquant aussi les ouvrages analogues existants ou autorisés, dans la région ou partie de la région que la ligne projetée doit desservir, ou qui ont quelque effet sur la dite région; et cette carte ou ce plan doit porter la signature de l'ingénieur ou autre personne qui l'a fait;

(b) "Une pièce faisant connaître le montant total du capital que l'on se propose de consacrer aux fins de l'entreprise, et la manière dont on se propose de se le procurer, soit au moyen d'actions ordinaires, d'obligations, de débentures ou d'autres valeurs, et le montant respectif à réaliser de chacun de ces chefs."

SENAT.

SUBSTANCES DES RÈGLES ET FORMES DE PROCÉDER DU
SÉNAT CONCERNANT LES BILLS DE DIVORCE.

Telles que révisées et mises en vigueur le 22 mars 1916.

Tout pétitionnaire en divorce doit annoncer son intention de demander un bill de divorce, par un avis spécifiant contre qui et pour quelle cause le divorce sera demandé; il fait insérer cet avis, pendant trois mois au moins avant la prise en considération par le comité des divorces de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux—du district où il avait sa résidence habituelle à l'époque de sa séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Saskatchewan, l'Alberta, la Colombie-Britannique ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province; et à défaut de ce nombre de journaux, l'avis doit se publier dans le district, dans le comté ou les comtés-unis voisins.

Dans les provinces de Québec et du Manitoba, les insertions doivent se faire dans un journal anglais et un journal français, s'il en existe des deux langues dans le district; autrement, elles se font en anglais et en français au même journal. Si l'avis donné pour une session expire trop tard pour qu'il puisse être statué sur la pétition pendant cette session, la pétition pourra être présentée et accueillie à la session suivante sans nouvelle publication d'avis.

Une copie de cet avis et une copie de la pétition qui sera présentée doit, à la diligence du pétitionnaire et au moins deux mois avant la prise en considération de la pétition par le comité, être signifiée en main propre si cela est possible, à la personne contre laquelle le divorce sera demandé, ci-après appelée "partie défenderesse".

Si la résidence de la partie défenderesse n'est pas connue, ou que la remise de l'avis ne peut être faite en ses mains, s'il est prouvé, d'une manière jugée satisfaisante par le comité, que tous les efforts raisonnables ont été faits pour opérer la signification en main propre, et, en cas d'inutilité de ces efforts, pour porter l'avis et la pétition à la connaissance de la partie défenderesse, ces diligences peuvent être tenues pour une suffisante notification.

Aucune pétition en divorce n'est recevable après l'expiration des soixante premiers jours de la session.

Toute pétition en divorce doit être écrite lisiblement et porter la signature du pétitionnaire. Elle énonce sommairement le fait du mariage, en indiquant les noms au long, l'âge et l'état des parties, en quel temps, en quel lieu et par qui a été faite la célébration; le domicile et la résidence de chacune des parties à l'époque du mariage, leur domicile conjugal, leur résidence et tout changement qui en aurait eu lieu; les traits essentiels sur lesquels est fondée la demande de redressement et la nature du redressement demandé.

La pétition doit aussi contenir l'assurance qu'il n'y a pas eu ni connivence, ni pardon pour les torts qui donnent lieu à la plainte, ni collusion dans la demande en divorce.

Les allégations de la pétition doivent être appuyées d'une déclaration du pétitionnaire, faite conformément à l'Acte de la preuve en Canada, 1893.

La copie de la pétition signifiée à la partie défenderesse portera en endos ou en annexe les renseignements suivants:

(1) La résidence du pétitionnaire à l'époque de la signification.

(2) Une adresse postale en Canada à laquelle les lettres et avis pour le pétitionnaire puissent être délivrés.

(3) Le nom et l'adresse de l'avocat, s'il y en a un, agissant pour le pétitionnaire.

(4) Si cet avocat n'a pas d'adresse à Ottawa, le nom et l'adresse de quelque agent le représentant à Ottawa à qui tous avis et pièces puissent être signifiés.

(5) Si la partie défenderesse veut s'opposer à la demande en divorce et être entendue par le comité des divorces du Sénat, elle doit adresser un avis à cet effet au greffier du Sénat aux édifices du Parlement, Ottawa, dans les deux mois de la signification faite à la partie défenderesse et donner dans cet avis au greffier du Sénat:

(a) La résidence de la partie défenderesse à l'époque de l'envoi de l'avis.

(b) Une adresse postale en Canada à laquelle les lettres et avis pour la partie défenderesse puissent être délivrés.

(c) Le nom et l'adresse de l'avocat, s'il y en a un agissant pour la partie défenderesse.

(d) Si cet avocat n'a pas d'adresse à Ottawa, le nom et l'adresse de quelque agent le représentant à Ottawa, à qui tous avis et pièces puissent être signifiés.

(6) Si la partie défenderesse ne notifie pas ainsi le greffier du Sénat, la pétition peut être prise en considération, et un bill de divorce basé sur cette pétition peut suivre son cours sans autre avis à la partie défenderesse.

(7) Lorsque la pétition est présentée par un mari pour obtenir le divorce contre sa femme, si celle-ci fait voir au comité d'une manière satisfaisante qu'elle peut opposer et qu'elle est prête à produire sous serment de bons moyens de défense contre les accusations portées dans la pétition, et qu'elle n'a pas l'argent nécessaire pour faire valoir ces moyens, le comité peut rendre un ordre que son mari ait à lui fournir la somme nécessaire pour qu'elle puisse présenter sa défense en retenant les services d'un conseil, payer ses frais de voyage et de séjour et ceux des témoins assignés de sa part à Ottawa.

La pétition en obtention d'un bill de divorce n'est prise en considération par le comité que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de \$210.

La pétition, au moment de sa présentation au Sénat doit être accompagnée de la preuve de la publication d'avis et d'une déclaration établissant qu'une copie de l'avis de la pétition a été signifiée.

Une copie de toute pétition en obtention d'un bill de divorce, ou relative à quelque demande de divorce,—et une copie de tous documents et papiers accompagnant cette pétition, ou à produire devant le comité, devra être fournie par la personne au nom de laquelle la pétition, les documents ou les papiers seront présentés ou produits.

A. E. BLOUNT,
Greffier du Sénat.

SENAT.

Avis de bills privés.

EXTRAIT DES RÈGLES DU SÉNAT.

107. Toute demande au Parlement, pour obtenir un bill privé, de quelque nature qu'il soit, doit être annoncée par avis inséré à la *Gazette du Canada*; cet avis doit indiquer d'une manière claire et précise la nature et l'objet de la demande, être signé par les pétitionnaires ou en leur nom et contenir l'adresse des signataires; et si elle a pour objet l'obtention d'un acte constitutif, il faut donner aussi dans l'avis le nom de la compagnie projetée.

Outre l'avis à insérer dans la *Gazette du Canada*, il doit en être publié un semblable, comme il suit:—

A) Lorsque la demande a pour objet l'obtention d'un acte constituant en corporation,—

1. Une compagnie de chemin de fer ou de canal,—dans un des principaux journaux de la principale cité ou ville ou le principal village de chaque comté ou district par où passerait le chemin de fer ou le canal dont la construction est projetée;

2. Une compagnie de télégraphe ou de téléphone,—dans un des principaux journaux de la principale cité ou ville de chaque province ou territoire où elle se propose d'opérer;

3. Une compagnie pour la confection de travaux quelconques, dont la confection ou l'exploitation intéresserait spécialement telle localité particulière; ou une compagnie tendant à obtenir des droits ou privilèges exclusifs, ou l'autorisation de faire une chose dont l'opération pourrait porter atteinte aux droits ou à la propriété d'autrui,—dans un des principaux journaux de l'endroit ou des endroits que l'acte demandé intéresse;

4. Une compagnie de banque; une compagnie d'assurance; une compagnie de crédit; une compagnie de prêt; ou une compagnie industrielle, sans pouvoirs exclusifs,—dans la *Gazette du Canada* seulement.

5. Et si les travaux d'une compagnie (constituée ou à constituer) doivent être déclarés d'utilité générale pour le Canada, cette intention sera spécifiquement

mentionnée dans l'avis; et les requérants feront envoyer par lettre enregistrée une copie de cet avis au secrétaire de chaque conseil de comté et de chaque corporation municipale spécialement intéressée dans la construction ou l'exploitation de ces travaux, ainsi qu'au secrétaire de la province dans laquelle ces travaux sont ou seront situés; et la preuve de l'accomplissement de cette prescription par les requérants devra s'établir par une déclaration statutaire.

B) Lorsque la demande a pour objet de modifier un acte existant,—

1. Afin de prolonger une ligne de chemin de fer ou un canal, ou de construire des embranchements qui s'y reliaient, l'avis sera le même, *mutatis mutandis*, que celui pour l'obtention d'un acte constituant en corporation une compagnie de chemin de fer ou de canal;

2. Afin de proroger le délai fixé pour la confection ou l'achèvement d'une ligne de chemin de fer, d'un canal, d'une ligne télégraphique ou téléphonique, ou d'autres travaux quelconques déjà autorisés,—dans un des principaux journaux de l'endroit où la compagnie a son siège ou est autorisée à avoir son siège;

3. Afin d'étendre les pouvoirs d'une compagnie (sans attribution de pouvoirs exclusifs); d'accroître ou de réduire le capital-actions d'une compagnie, ou d'augmenter ou modifier sa faculté d'émettre des obligations ou de faire des emprunts, ou d'effectuer des changements pouvant porter atteinte aux droits ou intérêts des actionnaires, obligataires ou créanciers de la compagnie,—dans un des principaux journaux du lieu de la situation de son siège.

C) Dans tous ces cas, les avis insérés soit à la *Gazette du Canada* ou dans les journaux, doivent se publier au moins une fois par semaine pendant cinq semaines consécutives; et, lorsqu'ils se publient dans les provinces de Québec et du Manitoba, ils doivent être en langue anglaise et en langue française. Il faut envoyer au greffier du Sénat des exemplaires marqués de chaque numéro de tous les journaux contenant l'avis, avec, sur le pli de la feuille, les mots: "*Avis de bill privé*"; ou l'on peut transmettre, au lieu des journaux, une déclaration statutaire que l'avis a été dûment publié.

Tout avis par lettre enregistrée sera déposé à la poste à temps pour parvenir au secrétaire de la province et au greffier de chaque conseil de comté et de chaque corporation municipale cinq semaines au moins avant la considération de la pétition par le comité des Ordres permanents; et une déclaration statutaire établissant le fait du dépôt à la poste sera transmise au greffier du Sénat.

108. Nulle pétition pour la constitution en corporation d'une compagnie de chemin de fer ou d'un canal existant ou autorisé, n'est prise en considération par le comité des Ordres permanents, à moins qu'il n'ait été déposé devant le comité une carte ou un plan indiquant le tracé proposé des travaux ainsi que les comtés ou les districts par où doit passer le chemin de fer, le canal, l'embranchement ou le prolongement qu'on veut construire.

109. Avant d'adresser au Sénat la pétition pour en obtenir la permission de présenter un bill privé ayant pour objet la construction d'un pont de péage, la ou les personnes qui ont l'intention de faire cette pétition doivent, en donnant l'avis prescrit par les règles précédentes mentionner en même temps et de la même manière, les péages qu'elles se proposent de percevoir, l'étendue du privilège, la hauteur des arches, l'espace libre entre les culées ou les piles pour le passage des trains de bois et des bateaux; en outre, mentionner si le pont sera mobile ou non, et indiquer les dimensions de la partie mobile.

110. Aucune pétition en obtention d'un bill privé n'est reçue par le Sénat après les trois premières semaines de la session; aucun bill privé ne peut lui être présenté après les quatre premières semaines de la session; aucun rapport d'un comité permanent ou spécial sur un bill n'est reçu après les six premières semaines de la session.

114. Toute personne qui voudra obtenir un bill privé, si elle se propose de la présenter au Sénat, devra déposer entre les mains du greffier de cette Chambre, huit jours avant la réunion du Parlement, une copie du bill en langue anglaise ou en langue française, avec une somme d'argent suffisante pour en payer la traduction, laquelle sera faite par les

traducteurs du Sénat, et payer l'impression de 600 exemplaires anglais et de 200 exemplaires français; elle aura pareillement à verser entre les mains du greffier du Sénat, aussitôt après la deuxième lecture du bill, et avant la prise en considération par le comité auquel il aura été renvoyé, une somme de \$200, avec les frais d'insertion de l'acte au corps des Statuts; et elle remettra au commis-greffier du comité un reçu constatant le versement de ces sommes.

A. E. BLOUNT,
Greffier du Sénat.

8. No claim shall be so relocated by or on behalf of the former holder thereof within thirty days of its being so abandoned or forfeited, nor until after notice of such abandonment or forfeiture has been posted up for at least a week in a conspicuous place on the claim and in the office of the mining recorder, nor until a statutory declaration has been filed with the mining recorder that the notice has been so posted.

9. The mining recorder may mark out a space of ground for deposit of leavings and deads from any tunnel, claim or mining ground, upon such terms as he may think just.

11. Where a claim has been recorded under any name, and the owner or his agent is desirous of changing the same, the mining recorder may, upon application being made by such owner or agent, and upon payment of a fee of \$25, amend the record accordingly: Provided, however, that such change of name shall not in any way affect or prejudice any proceedings or execution against the owners of the said claim.

WHERE AND BY WHOM CLAIMS MAY BE ACQUIRED.

12. Every person eighteen years of age, or over, but not under, shall have the right personally, but not through another except as provided in section 48 of these regulations, to enter, locate, prospect, and mine upon any vacant Dominion lands for the minerals defined in these regulations, and upon all lands the right whereon to enter, prospect, and mine such minerals has been, or hereafter shall be reserved to the Crown, and also to enter, locate, prospect and mine for gold and silver upon any lands the right whereon so to enter and mine such gold and silver has been, or shall be reserved to the Crown.

13. Excepting, however, lands situated in the province of British Columbia (with the exception made in section 1 of these regulations), and excepting also any land occupied by any building, and any land falling within the curtilage of any dwelling house, and any orchard, and any land valuable for water power purposes, or for the time being actually under cultivation, unless with the written consent of the owner, lessee or locatee or of the person in whom the legal estate therein is vested, and any land on which is situated any church or cemetery, and any land lawfully occupied for mining purposes, and excepting also Indian Reserves, Dominion Forest Parks and military, naval, quarantine or other like reservation made by the Government of Canada.

14. No person shall enter upon for mining purposes, or shall mine upon lands owned or lawfully occupied by another until he has given adequate security, to the satisfaction of the mining recorder, for any loss or damage which may be thereby caused, and persons so entering, locating, prospecting or mining upon any such lands shall make full compensation to the owner or occupant of such lands for any loss or damage so caused, such compensation, in case of dispute, to be determined by a court having jurisdiction in mining disputes.

SIZE OF CLAIMS AND NUMBER WHICH MAY BE ACQUIRED.

15. Any person desiring to locate a mineral claim shall, subject to the provisions of these regulations with respect to land which may be located for such purpose, and having discovered mineral in place within the area proposed to be located by him as a mineral claim, enter upon the same and locate a rectangular plot of ground not exceeding 1,500 feet in length by 1,500 feet in breadth, and subject in extent to the rights acquired to any claim or claims previously located in the vicinity, on which such location may encroach. Where a number of contiguous claims have been located, priority of location shall be deemed to convey priority of right to the claims so located, but no locator shall have any prior rights unless and until he has located his claim in accordance with the provisions of these regulations. Priority of right, however, shall in all cases be subject to the claim being recorded within the delays specified in these regulations, and subsequently maintained in good standing. All angles shall be right angles, except in cases where a boundary line of a previously located claim is adopted as common to both locations, but the boundaries need not necessarily be due north, south, east and west lines. In defining the size of a mineral claim it shall

be measured horizontally, irrespective of the inequalities of the surface of the ground.

16. Any person of the prescribed age having discovered mineral in place, and desiring to locate a fractional mineral claim embracing such discovery, shall, subject to the provisions of these regulations with respect to land that may be located for such purpose, enter upon the same and locate any plot of ground lying between and bounded on opposite sides by previously located mineral claims and known by the locator to measure less than 1,500 feet in length by 1,500 feet in breadth as a fractional mineral claim; such fractional mineral claim need not be rectangular in form and the angles need not necessarily be right angles, and the lines of the previously located mineral claims, whether surveyed or not, between which the fractional mineral claim is located, may be adopted as the boundaries of the fractional mineral claim.

17. No person shall be entitled to acquire in his own name, or in the name of any other person for his benefit, more than one mineral claim on the same vein or lode, except by assignment, but he may locate a claim on each separate vein or lode on which he may have made independent discovery.

18. The Minister may grant a location for the mining of iron and mica, not exceeding 160 acres in area, which shall be bounded by due north and south and east and west lines, and its breadth and length shall be equal. Provided that should any person making any application purporting to be for the purpose of mining iron or mica thus obtain possession of a valuable mineral deposit other than iron or mica, his right to such deposit shall be restricted to the area hereinbefore prescribed for other minerals, and the rest of the location in so far as such valuable deposit is concerned, shall thereupon remain in the Crown for such disposition as the Minister may direct.

19. The grant issued for such a location shall include the right to the iron and mica only, and shall not include the surface.

20. Provided also that all the requirements as to the location and survey of claims contained in these regulations shall govern such locations as far as they can be made to apply, and provided also that the amount to be expended each year in representation work, or to be paid in lieu thereof, shall be double the amounts prescribed in sections 55 and 56 of these regulations.

HOW A CLAIM SHALL BE STAKED.

21. Every claim shall be marked on the ground by two legal posts firmly planted in the ground, one at each extremity of the location line, which shall be known as location post No. 1 and location post No. 2, also by one legal post which shall be called 'discovery post.' The location line may have any bearing or direction, but must be a straight line measured horizontally between the location posts, the distance between post No. 1 and post No. 2 shall not exceed 1,500 feet, but it may be less. (See figures 1 and 2.)

22. The inscriptions to be placed on these posts shall be and remain clearly and legibly marked by knife, marking iron or crayon, but not so as to become illegible or obliterated.

23. On location post No. 1 on the side facing in the direction of location post No. 2 shall be marked, beginning near the top of the portion faced and extending downward, the following:—

- (1) No. 1;
- (2) The name given to the claim;
- (3) The letter indicating the direction of location post No. 2—'N' for north or northerly, 'S' for south or southerly, 'W' for west or westerly, and 'E' for east or easterly;
- (4) The number of feet lying to the right and the number of feet lying to the left of the location line—'R' for right and 'L' for left;
- (5) The month and date of the month upon which the location was made;
- (6) The year;
- (7) The name of the person locating the claim. (See figure 3.)

24. On location post No. 2 shall be marked on the side of that post facing in the direction of location post No. 1, beginning near the upper end of the portion faced and extending downward, the following:—

- (1) No. 2;
- (2) The name given to the claim;
- (3) The month and date of the month upon which the location was made;
- (4) The year;
- (5) The name of the person locating the claim. (See figure 4.)

25. The locator standing at location post No. 1 and facing in the direction of post No. 2 shall have the right and left of the location line to his right and left respectively.

26. Where the location line intersects the lode or vein upon which mineral has been discovered in place the discovery post shall be planted, and shall be marked with the letters 'D. P.' and the name given to the claim. (See figures 5, 6, 7 and 8.)

27. The markings on the location posts of a fractional claim shall be the same as those upon a claim of the full size, with the addition of the letter 'F' for fractional immediately below the name given to the claim, and below this the length of the location line in feet. On the discovery post of such a claim the letter 'F' shall also be placed.

28. In case it is found impossible, owing to the presence of water or other insurmountable obstacle, to set out post No. 2 in its proper position at one end of the location line, the locator may set up a 'witness post' on the location line as near as possible to where post No. 2 should have been placed, and upon this witness post he shall place, in addition to that already prescribed in these regulations to be placed on post No. 2, the letters 'W. P.' and the distance in feet and the direction of the point at which post No. 2 would have been placed had it been possible to do so.

29. If a locator, however, marks his location by means of a witness post and it is subsequently ascertained, to the satisfaction of the Minister, that such action was not necessary, and that it was possible at the time to set post No. 2 in its proper place on the location line, then such witness post shall be considered and dealt with as location post No. 2 of the claim and shall be regarded as the termination of the location line. Location post No. 1, however, shall not under any circumstances be marked with a witness post.

30. When the claim has been located the locator shall immediately mark out the location line joining post No. 1 with post No. 2 so that it may be distinctly seen at every point throughout its entire length. In a timbered locality the line shall be opened up throughout its length by cutting away trees and brushwood and removing obstructions, and trees and brushwood likely to obstruct a clear view of the line throughout its entire length or of the posts marking the claim shall be removed. The trees at each side of and adjoining the location line shall also be marked by placing on each tree three blazes, one blaze on each tree facing the location line and one blaze on each side of the tree in the direction of the said line. In a locality where there is neither timber nor underbrush the locator shall set legal posts or erect monuments of earth or rock, not less than eighteen inches high and three feet in diameter at the base, so that such line may be distinctly seen throughout its entire length.

31. The sides of a mineral claim located as of the full size shall be parallel to the location line of such claim, subject, however, to any claims previously located, and the ends of a mineral claim shall be at right angles to the location line, subject, however, to interference with claims already located. The location line may form one of the sides of a mineral claim, or a portion of the location may lie on either side of such line, provided, however, that the number of feet lying to the right of the location line and the number of feet lying to the left of such location line shall not together exceed in all 1,500 feet.

33. All the particulars required to be put on No. 1 and No. 2 posts shall be furnished by the locator to the mining recorder in writing, at the time the claim is recorded, and shall form a part of the record of such claim. The locator shall submit with his application a plan showing, as nearly as possible, the position of the location applied for in its relation to the prominent topographical features of the district and to the adjoining claims, or some other known point; also the position of the stakes by which the location is marked on the ground.

REMOVING OR DEFACING POSTS.

34. It shall not be lawful to move post No. 1, but post No. 2 may be moved by a Dominion land surveyor when it is found upon making the survey that the distance between post No. 1 and post No. 2 exceeds 1,500 feet in order to place post No. 2 at a distance of 1,500 feet from post No. 1 on the line of location. When the distance

between post No. 1 and post No. 2 is less than 1,500 feet a Dominion land surveyor has no authority to extend the claim beyond post No. 2.

35. It shall not be lawful for any person to move any location post or to deface or to alter in any manner the notices on the same.

36. Any person removing or disturbing with intent to remove any legal post, stake, picket or other mark placed under the provisions of these regulations or defacing or altering in any manner the notices on any of the legal posts placed thereon under these regulations, shall on summary conviction be liable to a fine not exceeding \$100 and costs; and in default of payment of the fine and costs to imprisonment for any period not exceeding six months.

37. When a fractional mineral claim has been located between previously located and unsurveyed mineral claims, and when any such previously located mineral claims are surveyed, if any of the posts of the fractional mineral claim are found to be on the previously located mineral claims, the location of such fractional mineral claim shall not be invalid by reason of the location posts of the fractional mineral claim being on such previously located mineral claims, and the owner of such fractional mineral claim may, by obtaining the permission of the mining recorder of the district, move the posts of the fractional mineral claim and place them on the surveyed line of the adjoining previously located mineral claims.

38. Nothing in these regulations, however, shall be construed to prevent Dominion land surveyors in their operations from taking up posts or other boundary marks when necessary.

RECORDING.

39. Every person locating a mineral claim shall record the same with the mining recorder of the district within which the same is situate within fifteen days after the location thereof if located within ten miles of the office of the said recorder. One additional day shall be allowed for such record for every additional ten miles or fraction thereof. Such record shall be made in a book to be kept for the purpose in the office of the said mining recorder in which shall be inserted the name of the claim, the name of the locator, the locality, the direction and length of the line from post No. 1 to post No. 2, the date of the location, and the date of record. Such record shall be, as nearly as may be possible, in the form 'B' in the schedule of these regulations, which form, duly completed and signed, shall be given by the mining recorder to the locator or his agent. A claim which shall not have been recorded within the prescribed period shall be deemed to have been abandoned and forfeited, without any declaration of cancellation or abandonment on the part of the Crown.

40. In the event of the claim being more than one hundred miles from the recorder's office, and situated where other claims are being located, the locators, not less than five in number, are authorized to meet and appoint one of their number an 'emergency recorder.'

41. The emergency recorder shall, at the earliest possible date after his appointment, notify the Government mining recorder for the district in which the claims are of such appointment, and he shall deliver to such mining recorder the applications which he may have received for mineral claims and the fees which he may have collected for recording the same. The Government mining recorder shall then grant to each person from whom the emergency recorder has accepted an application and a fee an entry for his claim in the form 'B' of these regulations, provided such application was made in accordance with the provisions of these regulations on form 'A' or 'A-1' thereof. The entry to date from the day the emergency recorder accepted the application and fee. If the emergency recorder fails within four months to notify the Government mining recorder of his appointment, or to deliver to him the applications received and the fees collected, entry for such claims may be refused in the discretion of the Minister.

42. No mineral claim shall be recorded without the application being accompanied by an affidavit or solemn declaration made by the applicant on form 'A' of these regulations, or if it be a fractional claim in the form 'A-1.'

43. Provided that failure on the part of the locator of a mineral claim to comply in every respect with the foregoing provisions shall not be deemed to invalidate such location, if upon the facts it shall appear to the satisfaction of the mining recorder that such locator has actually discovered mineral in place on the location, and has staked out such location as nearly as possible in the manner prescribed, and that there has been on his part a *bona fide* attempt to comply with all the provisions of these regulations, and that the non-observance of any of the formalities hereinbefore referred to is not of a character calculated to mislead other persons desiring to locate claims in the vicinity. The mining recorder may, however, before granting entry require the locator to immediately remedy any material defaults committed in the observance of the formalities required by these regulations in respect of the location of a mineral claim, and if such defaults are not remedied within a period to be fixed by the mining recorder, and to his satisfaction, entry may be refused.

44. A locator shall not be entitled to a record of a mineral claim until he shall have furnished the mining recorder with all the particulars necessary for such record.

45. The record of a mineral claim shall be made at the office of the mining recorder of the district in which the claim is situated, but the application may be made to an agent or a sub-agent of Dominion lands to be forwarded to the mining recorder for the district in which the claim is situated. The date upon which the application and fee may be received in the office of the mining recorder for the district in which the claim is situated, however, shall govern, and shall be considered the date of the application.

46. Where a tunnel is run for the development of a vein or lode the owner of such tunnel shall, in addition to any mineral claim legally held by him, have the right to all veins or lodes discovered in such tunnel, provided that the ground containing such veins or lodes be marked out by him as a mineral claim, and provided further, that such veins or lodes are not included in any existing mineral claim. Any money or labour expended in constructing a tunnel to develop a vein or lode shall be deemed to have been expended on such vein or lode.

47. Any person upon satisfying a mining recorder that he is about to undertake a *bona fide* prospecting trip to a distant part of the district, may receive written permission from the mining recorder to record at his own risk a claim within the mining district at any time within a period not exceeding six months from the date upon which such written permission was given.

48. No record shall be granted for a claim which has not been staked by the applicant in person in the manner specified in these regulations: Provided that if any person satisfies the mining recorder that he is about to undertake a *bona fide* prospecting trip to a distant part of the district, and files with the mining recorder in advance a power of attorney from any number of persons, not exceeding two, authorizing such person to stake claims for them in consideration of their having enabled him to undertake the trip, he may stake one claim in the name of each such person upon any lode or vein upon which he may make independent discovery.

49. The holder of a mineral claim shall be entitled to all minerals to which these regulations apply, the property of the Crown, which may lie within his claim, but he shall not be entitled to mine outside the boundary lines of his claim continued vertically downwards.

50. Any location made upon Sunday or any public holiday shall not for that reason be invalid.

51. The interest of a grantee of a mineral claim shall, prior to the issue of a lease, be deemed to be a chattel interest, equivalent to a lease of the minerals in or under the land for one year, and thence from year to year, subject to the performance and observance of all the terms and conditions of these regulations.

ABANDONMENT.

52. A holder of a mineral claim may at any time abandon the same or relinquish his lease thereof, provided he has complied in every respect with the provisions of the regulations, and that all payments on account of rental or other liability to the Crown, due by him in connection with such claim, have been fully made. Notice in writing of his intention to abandon shall be given to the mining recorder, and from the date of the record of such notice all interest of such holder in such claim shall cease.

53. When the holder of a mineral claim abandons it he shall have the right to take from the same any machinery and any personal property which he may have placed on the claim, and any ore which he may have extracted therefrom, within such time as shall be fixed by the mining recorder, provided all payments due on account of rental or other liability to the Crown in connection with the claim have been fully made.

GROUPING.

54. Adjoining claims, not exceeding eight in number, may be worked by the owners thereof in partnership upon filing a notice of their intention with the mining recorder and upon obtaining a certificate according to form 'E' of these regulations. This certificate will allow the holders thereof to perform on any one or more of such claims all the work required to entitle him or them to a certificate of work for each claim so held by him or them. If such work shall not be done, or if payment shall not be made in lieu thereof as prescribed in section 56 of these regulations, the claims shall be deemed to be vacant and abandoned without any declaration of cancellation or forfeiture on the part of the Crown.

REPRESENTATION.

55. Any person having duly located and recorded a mineral claim shall be entitled to hold it for the period of one year from the date of recording the same, and thence from year to year without the necessity for re-recording: Provided, however, that

during each year and each succeeding year such locator shall do, or cause to be done, work on the claim itself to the value of \$100, and shall within fourteen days after the expiration of the year, satisfy the mining recorder that such work has been done, by an affidavit in the form 'C' of these regulations, and setting out a detailed statement of such work, and shall obtain from the mining recorder a certificate of such work having been done on form 'D' hereto. Provided also that all work done outside of a mineral claim with intent to work the same shall, if such work has direct relation and be in direct proximity to the claim, be deemed, if to the satisfaction of the mining recorder, for the purpose of this section, to be work done on the claim.

56. The holder of a mineral claim may, in lieu of the work required to be done by section 55 of these regulations on a claim each year, pay to the mining recorder in whose office the claim is recorded the sum of \$100, and receive from such mining recorder a receipt for such payment. Such payment and the record thereof in any year shall relieve the person making it from the necessity of doing any work during year in and for which and upon the claim in respect of which such payment is recorded, and he shall be entitled to a certificate of work for the year.

57. If, however, the prescribed amount of work is not done during the year, or if payment is not made in lieu thereof, as provided in section 56 of these regulations, the claim shall, at the expiration of the period of fourteen days provided for, lapse and shall forthwith be open to re-location under these regulations without any declaration of cancellation or forfeiture on the part of the Crown.

58. If the recorded owner of a fractional mineral claim furnishes evidence, to the satisfaction of the mining recorder, that the area of such claim is less than twenty-five acres, the expenditure required to be incurred each year in mining operations on such fractional claim, or the payment to be made in lieu thereof, to entitle the recorded owner to a certificate of work shall be one-half that required under these regulations in respect of a full claim. If, however, upon survey, a fractional claim in connection with which such representations have been made is found to contain twenty-five acres, or more, the recorded owner thereof shall pay to the mining recorder whatever additional amount may be necessary to represent a full claim, with interest, before he shall be entitled to receive a certificate of improvements in connection with such claim.

59. If two or more persons own a claim, each such person shall contribute, proportionately to his interest, to the work required to be done by section 55 of these regulations, and in the event of its being proven to the mining recorder or the gold commissioner, after notice of hearing has been served as directed on all parties interested, that any co-owner has not done so, his interest shall become vested by order of the gold commissioner or mining recorder in the other co-owner or co-owners according to their former interests.

DISPUTES.

60. In case of any dispute as to the location of a mineral claim the title to the claim shall be recognized according to the priority of such location, subject to any question as to the validity of the record itself, and subject, further, to the locator having complied with all the terms and conditions of these regulations.

61. Upon any dispute as to the title to any mineral claim, no irregularity happening previous to the date of the record of the last certificate of work shall affect the title thereto, and it shall be assumed that up to that date the title to such claim was perfect, except upon suit by the Attorney General of Canada based upon fraud.

62. Whenever through the acts or default of any person other than the recorded owner of a mineral claim or his agent by him duly authorized, the evidence of the location or record on the ground, or the situation of a mineral claim has been destroyed, lost or effaced, or is difficult of ascertainment nevertheless effect shall be given to same as far as possible, and the court shall have power to make all necessary inquiries, directions and references in the premises, for the purpose of carrying out the object hereof, and vesting title in the first *bona fide* acquirer of the claim.

63. No person shall suffer from any acts of omission or commission, or delays on the part of any Government official, if such can be proven.

TITLE.

64. Payment may be made to the mining recorder of the sum of \$500 in lieu of expenditure on a claim of the ordinary size, and in the case of a claim of excessive size, acquired under the provisions of section 18 of these regulations, payment may be made of double that amount in lieu of such expenditure. In case payment in lieu of expenditure is made, the recorded owner of the claim shall comply with all other provisions of these regulations, except such as have respect solely to the work required to be done on the claim.

65. Whenever the lawful holder of a mineral claim shall have complied with the following requirements, to the satisfaction of the mining recorder, he shall be entitled to receive from the recorder a certificate of improvements, form 'F' in respect of

such claim, unless proceedings by the person claiming an adverse right under section 70 of these regulations have been taken:—

(a) Done or caused to be done work on the claim itself in developing a mine to the value of \$500, exclusive of the cost of all houses, buildings and other like improvements, or made payment in lieu as provided in section 56 of these regulations. The value of the work done, as assessed by the mining recorder, and the amount paid and accepted in lieu thereof, shall together be equal to at least \$500. In the case of a fractional claim, however, the work to be done or the payment to be made in lieu thereof shall be that specified in section 58 of these regulations. For the purposes of this section work done on a claim by a predecessor or predecessors in title shall be deemed to have been done by the person who receives a transfer of such claim. The cost of the survey, not to exceed \$100, however, may be counted as work done on the claim: Provided it has been accepted in lieu of representation work;

(b) Found a vein or lode within the limits of such claim;

(c) Had the claim surveyed at his own expense in accordance with instructions from the Surveyor General, by an authorized Dominion land surveyor, and had the survey thereof duly approved;

(d) Shall have posted in some conspicuous part of the land embraced in the survey a copy of the plan of the claim signed and certified as accurate under oath by the surveyor, and a legible notice in writing in form 'G' of the schedule of these regulations, of his intention to apply for a certificate of improvements, and shall also have posted a similar notice in the mining recorder's office, and such notice shall contain:—

(1) The name of the claim;

(2) The name of the lawful holder thereof;

(3) His intention to apply for a certificate of improvements at the end of sixty days for the purpose of obtaining a lease;

(4) The date of the notice.

(e) Inserted a copy of such notice in a newspaper published in and circulating in the district in which the claim is situated (such paper to be approved by the mining recorder) for at least sixty days prior to such application, which insertion can be made at any time after the posting of the notice on the claim. If no paper is published in the district, then the notice shall appear in the nearest published paper;

(f) Shall have filed with the mining recorder a copy of the surveyor's original plan of the claim, signed and certified as accurate under oath by the surveyor, immediately after posting the notice on the claim of his intention to apply for a certificate of improvements;

(g) Filed with the mining recorder an affidavit of the holder of the claim, or his duly authorized agent, in the form 'H' in the schedule of these regulations;

(h) At the expiration of the term of the said publication, provided no action shall have been commenced and notice thereof filed with the mining recorder, he shall forward to the owner or agent the certificate of improvements issued, and to the department a copy thereof, together with the several documents referred to above, and a certificate in the form 'I' of the schedule to these regulations showing that the notice provided by subsection (d) of this section, or by section 80 of these regulations, has been posted in his office, and the plan deposited for reference therein from the date of the first appearance of the said notice in the nearest local newspaper and continuously therefrom for a period of at least sixty days, and containing the full Christian and surname of the recorded owner, or of each of the recorded owners, as well as the occupation and respective interest.

(i) A certificate of improvements shall not be issued until a report has been furnished by an officer of the department, or some person satisfactory to the mining recorder, to the effect that upon inspection he was satisfied that the required expenditure in developing a mine had been actually incurred, and that a vein or lode had been found within the limits of the claim. Delay in having an inspection made after the recorded owner of a mineral claim has fully complied with the above requirements shall not render it necessary for such owner to perform further representation work, or make payment in lieu, because of such delay.

66. In case a claim is situated in a remote part of the country, very difficult of access, where other claims have not been recorded, and where other persons are not engaged in prospecting, and where no newspaper is published within a distance of one hundred miles, the Minister may, in his discretion, waive posting of notice on the claim and publication of the same in a newspaper as provided in subsections (d) and (e) of section 65 of these regulations.

67. A certificate of improvements when issued as aforesaid shall not be impeached in any court on any ground except that of fraud.

68. After the issue and recording of such certificate of improvements, and while such certificate shall be in force but a lease not yet issued, it shall not be necessary to do any work on such claim.

69. The holder of a mineral claim for which a certificate of improvements has been granted and recorded shall be entitled to a lease of such claim upon payment being made within three months of the rental and fee prescribed by section 99 of these regulations.

ADVERSE RIGHT.

70. In case any person shall claim an adverse right of any kind, either to possession of the mineral claim referred to in the application for certificate of improvements, or any part thereof, or to the minerals contained therein, he shall, within sixty days after the first publication in the nearest local newspaper of the notice referred to in subsection (e) of section 65 or in section 80 of these regulations (but not later, unless such time shall be extended by special order of the court upon cause being shown) commence legal action to determine the question of the right of possession or otherwise enforce his said claim, and shall file a copy of the writ, information, bill of complaint, or other initiatory proceeding in said action with the mining recorder of the district or mining division in which the said claim is situated within twenty days from the commencement of said action, and shall prosecute the said action with reasonable diligence to final judgment, and a failure to so commence or so to prosecute shall be deemed to be a waiver of the plaintiff's claim. After final judgment shall have been rendered in the said action the person, or any one of the persons entitled to possession of the claim or any part thereof, may file a certified copy of the same in the office of the mining recorder. After the filing of the said judgment, and upon compliance with all the requirements of section 65 of these regulations, such person or persons shall be entitled to the issue to him or to them of a certificate of improvements in respect of the claim or the portion thereof which he or they shall appear from the decision of the court rightly to possess: Provided that this section shall not apply to any adverse claim or action to enforce the same commenced prior to the date of these regulations coming into force, but the same shall be continued in the same manner as if these regulations had not been passed.

71. If an adverse claim shall affect only a portion of the ground for which application is made for a certificate of improvements, the applicant may relinquish the portion covered by the adverse claim, and still be entitled to a certificate of improvements for the undisputed remainder of his claim, upon complying with the requirements of these regulations. When judgment in such case is rendered by the court a memorandum of such judgment shall be entered in the 'record book' by the mining recorder; and if by any judgment the original boundaries of any claim shall be changed, a plan made by a Dominion land surveyor, and signed by the judge by whom the judgment has been given, shall be filed with the mining recorder, who shall forward it to the Department of the Interior.

ADDRESS FOR SERVICE.

72. Every application for a mineral claim, and every other application, and every transfer or assignment of a mineral claim, or of an interest therein, acquired under the provisions of these regulations, shall contain, or shall have endorsed thereon, the place of residence and the post office address of the applicant, transferee or assignee, and his occupation; and no application, transfer or assignment shall be accepted or recorded unless it conforms with this provision.

WHAT ENTRY OR LEASE CONVEYS.

73. The holder of a mineral claim, by entry or by lease, located on vacant Dominion lands shall be entitled to all minerals within the meaning of these regulations found in veins, lodes or rock in place, and whether such minerals are found separately or in combination with each other in, upon or under the lands included in such entry or lease; together with the right to enter upon and use and occupy the surface of the claim, or some portion thereof and to such extent as the Minister may consider necessary, for the efficient and miner-like operation of the mines and minerals contained in the claim, but for no other purpose; including the right to cut free of dues such of the timber on the claim or such portion thereof as may be necessary for the working of the same, but not for sale or traffic, except where such timber has been granted or disposed of prior to the date of entry. The timber agent, however, may permit any person to cut and remove from the claim timber for his own use for mining purposes, when such timber cannot otherwise be had within a reasonable distance, but no such permit shall convey the right to cut or remove timber required by the holder of the claim for his mining operations actually in progress.

74. In the Yukon Territory the timber on a mineral claim shall, subject to the rights existing at the time of the application therefor, be reserved until the mining recorder certifies that the same is required for use in connection with mining operations actually in progress on such mineral claim, when the right to use such timber, or any portion thereof, free of dues, may be given the holder of such mineral claim by the Crown timber and land agent with the approval of the commissioner of the territory. The commissioner, however, may authorize the timber agent to issue a permit to any person to cut and remove from such mineral claim timber required by him for his own use in mining operations when such timber cannot otherwise be obtained within a reasonable distance of the place of his mining operations.

75. A lease of a mineral claim located on lands the surface rights of which have been disposed of but the right whereon to enter, prospect and mine for minerals has been reserved to the Crown, shall convey to the lessee the minerals within the meaning of these regulations found in veins or lodes, or rock in place, and whether such minerals are found separately or in combination with each other, which may be in, upon, or under the land described in the lease, but shall convey no right of entry upon such surface.

76. Where the mineral claim is located on land lawfully occupied under a timber license the lease shall convey the minerals within the meaning of these regulations found in veins or lodes, or rock in place, subject to the provisions of section 14 of these regulations, but shall reserve the timber.

77. A lease of a mineral claim located on lands the surface rights of which have been disposed of, but the right whereon to enter and mine gold and silver has been reserved to the Crown, shall convey to the lessee the right to the gold and silver found in veins or lodes, or rock in place, which may be in, upon, or under the land described in the lease, but shall convey no right of entry upon the surface.

78. A lease of a mineral claim issued under the provisions of these regulations shall reserve to the Crown such right or rights of way and of entry as may be required under any regulations in that behalf now or hereafter in force in connection with the construction, maintenance and use of works for the conveyance of water for mining operations.

SURVEYS.

79. The recorded owner of a mineral claim shall have a survey thereof made at his own expense by a duly qualified Dominion land surveyor under instructions from the Surveyor General within one year from the date upon which notification by the proper officer of the Department of the Interior to do so may be sent to him. Such notification, however, shall not be given until the expiration of at least one year from the date upon which the claim was recorded. If the survey is not made, and if the returns of such survey are not received and approved by the Surveyor General within one year from the date of notification, the entry granted for the mineral claim shall be subject to immediate cancellation in the discretion of the Minister. The owner of a claim may, however, have such survey made at any time after obtaining record without any notification having been sent to him to do so.

80. The cost of the survey of a mineral claim, made in accordance with the provisions of sub-clause (c) of section 65 of these regulations, may be accepted in lieu of representation work on the claim for the year in which the survey is made; and the survey so made shall be accepted as definitely establishing the boundaries of the claim, provided that notice in the form 'J' in the schedule of these regulations of such survey is immediately inserted, for a period of not less than sixty days, in a newspaper published in or circulating in the district in which the claim is situated, such paper to be approved by the mining recorder, and provided further that the owner of the claim prior to the first appearance of this advertisement shall cause to be posted in a conspicuous spot on the claim, and in the office of the mining recorder for the district, a notice in the same form of his intention to advertise the survey of the claim, and also a copy of the plan of the survey prepared and certified correct, under oath, by a Dominion land surveyor. The survey shall be accepted as defining absolutely the boundaries of the claim surveyed, provided it remains unprotested during the period of publication, and provided it has been duly approved by the Surveyor General. If, however, within the time specified the survey is protested the protest shall be heard and decided upon by procedure similar to that provided for in section 70 of these regulations.

81. The surveyor shall accurately define and mark the boundaries of such claim on the ground in full compliance with the instructions issued to him, and shall, on completion of survey forward to the Surveyor General at Ottawa the original field notes and plan signed and certified as accurate under oath. After a certificate of improvements has issued in respect of any claim so surveyed, *prima facie* evidence of its location upon the ground may be given by any person who has seen and who can describe the position of such posts purporting to be marked as aforesaid.

82. In case either post No. 1 or post No. 2 of a mineral claim be on the boundary line of a previously located claim, which boundary line is not at right angles to said location line, the Dominion land surveyor when making the survey may include the fraction so created within the claim which is being surveyed: Provided always that such fraction is available and open to disposal and that the claim including the fraction does not exceed in area 61.65 acres.

83. A Dominion land surveyor when surveying a fractional mineral claim may survey such claim so that it shall contain as nearly as possible all the unoccupied ground lying between the previously located mineral claim as described in the affidavit and sketch furnished by the locator when the claim was recorded, provided that no side of a fractional claim so surveyed shall exceed 1,500 feet in length, and provided also that the area of the claim as surveyed shall be less than 61.65 acres.

84. The surveyor shall, in the discretion of the Surveyor General, connect the survey of the claim with some known point in a previous survey, or with some other known point or boundary, so that the position of the claim may be definitely fixed on the plans of the Department.

85. It shall be the duty of the surveyor, before proceeding with the survey, to examine the application made for the claim and the plan which accompanied such application, and before completing the survey to ascertain by careful examination of the ground, or by all other reasonable means in his power, whether or not any other subsisting claim conflicts with the claim he is surveying, and he shall furnish with his returns of survey a certificate, duly signed by him, in the following form:—

I hereby certify that I have carefully examined the ground included in mineral claim surveyed by me, and have otherwise made all reasonable investigations in my power to ascertain if there was an other subsisting claim conflicting therewith, and I certify that I have found no trace or indication and have no knowledge or information of any such claim except as follows: (if none so state, if any give particulars.)

86. Should the survey of a claim be made and advertised in the manner specified herein before the recorded owner of the claim has sufficiently complied with the regulations to admit of his applying for a certificate of improvements, then the posting and publication of notice of the survey of the claim in the manner indicated shall be accepted as satisfaction of the posting and advertising requirements of section 65 of these regulations, but before a certificate of improvements shall be issued in connection with such a claim all the other requirements of section 65 shall be fully complied with.

TRANSFER OF A MINERAL CLAIM.

87. No transfer of an entry for any mineral claim, or of any interest therein, shall be effectual unless the same is in writing and accompanied by the record of entry (form 'B'), signed by the transferrer, or by his agent authorized in writing, and recorded by the mining recorder; and, if signed by an agent, the authority of such agent shall be recorded before the record of such transfer. The assignment shall be in duplicate, signed and sealed by the assignor in the presence of a witness, who shall furnish proof of execution by affidavit, and when recorded the mining recorder shall return to the assignee one copy thereof with a certificate endorsed thereon that it has been recorded in his office, and retain the other copy.

88. If the record of entry (form 'B') has been lost or destroyed, the mining recorder may, upon receipt of evidence to his satisfaction, supported by the affidavit of the recorded owner or owners, or one of them, if possible, that such is the case, and upon receipt of a fee of \$5 issue a "substitutional" record of entry which shall be so marked, and which shall be as far as practicable a copy of the record of entry (form 'B') originally issued for such claim, which substitutional record shall be endorsed in the manner above prescribed.

89. Every conveyance, bill of sale, mortgage or other document of title relating to any mineral claim for which entry has been granted under the provisions of these regulations shall be recorded with the mining recorder: Provided always, that the failure to so record any such document shall not invalidate the same as between the parties thereto, but such documents as to third parties shall take effect from the date of record, and not from the date of such document.

90. After a lease of a mineral claim has been issued, an assignment of the whole or an undivided interest in such claim shall be filed with the Minister, accompanied by a fee of \$2 and by the lessee's copy of the lease, but no such assignment shall be accepted or registered unless it is unconditional and its execution proved to the satisfaction of the Minister, and unless the regulations in respect of such claim have been fully complied with.

91. If the holder of a mineral claim, after applying for a certificate of improvements shall sell and transfer such claim, upon satisfactory proof of such sale and transfer being made to the mining recorder, the new holder of the claim shall be entitled to a certificate of improvements in his own name.

92. If a transfer shall be made to any person or company after a certificate of improvements shall have been issued, but before a lease has been prepared, upon proper proof of such transfer being made to the satisfaction of the Minister, and upon receipt of a new certificate in the form 'I' of these regulations, the lease may issue to the new holder of the claim.

93. The issue of a lease shall not invalidate any lien which may have been attached to any mineral claim previous to the issuance of such a lease.

ROYALTY.

94. The lease of a mineral claim shall reserve to the Crown such royalty on the sales of the products of the location described in such lease as may from time to time be fixed by Order of the Governor in Council, the royalty to be collected in such manner as may be prescribed by the Minister. The same royalty may be collected on the sales which may be made prior to the issue of a lease.

95. No royalty or export tax shall be charged on gold extracted from a mineral claim in the Yukon Territory, as defined by these regulations, for a period of ten years from the 16th day of May, 1911.

96. No royalty shall be charged on the products of locations granted under the provisions of these or any previous regulations for the mining of iron for a period of twenty years from the 1st day of January, 1908, that is, up to the 1st day of January, 1928, and no reservation shall be made in the leases issued for such locations of a royalty on the sales of the products thereof during that period, that is, up to the 1st day of January, 1928. Provision, however, shall be made in the lease that at the termination of the above period of twenty years, the location described therein shall be subject to whatever regulations in respect of royalty may be made.

97. No royalty shall be charged on the products of copper mining locations up to the 1st day of January, 1921, and no reservation shall be made in the leases issued for such locations of a royalty on the sales of the products thereof during that period. Provision, however, shall be made in such leases that on and after the 1st day of January, 1921, the locations described therein shall be subject to whatever regulations may be made in respect of royalty.

TERM OF LEASE AND RENTAL.

98. The lease shall be for a term of twenty-one years, renewable for a further term of twenty-one years, provided the lessee furnishes evidence to the satisfaction of the Minister that during the term of the lease he has complied in every respect with the conditions of such lease and with the provisions of the regulations, and subject to renewal for additional periods of twenty-one years on such terms and conditions as may be prescribed by the Governor in Council.

99. The rental of a whole or fractional mineral claim granted under a lease shall be \$50, payable in advance within three months after the date upon which a certificate of improvements in connection with the claim may be issued, and no further rental shall become due or payable in connection with such claim until the termination of the above period of twenty-one years. For a renewal of the lease the lessee shall pay in advance the sum of \$200 to cover the rental for a further period of twenty-one years. For the rental of a claim of excessive size, as specified in section 18 of these regulations, the rental shall be \$150 for the first period of twenty-one years, and a rental of \$500 for a renewal period of like duration. The fee for the issue of a lease of a mineral claim shall be \$5.

100. In case payment of the rental and fee for the first term of twenty-one years is not made within the prescribed period of three months from the date of the certificate of improvements, or in case payment is not made of the rental for the renewal term within three months from the date upon which it becomes due, then all right to the claim or to a lease thereof, or to a renewal of such lease, shall absolutely lapse without any declaration of cancellation or forfeiture on the part of the Crown, and such rights shall immediately be and become re-invested in the Crown.

101. The lessee shall not assign, transfer or sublet the rights described in his lease, or any interest therein, without the consent in writing of the Minister being first had and obtained.

102. The lease shall be in such form as may be determined by the Minister, in accordance with the provisions of these regulations.

TREATMENT OF ORES IN CANADA.

103. All grants and leases issued under the provisions of these regulations shall be subject to the provision that all ores or minerals mined from locations described in such grants or leases shall be treated and refined within the Dominion of Canada so as to yield refined metal or other product, suitable for direct use in the arts without further treatment; in default whereof the grant or lease issued for such lands shall

be and become null and void, and the said lands shall forthwith revert to and become re-vested in the Crown freed and discharged of any interest or claim of any other person or persons whomsoever, and shall be open to disposal in such manner as the Minister may decide.

ARBITRATION.

104. In case the surface rights of a mineral claim are covered by a timber license, or by a petroleum, grazing or coal mining lease, or any other form of a terminable grant the lease shall not authorize entry thereon, without the permission of the Minister being first had and obtained, and such permission shall be given subject to such conditions for the protection of the rights of such lessee or licensee as it may be considered necessary to impose.

105. In case the surface rights of a mineral claim have been patented, or have been disposed of by the Crown under any Act or regulation which contemplates the earning of patent for such surface rights, and the lessee of the mineral claim cannot make an arrangement with the owner of such surface rights, or with his agent, or the occupant thereof, for entry upon the location, or for the acquisition of such interest in the surface rights as may be necessary for the efficient and economical operation of the rights acquired under his lease, he may (provided the mineral rights in the land affected with access thereto and the right to use and occupy such portion of the land as may be necessary for the effectual working of the minerals therein have been reserved to the Crown in the original grant of the surface rights) apply to the Minister for permission to submit the matter in dispute to arbitration. Upon receiving such permission in writing, it shall be lawful for the lessee to give notice to the owner, or his agent, or the occupant, to appoint an arbitrator, within a period of sixty days from the date of such notice, to act with another arbitrator named by the lessee, in order to determine what portion of the surface rights the lessee may reasonably acquire.

(a) For the efficient and economical operation of the rights and privileges granted him under his lease;

(b) The exact position thereof; and

(c) The amount of compensation to which the owner or occupant shall be entitled.

106. The notice mentioned in this section shall be according to a form to be obtained upon application to the mining recorder for the district in which the land in question is situated, and shall, when practicable, be personally served on the owner of such land, or his agent, if known, or the occupant thereof, and after reasonable efforts have been made to effect personal service without success, then such notice shall be served by leaving it at or sending it by registered mail to the last known place of abode or address of the owner, agent or occupant, and by posting a copy of the same in the office of the mining recorder for the district in which the land in question is situate. Such notice shall be ten days if the owner or his agent resides in the district in which the land is situate, if out of the district and if in the province or territory, twenty days, and if out of the province or territory, thirty days, before the expiration of the time limited in such notice. If the owner, or his agent, or the occupant of the land refuses or declines to appoint an arbitrator, or when, for any reason, no arbitrator is so appointed in the time limited therefor in the notice provided for by this section, the mining recorder for the district in which the land in question is situate shall forthwith, on being satisfied by affidavit that such notice has come to the knowledge of such owner, agent or occupant, or that such owner, agent or occupant, wilfully evades the service of such notice, or cannot be found, and that reasonable efforts have been made to effect such service, and that the notice was left at the last place of abode or known address of such owner, agent or occupant as above provided, appoint an arbitrator on his behalf.

107. In case two arbitrators cannot agree upon the award to be made, they may, within a period of ten days from the date of the appointment of the second arbitrator select a third arbitrator, and when two such arbitrators cannot agree upon a third arbitrator, the mining recorder for the district in which the land in question is situate shall forthwith select such third arbitrator.

108. All the arbitrators appointed under the authority of these regulations shall be sworn before a justice of the peace to the impartial discharge of the duties assigned to them, and after due consideration of the rights of the owner and the needs of the lessee, they shall decide as to the particular portion of the surface rights which the latter may reasonably acquire for the efficient and economical operation of the rights and privileges granted him under his lease, the area thereof, and the amount of compensation therefor to which the owner or occupant shall be entitled.

109. In making such valuation the arbitrators shall determine the value of the land irrespective of any enhancement thereof from the existence of minerals thereunder.

110. The award of any two such arbitrators made in writing shall be final, and shall be filed with the mining recorder for the district in which the land is situate

within twenty days from the date of the appointment of the last arbitrator. Upon the order of the Minister the award of the arbitrators shall immediately be carried into effect.

111. The arbitrators shall be entitled to be paid a per diem allowance of \$5 together with their necessary travelling and living expenses, while engaged in the arbitration, and the costs of such arbitration shall be in the discretion of the arbitrators.

ADMINISTRATION OF THE ESTATES OF DECEASED OR INSANE MINERS.

112. If the owner of a claim for which a lease has not yet been issued, or if the owner of an interest in such a claim dies, or is adjudged to be insane, the provisions of these regulations as to forfeiture for non-performance of work or payment of fees shall not apply except as hereinafter provided, in the first case, either during his last illness or after his decease, and in the second case, either after he has been so adjudged insane, or, if it appears that the neglect or omission on account or by reason of which such claim would otherwise have been deemed to be forfeited was attributable to his insanity, then during such period prior to his having been adjudged insane as he may have been shown to have been insane.

113. The Minister, or in the case of the Yukon Territory, the commissioner, may limit the period during which all or any interest in any mineral claim, the property of such deceased or insane person, shall be exempt from the provisions of the regulations, which require annual performance of work and payment of fees, and may fix the date upon which the same shall again become subject to all the provisions of these regulations.

114. At the termination of the period fixed the claim shall become subject to all the provisions of these regulations, and if such regulations are not complied with the title thereto shall be absolutely forfeited in the event of the estate of such deceased person being the sole owner of the claim, and the same shall forthwith be open for re-location without any declaration or cancellation of forfeiture on the part of the Crown. In the event, however, of such an estate being a co-owner the interest of the estate shall thereupon *ipso facto* become vested in the other co-owners who have complied with the regulations, in proportion to their respective interests.

115. The Minister, or in the case of the Yukon Territory, the commissioner, may by order from time to time extend the period of such exemption as the necessity of the case may in his opinion demand, provided that in the case of deceased persons the period during which such exemption shall apply shall not extend beyond three years from the date of the death of the deceased.

116. If there is no other legal representative of the estate of any such deceased or insane person the Minister, or in the case of the Yukon territory, the commissioner, may cause the public administrator, or such responsible officer as he may name, to take possession of such property and administer the same subject to the provisions of any ordinance in force respecting the administration of the estates of deceased or insane persons in the province or territory in which the property lies.

117. No exemption of the interest of a deceased or insane owner in any claim shall apply to or exempt any co-owner's interest from the provisions of these regulations, as to the annual performance of work and payment of fees, and the rights of such co-owners shall be entitled to protection provided they do or cause to be done the prescribed representation work and pay the prescribed fees necessary in connection with those interests not exempted from performance of work and payment of fees.

118. Where the estate of a deceased or insane person owns an interest in a claim, and the co-owners who are required to perform work and pay fees have, during the period of such exemption, failed to perform the work required to be done thereon, the interest of such co-owners may, upon such failure being proved to the satisfaction of the mining recorder, after notice of hearing has been served upon all persons interested in the manner prescribed by him, be vested by order of the mining recorder in such estate.

119. Any person receiving from the public administrator or other legal representative of the estate of a deceased or insane person an assignment of a claim that has been exempted from the provisions of the regulations as to performance of work and payment of fees, because of the death or insanity of the owner thereof, shall record such assignment within two months from the date thereof, and after the assignment has been recorded the claim shall again become subject to all the provisions of these regulations. If the assignment is not so recorded the provisions exempting such claim shall cease to apply and the claim shall, at the expiration of the said two months, become absolutely forfeited and shall be open to re-location and entry.

120. Any person receiving from the public administrator, or other legal representative of the estate of a deceased or insane person, an assignment of an interest

in a claim which has been exempted from the provisions of these regulations as to performance of work and payment of fees, because of the death or insanity of the owner thereof, and on which the other co-owner or co-owners are required to perform work and pay fees, shall, within two months from the date of such assignment, record the same and comply with the provisions of the regulations in respect of representation from the day of the recording of such transfer. If the assignment is not so recorded, and if the regulations are not otherwise complied with, the interest in question shall thereupon *ipso facto* become vested in the other co-owner or co-owners in proportion to their respective interests. If the co-owners who are required to perform work and pay fees have failed to do so, the interest of such co-owner or co-owners may, upon such failure being proved to the satisfaction of the mining recorder after notice of hearing has been served upon all persons interested, become vested in the co-owner who has acquired the interest of the estate in such claim, and who may have complied with the provisions of these regulations.

MILL-SITES.

121. The Minister may, in his discretion, grant to the lessee of a mineral claim a lease of a tract of available, unoccupied and unreserved Crown land, not known to contain mineral of commercial value and not exceeding five acres in area, as a mill-site. Lands valuable for water-power purposes shall not be open to lease for this purpose except by authority of the Governor in Council.

122. The mill-site shall be marked on the ground and surveyed in the same manner as a mineral claim, and shall be as nearly as possible in the form of a square, the boundaries being due north and south and due east and west lines. The term of the lease shall be concurrent with the lease of the mineral claim in connection with which the mill-site is applied for, or for such period as the Minister may decide, and the rental shall be at the rate of \$1 an acre per annum, payable yearly in advance from the date of application.

123. In case the mill-site is not utilized as such to the satisfaction of the Minister, within three years from the date of the lease, such lease shall be subject to cancellation in the discretion of the Minister.

TUNNELS AND DRAINS.

124. Any holder of a mineral claim by entry or by lease may, in the discretion of the mining recorder, obtain permission to run a drain or tunnel for drainage or any other purpose connected with the development or working of such claim or mine through any occupied or unoccupied lands, whether mineral or otherwise, upon security being first deposited or given to such mining recorder to his satisfaction for any damage that may be done thereby, and upon such other terms as he shall think expedient.

WATER RIGHTS.

125. The holder of a mineral claim or of any mill-site may obtain a grant to a water right of any appropriated water for any mining or milling purposes, under and in accordance with the provisions of the Irrigation Act, if the right sought to be acquired is within the provinces or territories to which such Act applies. In the Yukon Territory water rights shall be acquired under the provisions of the Yukon Placer Mining Act, or under the provisions of the regulations for the disposal of water for power purposes, according to the purpose for which the water is to be used.

MISCELLANEOUS.

126. No person mining upon any claim shall cause damage or injury to the holder of any claim other than his own by throwing earth, clay, stones or other material upon such other claim, or by causing or allowing water which may be pumped or bailed, or which may flow from his own claim to flow into or upon such other claim under the penalty of not more than \$50 and costs, and in default of the payment of the fine and costs he may be imprisoned for any period of not more than one month.

127. Nothing herein contained shall, save where such intention is expressly stated, be so construed as to affect prejudicially any mining rights and interests acquired prior to the passing of these regulations, and all mining rights and privileges heretofore and hereunder acquired shall, without the same being expressly stated, be deemed to be taken and held subject to the rights of His Majesty, his heirs and successors, and to the public rights of way and water.

128. Affidavits and declarations made under the provisions of these regulations can be made before any persons duly authorized to administer an oath or declaration.

129. The Minister, or any one deputed by him, and the mining recorder shall have the right to enter into or upon and examine any mineral claim or mine within the meaning of these regulations.

130. Nothing herein contained shall be construed to limit the right of the proper authorities in any province, district or territory containing Dominion lands, to lay out, from time to time, public roads across, through, along, or under any ditch, mill-site, water right or mineral claim.

131. Nothing herein contained shall affect any litigation pending at the time of the passage of these regulations.

132. These regulations shall apply also to lands included in Forest Reserves set apart under the provisions of the Dominion Forest Reserves and Parks Act, subject, however, to the following restrictions, but they shall not apply to lands set apart as Dominion Parks:—

(1) A lease under these regulations of lands in a Forest Reserve shall convey the surface and mineral rights of the claim in connection with which the requirements of these regulations have been fully complied with, or a lease of the mineral rights and of such of the surface rights as the Minister may from time to time consider necessary for the efficient and economical working of the mineral rights granted under such lease;

(2) That the grantee or lessee of a mineral claim shall do no unnecessary damage to timber, and will carefully observe all the provisions of all regulations relating to forest reserves.

(3) That no trees on the reserve shall be cut by him without the permission of the Superintendent of Forestry, and that when any trees are so cut, he shall carefully clear the ground of all tops and branches and other debris of such cutting, and shall so dispose of them as to prevent danger from fire in accordance with the instructions of the officer in charge of the reserve. If, in order to dispose of such debris, it is found necessary to burn it, the lessee of the claim shall give due notice of his intention to do so to the officer in charge of the reserve, and before he proceeds to burn such debris, shall obtain the consent of such officer, and shall comply with all the conditions imposed by such officer in regard to such burning;

(4) That the lessee shall clear and at all times keep clear of inflammable material, a space of at least one hundred (100) feet in width surrounding his works or operations;

(5) That any engine operated by the power of steam used by him in connection with his works or operations, shall be fitted with efficient spark arresters which shall at all times be kept in a good state of repair.
